Privacy Act Statement: This statement is provided pursuant to the Privacy Act of 1974, 5 U.S.C. §552a. The authority for collecting this information is 40 C.F.R. Part 745, and 15 U.S.C. §§2682 and 2684. The information collected on this form will be used to establish the applicant's eligibility for certification to conduct lead-based paint activities and renovations in target housing and child-occupied facilities. Disclosure of this information is voluntary; however, the failure to provide this information may delay or prevent an applicant's certification. This information may be disclosed in appropriate and limited circumstances to: EPA employees, contractors, grantees or others when performing duties that are compatible with the purpose for which this information is collected and when this information is necessary to complete the task; a member of Congress in response to a request made with your consent and on your behalf; to appropriate law enforcement agencies responsible for investigating, enforcing, prosecuting or implementing specific statutes, codes or regulations and this information is relevant to that responsibility; an appropriate adjudicative body when such disclosure is compatible with the purpose for which this information is collected and the EPA or the United States has an interest in the proceeding; and the Department of the Treasury, the General Services Administration, the General Accounting Office and other Federal, State, and Local Agencies for authorized activities related to this information.

Before you mail your application and certification fee, make sure that you have:

- Filled out all applicable sections of the application
- Signed and dated the application
- Made a copy of your application for your files
- Enclosed the appropriate certification fees (check or money order)
 - Make check payable to U.S. EPA
 - Printed "*Lead Program User Fees*" on the check or money order
 - For more information, see the fees section of the instructions

INSTRUCTIONS FOR FIRMS APPLYING FOR CERTIFICATION TO CONDUCT LEAD-BASED PAINT ACTIVITIES AND RENOVATIONS

Firms must apply to the U.S. Environmental Protection Agency (EPA) to be certified (or recertified) to perform renovations, post-renovation dust sampling, or lead-based paint activities (abatement, inspection, or risk assessment), in states, U.S. territories, and all Indian tribal lands administered by EPA. If EPA does not administer the certification program in an area where a firm wishes to work, the firm must apply directly to that state, territory, or Indian tribe for certification. To find out which states are administered by EPA go to website listed below or call the National Lead Information Center at 1-800-424-LEAD (5323):

- For renovation, repair, or painting work (including dust sampling), visit EPA's web page at http://www.epa.gov/lead/pubs/lscp-renovation_firm.htm
- For abatement, inspection or risk assessment, visit EPA's web page at <http://www.epa.gov/lead/abatement.html>

Within **90 days** of receiving a complete request for certification, EPA will approve or disapprove the application. To expedite this process, it is recommended that you submit your application online as instructed below.

These instructions supplement OMB approved form No. 2070-0155, *Application and Instructions for Firms*. Please note that you must apply separately for each application type (i.e., initial certification, re-certification, amending certification, adding jurisdictions, or replacement of a certificate).

How to Apply for Initial Certification

Firms may submit their application and payment online or by mail:

Online:

- Go to www.epa.gov/lead/lscp-renovation.html
- If you have not registered in the Agency's CDX system previously, you will be required to register.
- Once registered, log in, complete the application form, and submit payment online following instructions provided.

By mail:

- Complete, sign, and date EPA form 8500-27 (Rev 09/11). The form can be filled out by hand or by using a fillable form on your computer (www.epa.gov/lead/pubs/firmapp.pdf). Calculate the appropriate fee using the fees schedule provided in these instructions.
- Make your check or money order payable to **U.S. Environmental Protection Agency**, also print "*Lead Program User Fees*" on the check or money order for the fee and mail it with your application to the following address:

U.S. EPA
Lead User Fees
P.O. Box 979072
St. Louis, MO 63197-9000

How to Apply for Re-certification

Firms must be re-certified every five (5) years for renovations and three (3) years for lead-based paint activities (abatement, inspection, risk assessment). You must be recertified by EPA before your current certification expires. EPA therefore recommends that you apply for recertification at least 90 days before your current certification expires. Re-certification can be completed online or by mail. Follow the instructions described in the "Initial Certification" section of these instructions to submit your application. Be sure to complete all sections of the application.

Combined Applications

Firms can apply for certification under the Renovation, Repair, and Painting Rule and Lead-based Paint

Activities Regulations (abatement, inspection, risk assessment) in a single application for a single fee of \$550. For Tribal government entities, the fee is \$20. Firms that apply for these certifications separately will have to pay the appropriate fee for each. The lower fee only applies if a single firm seeks both certifications, for a State or Tribe where EPA implements both programs, in one application.

Note: Firms may only apply to the U.S. Environmental Protection Agency (EPA) to be certified (or recertified) to perform renovations, post-renovation dust sampling, or lead-based paint activities (abatement, inspection, or risk assessment) in states, U.S. territories, and all Indian tribal lands administered by EPA. If EPA does not administer the certification program in an area where a firm wishes to work, the firm must apply directly to that state, territory, or Indian tribe for certification. To find out which states are administered by EPA go to website listed below or call the National Lead Information Center at 1-800-424-LEAD (5323):

- For renovation, repair, or painting work (including dust sampling), visit EPA's web page at http://www.epa.gov/lead/pubs/lscp-renovation_firm.htm
- For abatement, inspection or risk assessment, visit EPA's web page at <http://www.epa.gov/lead/abatement.html#b>

Amended Application

Any change to the information reported to EPA in a firm's most recent certification application must be reported in an amended certification application. There is no cost associated with the submission of an amended certification.

Amended applications can be completed online or by mail. Follow the instructions described in the "Initial Certification" section of these instructions to submit your application online. Amendments by mail should be sent to the following address:

U.S. EPA
P.O. Box 14417
Washington, DC 20044-4417

Replacement of a Certificate

There is a fee of \$15 to replace a certificate. The request for replacement can be completed online or by mail. Follow the instructions described in the "Initial Certification" section of these instructions to submit your request online. If requesting by mail complete only sections A (Application Type), B (Application Fee), C (Applicant Information) and F (Certification Statement) of the application and follow the mailing instructions described in the "Initial Certification" section of these instructions.

Incomplete Application

If any components of your application are missing, your application will become inactive and you will be given 30 days to submit the needed materials. If you do not complete your application within the 30-day period, EPA will return the application package. You may apply again with a complete package, including fee. You may call 1-800-424-LEAD to find out if your application is complete.

Firms Completing Applications for Individuals Under Lead-based Paint Activities (Abatement, Inspection, Risk Assessment)

If the firm is assisting in completing applications for individuals who are applying for certification for lead-based paint activities, please be aware of the following:

- Individuals must have an address and phone number different from the firm's.
- Individuals must sign and date the application.
- The individual's name and discipline should appear on the front of the application fee payment (check or money order), even if it is hand-written, if the firm pays for the individual.
- EPA forwards all correspondence, including approval and certificates, to individuals who have signed the application attesting to their willingness to comply with the work practice standards found at 40 CFR §745.227 and/or at 40 CFR §745.85.

- EPA can forward copies of the individual's approval letter and certificate to the firm upon written request of the applicant; however, the approval letter, identification badge, and certificate remain the property of the individual.

Fees

The fee for applying for certification, re-certification, and other requests is listed in the following schedule.

- If you apply online your fee will be calculated for you based on the fee schedule below.
- If you apply by mail, it is important that you:
 - Calculate fee based on the number of EPA-run jurisdiction(s) in which you plan to operate.
 - If applying for **lead RRP** certification, there is **NO** jurisdictional fee – the certification or re- certification fee is a national certification which covers all jurisdictions where EPA administers the program.
 - If applying for **lead-based paint activities** certification (abatement, inspection, risk assessment), submit a \$35 dollar fee each additional EPA-run state or territory, or all Indian tribal land[s] located in each EPA Region, (e.g., if applying for certification in multiple Indian Tribal lands located in Region 5 and Region 7 you must pay a \$35 fee per Region, or a total of \$70).
 - Write your total fee amount in section B of the application, even if you attach additional sheets of paper listing additional EPA-run jurisdictions.
 - Make the check or money order payable to **U.S. Environmental Protection Agency**.

Fees Schedule

Description	Fee	
	Replacement Certificate	\$15
Renovation Firm Certification	Certification	Recertification
Firm	\$300	\$300
Tribal Firm	\$20	\$20
Combined Renovation and Lead-based Paint Activities Firm Application	\$550	\$550
Combined Renovation and Lead-based Paint Activities Tribal Firm Application	\$20	\$20
Lead-based Paint Activities Certification (Abatement, Inspection, Risk Assessment)	Certification	Recertification
Firm	\$550	\$550
Tribal Firm	\$20	\$20
Combined Renovation and Lead-based Paint Activities Firm Application	\$550	\$550
Combined Renovation and Lead-based Paint Activities Tribal Firm Application	\$20	\$20
Multi-jurisdictional Certification Fee*	\$35 for each additional EPA-run jurisdiction**	

*Multi-jurisdictional certification applies to lead-based paint activities (abatement, inspection, risk assessment) for an applicant applying in more than one EPA-run jurisdiction. This fee does not apply to renovation firm certification.

**An EPA-run jurisdiction includes an EPA-run state, a U.S. territory, or all Indian tribal land(s) in any one EPA Region. (For current listing of EPA-run jurisdictions, see <http://www.epa.gov/lead/abatement.html#b> or call 1-800-424-LEAD.)

Fee Example

If your firm is applying for initial certification for lead-based paint activities (abatement, inspection, risk assessment) in two states and all Indian tribal land(s) in any one EPA Region, your firm is required to pay \$620:

Initial lead-base paint activities (abatement, inspection, risk assessment) firm certification fee	\$550
One additional state fee*	\$ 35
All Indian tribes in one EPA Region fee*	<u>\$ 35</u>
Total Amount Due:	\$620

If your firm is applying for initial certification to conduct renovations and intends to work in multiple states, your firm is required to pay \$300:

Initial renovation firm certification fee	\$300
Additional jurisdiction fee does not apply to renovation certification	<u>\$ 0</u>
Total Amount Due:	\$300

If your firm is submitting a combined application for initial certification in lead-based paint activities (abatement, inspection, risk assessment) **and** renovation, your firm is required to pay \$550:

Initial combined certification fee for lead-based paint activities (abatement, inspection, risk assessment) and renovation	\$550
Total Amount Due:	\$550

**Each certification request for lead-based paint activities (abatement, inspection, risk assessment) includes the fee for one EPA-run jurisdiction. The multi-jurisdiction fee does not apply to renovation certification.*

EPA's Certification Fees Refund Policy

Firms having submitted an application and associated fees for certification or re-certification who wish to withdraw their application prior to Agency approval will receive a fee refund based upon the schedule listed below. **Firms who request a refund more than 10 days after the Agency receives the application will receive only a partial refund.**

Number of Days Following Agency Receipt of Application	Percent Reimbursable (based upon total fees submitted)
up to 10 days	100%
11 to 60 days	75%
61 to 120 days	50%
121 or more days	25%

Note: Refunds will only be made after EPA verifies fee receipt and deposit by the U.S. Treasury.

Firms must notify the Agency in writing in order to qualify for a refund. The date of withdrawal is the date on which the Agency received the withdrawal notification.

EPA will not refund fees after granting a firm certification or re-certification. If your application is disapproved, EPA will not refund fees.

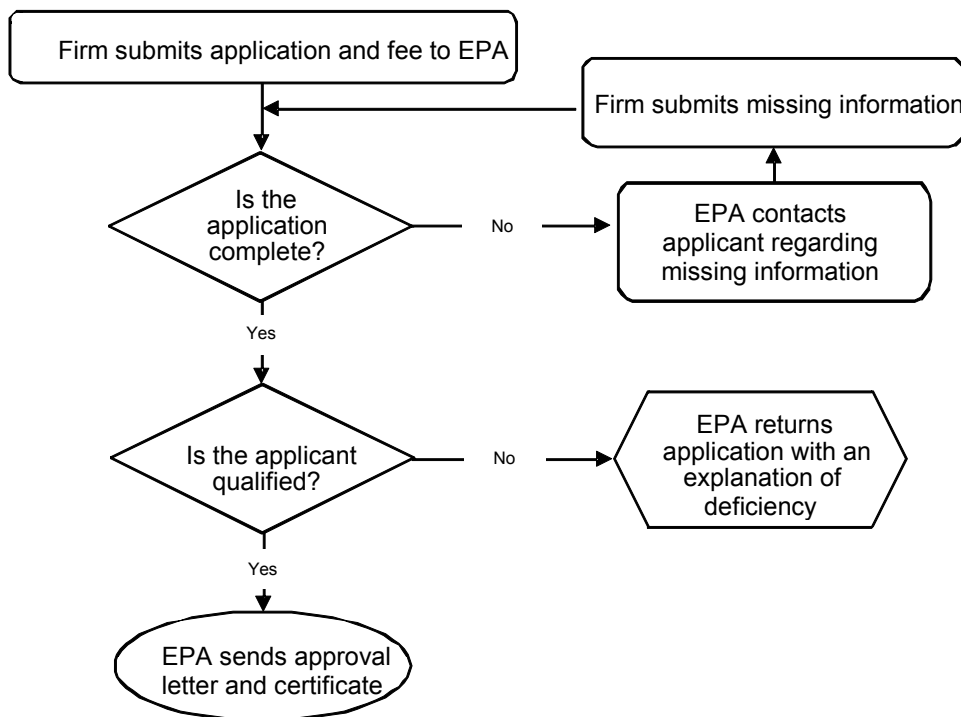

Refunds are not available for replacing a certificate.

Refund and withdrawal requests must be sent to the following address:

U.S. EPA
P.O. Box 14417
Washington, DC 20044-4417

Application Process for Firm Certification

EPA processes applications on a first-come, first-served basis. To expedite this process, it is recommended that you submit your application online. The following flowchart depicts the application process for firm certification. EPA has up to 90 days after receiving a complete request for certification to approve or disapprove the application.
