

*Email Initial Contact for Piping Plover Shorebird Communication Needs Survey*

OMB Control Number 1090-0011

Expires: August 31, 2018

Dear Piping Plover Conservation Colleague,

The U.S. Fish and Wildlife Service is asking for your help to improve our customer service for staff and partners collaborating to conserve the Atlantic Coast piping plover breeding population.

Your feedback in this 15-minute voluntary survey will guide our planning process. Your input will ensure we provide meaningful communications guidance and strategies for your work. At the upcoming piping plover workshop in January, we will give you an overview of our communications planning process and invite you to work with us.

If you're willing to take this survey, we ask you to fill it out by (2 weeks from date sent). Please feel free to direct questions to Meagan Racey, 413-253-8558.

Survey link: (insert URL). Directions are provided in each question. Once you complete the survey, the information will be automatically anonymously submitted to Meagan.

We look forward to receiving your feedback.
