  - 2. **DATA CERTIFICATION** the *Primary Contact* person, the designated authorized official in the recipient organization, is responsible for certifying the accuracy of the data by entering the PIN; and
  - 3. DATA ACCEPTANCE DOL/ETA is responsible for reviewing the certified ETA-9130, communicating with recipients, as necessary, and accepting the report within 10 working days after report certification. If a modification is required, the certification and acceptance processes must be repeated.

#### **Reporting Requirements**

- 1) Submission of the ETA-9130 is required on a quarterly basis. **Reporting quarter end dates shall correspond to the following calendar quarter end dates: March 31, June 30, September 30, and December 31.** A final quarter ETA-9130 is required at the completion of the quarter, encompassing the grant award end date, or at the completion of the quarter in which all funds have been expended, whichever comes first. The final quarter ETA-9130 must be indicated by selecting "YES" in Item 6, Final Report.
- 2) Quarterly reports, including the final quarter report, are required to be submitted *no later than 45 calendar days* after the end of each specified reporting period. The reporting due dates are: May 15, August 14, November 14, and February 14. The deadline for ETA-9130s submissions will not change for holidays or weekends. Our e-reporting system is open 24 hours a day 7 days a week and reports can be submitted at any time. Technical support however is available during normal business hours Monday through Friday.
- 3) A closeout report is required to be submitted **no later than 90 calendar days** after the grant end date. The closeout report is separate from (and additional to) the final quarter report and becomes accessible on-line after submittal of the final quarter report. (The closeout report does not need to be completed until the grant closeout process begins.)
- 4) All financial data is required to be reported **cumulative from grant inception**, through the end of each reporting period. Expenditure data is required to be reported on an **accrual basis**.
- 5) A separate ETA-9130 is required for each program and each fund source (subaccount) awarded to a grant recipient.
- 6) Both cash management and financial status information are required for all reports.

		NOTE: For grant recipients operating on a reimbursement basis, this amount will NOT reflect cash utilized from other fund sources of the recipient organization to pay for subject grant activities, until such funds are drawn down under the subaccount specifically associated with this grant as identified in Item 2.  Enter the cumulative amount of cash disbursed from the cash receipts identified on
10b	Cash Disbursements	10a, as of the reporting period end date. The cash disbursements reported must be all or a portion of the cash receipts reflected on Item 10a. This entry should reflect the sum of actual cash disbursements for direct charges for goods and services, the amount of cash paid out for indirect expenses, and the amount of cash advance payments and payments made to subrecipients and subcontractors. NOTE: Line 10e (Federal Share of Expenditures) will typically be greater than Line 10b due to the inclusion of accruals, for which payment has not been made. If allowable advances made to subrecipients, cause Line 10b to exceed Line 10e, a valid explanation should be provided in Item 13, Remarks. If cumulative entry for this line item is less than previous period cumulative amount, a valid explanation should be provided in Item 13, Remarks.
10c	Cash on Hand (line 10a minus line 10b)	This is an automatic calculation, which is Line 10a (Cash Receipts) minus Line 10b (Cash Disbursements).  The cash on hand amount should represent immediate cash needs. An explanation for the excess cash on hand amount should be provided in Section 13, Remarks.  NOTE: In accordance with Department of Treasury regulations, federal cash must be drawn solely to accommodate immediate needs.
Federal Ex	penditures and Unobligated Balance:	,
10d	Total Federal Funds Authorized	This amount is pre-entered for all grants, except WIA or WIOA formula-funded. This entry should agree with the grant award amount specified in the official grant award document for this subaccount, as identified in Item 2. (Discrepancies must be identified by recipient and corrected, as necessary, by the Grant Officer.)
10e	Federal Share of Expenditures	Enter the cumulative amount of accrued expenditures for allowable costs associated with the funds authorized on Line10d (Total Federal Funds Authorized). DOL/ETA requires reporting on an accrual basis. If the recipient's accounting system is not on an accrual basis, the recipient will not be required to convert its accounting system, but must develop and report such accrual information through best estimates based on an analysis of the documentation on hand (2 CFR 2900.14). Expenditures for reports prepared on an accrual basis are the sum of: actual cash disbursements specified in Line 10b for direct charges for goods and services; the amount of indirect expenses incurred; net increase or decrease in the amounts owed by the non-Federal entity for goods and property received; and services performed by employees, contractors, subrecipients, and other payees, and programs for which no current services or performance are required such as annuities, insurance claims, or other benefit payments. <b>MINUS</b> any rebates, refunds, or other credits.
		Unless cash advances have been made to subrecipients or there is a reduction for rebates, refunds, or other credits, this entry will usually be greater than Line 10b (Cash Disbursements) because accruals (goods and services received but not yet paid for) must be included on this line item. Non-Federal entities must liquidate existing cash advances before requesting additional advances (2 CFR 2900.7). In addition, recipients operating on a reimbursement basis must report all accrued expenditures (including cash disbursements for allowable grant activities) in the quarter in which they occur (no matter what source initially pays the costs.)  NOTE: If cumulative entry for this line item is less than previous period cumulative amount, a valid explanation should be provided in Item 13, Remarks.
10f	Total Administrative Expenditures	An entry is <u>required</u> for this line item for all grants subject to an administrative cost limitation. This line item is a portion of the amount reported on Line 10e (Federal Share of Expenditures.)  Enter the cumulative amount of expenditures for administrative activities. Administrative
		costs must be necessary and reasonable costs (direct and indirect) which are not related

to the direct provision of services to participants, but relate to overall general administrative functions.  Consult the appropriate program rules and regulations and/or grant award specifications for specific definitions and/or limitations on administrative costs. Some grants may be teinfield in the grant agreement as exempt from breaking out administrative costs.  If no data entry is required, a ZERO must be entered.  Enter any obligations incurred, for which an accrued expenditure has not yet been recorded, as of the reporting pend end date.  Unliquidated obligations should include amounts which will become due to subrecipients and contractors. On the final report, this line term should be zero.  The OMB Uniform Guidance defines "Obligation" in 2 CPR 200.71 as follows: "When use in connection with a non-Federal entity's utilization of funds under a Federal award, obligations means orders placed for property and services, contracts and subaward and, and similar transactions during a given period that require payment by the non-Federal entity during the same or a future period." Please refer to 2 CFR 200 and 2 CFR 2001 for additional guidance.
