

## **Supporting Detail in Support of Non-material or Non-Substantive Change to a Currently Approved Collection – OMB Control Number 1615-0082 Form I-90**

### **History:**

On October 21<sup>st</sup>, 2014, USCIS received approval for a revision of the paper and electronic versions of the USCIS Form I-90, Application to Replace Permanent Resident Card, OMB Control Number 1615-0082. USCIS was not able to implement the approved revised paper or electronic versions due to interoperability issues with the USCIS Form G-28, Notice of Entry of Appearance as an Attorney or Accredited Representative (OMB Control Number 1615-0105) that had a revision being processed separately. This delayed the agency's ability to finalize, test and release the I-90 and the anticipated date USCIS expects to make this new version available is April 18<sup>th</sup>, 2015.

### **Action Requested:**

USCIS respectfully requests that OMB consider the action requested via the OMB Form 83C ("Change Request"), with additional explanation following:

- 1) Approve for immediate use the paper version of the I-90 that received OMB clearance on March 11, 2013 and which is dated January 18, 2013. **Term of Clearance:** Approve use to and including April 17<sup>th</sup>, 2015.
- 2) Provide pre-implementation approval for the new paper version of the I-90 that received OMB clearance on December 29, 2014 for use beginning April 18<sup>th</sup>, 2015. **Term of Clearance:** Begin use on April 18<sup>th</sup>, 2015.
- 3) Approve an updated process for collecting signatures of preparers and translators for persons not represented by an attorney or accredited representative within the USCIS ELIS data collection process. **Term of Clearance:** Approve modified collection of signatures of translators and/ or preparers of the form I-90 for respondents not represented by an attorney or accredited representative effective March 30, 2015.
