

Pre- meeting Survey script to be read:

Hello, My name is _____ from D.J. Case and Associates. You likely received an email that I would be calling regarding the black vulture cattle interaction issue. The Federal agencies involved are interested in getting input and we are reaching out to producers regarding their background knowledge of black vultures and their interactions with livestock. Specifically, to better understand the scope and scale of black vulture depredation on livestock; and gain an understanding of the knowledge of information and tools available for addressing the problem. Would you mind if we ask you some questions?

It is our policy not to use your name or personal information for any other purpose.
