Note:

1. User ID is generated automatically by the system.
2. Once this information is captured by the system it will be automatically populated when the user logs in.

Once user logs in the user is presented with the carousel from which he/she selects the form they wish to complete. The carousel is shown below.

The screenshot displays the ATF eForms web application interface within an Internet Explorer browser window. The browser's address bar shows the URL: `http://ntcitims348.atf.treas.gov:7003/EFormsIIT/faces/eFormsMain.jspx?_afLoop=105683926756100&_afWindowMode=0`. The page header includes the ATF logo and the text "U.S. Department of Justice Bureau of Alcohol, Tobacco, Firearms and Explosives eForms". A user greeting "Welcome, Lenora Williams" and a "Log Out" link are visible in the top right corner. A navigation menu contains links for "Home", "My Profile", "FAQ", "Ask The Experts", and "User Administration".

The main content area features a "My Forms" sidebar on the left with expandable sections for "APPROVED" and "DRAFT". The central area contains a carousel of form cards. The first card is labeled "FORM 6 Part I ATF F 5330.3A". Subsequent cards are partially visible, labeled "Part II 330.3B" and "6 NIA 5330". Below the carousel is a horizontal scrollbar and the text "Form 6 Part I" and "1 of 14".

The footer of the page contains the copyright notice: "© 2011 by www.ATF.gov. All Rights Reserved." The Windows taskbar at the bottom shows the Start button, several application icons, and the system clock displaying "11:02 AM".

Once the user selects the form from the carousel they begin to complete a series of screen based on the forms that they have selected. Once the pages have been completed the applicant will submit the form electronically to ATF. The system will generate a completed pdf of the OMB approved form that was selected.

Examples of the screen shots are below:
