

Countermeasure & Response Administration

Welcome, Ethan Fechter-Leggott (Global Administrator) [logout](#) Login time: 01-14-2015 at 01:55:12 PM EST Version: 2.1

Home > Search Patients/Groups/Travelers

Patients/Travelers Groups

Quick Search

Enter First Name, Last Name or Event Identifier of the patient you wish to find.
Patients will appear after you type at least 2 characters.

Please enter one or more of the search criteria and then click Search button.

Jurisdiction: Event:

Last Name: First Name:

Birth Date: / / Birth Year:

Patient Event Identifier:

Advanced Search

Jurisdiction	Name	Address	City	State	Birth Date	Event / Identifier(s)	Group
0 patient(s) found.							

Note to OMB: This is a search screen only, NOT a data entry screen. Respondents will need to enter their Jurisdiction and the Event only to find their travelers. CDC will not ask states to enter name, birth date, or birth year – the inclusion of these variables is a default of the system we are using, but will not be required nor requested of the respondents.
