

OMB Control Number: 0925-XXXX

Expiration Date: xx/xx/xxxx

Informed Consent Form

Identification of Project

Physical Sciences in Oncology Grantee Survey

Statement of Age of Subject

I state that I am at least 18 years of age and wish to participate in a survey being conducted by the National Cancer Institute, Bethesda, MD 20892.

Purpose

The purpose of this survey is to determine how specific types of professional program involvement may impact a variety of professional outcomes.

Privacy

All information collected in this survey will be kept secure to the extent permitted by law. I understand that the data I provide will be grouped with data that others provide for the purpose of reporting and presentation, and that my name will not be used.

Risks

I understand that the risks of my participation are expected to be minimal in nature.

Benefits, Freedom to Withdraw, & Ability to Ask Questions

I understand that this survey is not designed to help me personally but that the investigators hope to determine how specific types of professional program involvement may impact a variety of professional outcomes. I am free to ask questions or withdraw from participation at any time and without penalty.

Contact Information

For questions regarding the survey or any study-related issues, please contact Nicole Moore (nicole.moore@nih.gov). If you have any technical questions and/or have difficulty accessing the survey please contact Jennifer Sargent by email at jsargent@madrillongroup.com or by telephone at 888-236-9826 (toll-free).

Burden Disclosure: Public reporting burden for this collection of information is estimated be 25 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-xxxx). Do not return the completed form to this address.

Agreement to Consent*

- I have read the information about this study, and I agree to participate in this survey.
- I have read the information about this study, and I do not wish to participate in this survey at this time.

PHYSICAL SCIENCES in ONCOLOGY

Grantee Survey

Thank you for taking the time to complete this survey for the National Cancer Institute (NCI). We are conducting an evaluation of how specific types of professional program involvement may impact a variety of professional outcomes. Your answers to this survey will help provide valuable information that will help NCI make informed future program decisions.

When completing this survey, please think specifically about your experiences with the PS-OC, ICBP, EDNRN, CCNE, TMEN, or MMHCC program, and program components you have used over the last five years. Some of the program components may apply to your specific program more than others. Please read each program component and answer the questions as best you can.

PHYSICAL SCIENCES in ONCOLOGY

Grantee Survey

Have you ever participated in or used any of the following within your consortium or research network during the last five years?
Please check all that apply.

- Annual meetings
- Reading newsletters/emails from the program
- Participating in steering committee meetings
- Receiving a site visit
- Reporting requirements that I track and submit
- Feedback from program officials on progress reports
- Interactions and familiarity with program official(s)
- Participating in working groups
- Attending young investigator meetings
- Participating in network/group activities and projects
- Participating in special issue journals or specialized workshops
- Using additional resources (data coordinating centers, biospecimen resources, data sharing plans)
- All of the above
- None of the above

PHYSICAL SCIENCES

in ONCOLOGY

Grantee Survey

How valuable was each of these program elements to you and your success in the cancer research field? Please rate each one using a five-point scale where 5=Extremely valuable and 1=Not at all valuable.

Annual meetings

Extremely valuable	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	Not at all valuable
	5	4	3	2	1	

Reading newsletters/emails from the program

Extremely valuable	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	Not at all valuable
	5	4	3	2	1	

Participating in steering committee meetings

Extremely valuable	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	Not at all valuable
	5	4	3	2	1	

Receiving a site visit

Extremely valuable	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	Not at all valuable
	5	4	3	2	1	

Reporting requirements that I track and submit

Extremely valuable	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	Not at all valuable
	5	4	3	2	1

Was there one single outcome that your participation in "*Annual meetings*" contributed to the most?

- Making new professional contacts
- Using new professional collaborations in my research
- Working on translational research
- Making research progress towards grant development
- Receiving grant awards
- Working on impactful cancer research
- Developing new infrastructure for cancer research at my institution
- Disseminating my research

Please describe in more detail below how this program element helped lead to this outcome.
