U.S. PRODUCERS' QUESTIONNAIRE

SILICOMANGANESE FROM AUSTRALIA

This questionnaire must be received by the Commission by December 11, 2015

See last page for filing instructions.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its antidumping investigation concerning silicomanganese from Australia (Inv. No. 731-TA-1269 (Final)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII. This report is mandatory and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your firm's possession (19 U.S.C. § 1333(a)).

PART I.—GENERAL INFORMATION

Background. This proceeding was instituted in response to a petition filed on February 19, 2015, by Felman Production LLC, Letart, West Virginia. Antidumping duties may be assessed on the subject imports as a result of this proceeding if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce makes an affirmative determination of dumping. Questionnaires and other information pertinent to this proceeding are available at http://www.usitc.gov/investigations/701731/2015/silicomanganese australia/final.htm.

<u>Silicomanganese.</u> The scope of this investigation covers all forms, sizes and compositions of silicomanganese, except low-carbon silicomanganese, including silicomanganese briquettes, fines, and slag. Silicomanganese is a ferroalloy composed principally of manganese, silicon, and iron, and normally contains much smaller proportions of minor elements, such as carbon, phosphorus, and sulfur. Silicomanganese is sometimes referred to as ferrosilicon manganese. Silicomanganese generally contains by weight not less than 4 percent iron, more than 30 percent manganese, more than 8 percent silicon and not more than 0.2 percent phosphorus. Silicomanganese is properly classifiable under subheading 7202.30.0000 of the Harmonized Tariff Schedule of the United States ("HTSUS").

Low-carbon silicomanganese is excluded from the scope of this investigation. It is sometimes referred to as ferromanganese-silicon. The low-carbon silicomanganese excluded from this investigation is a ferroalloy with the following chemical specifications by weight: minimum 55 percent manganese, minimum 27 percent silicon, minimum 4 percent iron, maximum 0.10 percent phosphorus, maximum 0.10 percent carbon, and maximum 0.05 percent sulfur. Low-carbon silicomanganese is classifiable under HTSUS subheading 7202.30.0000. The HTSUS subheadings are provided for convenience and customs purposes. The written description of the scope is dispositive.

<u>Reporting of information</u>.-- If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, and/or purchaser questionnaire), you need not respond to duplicated questions.

<u>Confidentiality</u>.--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. §1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

<u>Verification</u>.--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

Release of information.--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. §1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR §207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals. In addition, if your firm is a U.S. producer, the information you provide on your production and imports of silicomanganese and your responses to the questions in Part I of the producer questionnaire will be provided to the U.S. Department of Commerce, upon its request, for use in connection with (and only in connection with) its requirement pursuant to section 702(c)(4)/732(c)(4) of the Act (19 U.S.C. § 1671a(c)(4)/1673a(c)(4)) to make a determination concerning the extent of industry support for the petition requesting this proceeding. Any information provided to Commerce will be transmitted under the confidentiality and release guidelines set forth above. Your response to these questions constitutes your consent that such information be provided to Commerce under the conditions described above.

U.S. Producers' Questionnaire - Silicomangar	anes	Silicomane	nnaire -	Question	Producers'	U.S.
--	------	------------	----------	----------	------------	------

I-1a. <u>OMB statistics</u>.--Please report below the actual number of hours required and the cost to your firm of completing this questionnaire.

Hours	Dollars

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 50 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

I-1b.	<u>TAA information release</u> In the event that the U.S. International Trade Commission (USITC) makes an affirmative final determination in this proceeding, do you consent to the USITC's release of your contact information (company name, address, contact person, telephone number, email address) appearing on the front page of this questionnaire to the Departments of
	Commerce, Labor, and Agriculture, as applicable, so that your firm and its workers can be made eligible for benefits under the Trade Adjustment Assistance program?
	☐ Yes ☐ No

I-2.	Establishments coveredProvide the city, state, zip code, and brief description of each
	establishment covered by this questionnaire. If your firm is publicly traded, please specify the
	stock exchange and trading symbol in the footnote to the table. Firms operating more than one
	establishment should combine the data for all establishments into a single report.

"<u>Establishment</u>"--Each facility of a firm involved in the <u>production</u> of silicomanganese, including auxiliary facilities operated in conjunction with (whether or not physically separate from) such facilities.

PART II.--TRADE AND RELATED INFORMATION

Title Email Telephone

Fax

Further information on this part of the questionnaire can be obtained from Michael Szustakowski (202-205-3169, mgs@usitc.gov). Supply all data requested on a calendar-year basis.

II-1.	Contact information Please identify the responsible individual and the manner by which
	Commission staff may contact that individual regarding the confidential information submitted
	in part II.
	Namo

II-2. Changes in operations.--Please indicate whether your firm has experienced any of the following changes in relation to the production of silicomanganese since January 1, 2012. Please include as an attachment to this questionnaire any contemporary business records (e.g., marketing plans, business plans, management reports, presentations) documenting the reasons for any of the following changes in operations.

(chec	k as many as appropriate)	(please describe)
	plant openings	
	plant closings	
	relocations	
	expansions	
	acquisitions	
	consolidations	
	prolonged shutdowns or production curtailments	
	revised labor agreements	
	other (e.g., technology)	

- II-3. **Product shifting**.—Please provide answers to each of the following questions relating to your firm's ability to shift production between silicomanganese and other products.
 - (a) In relation to furnaces not dedicated 100 percent to the production of silicomanganese, please provide the following information on the other products produced in those furnaces (if more than four products, list the largest).

Product	Costs and timeframes involved in switching production to/from Silicomanganese	Est. share of furnace fleet's production time dedicated to product ¹ (share)
1. Ferromanga	nese	
2.		
3.		
4.		
all of your firm'	n estimated share here that represents how much of the annual average furnaces relates to the production of the listed product in a given manganese if in a year 500 hours are dedicated to ferromanganese e.	year. For example, report 25
	Additional discussion:	
(b)	In relation to those furnaces dedicated 100 percent to the particles silicomanganese since January 1, 2012, could these furnace production of products other than silicomanganese?	
	☐ No ☐ YesAnd at what cost/	time constraint?

II-3.	Prod	uct shifting.—Continue	d
	(c)	•	or operate furnaces not reported in question II-3(a) at all (i.e., not nganese production during the period) that could be converted to licomanganese?
		No	YesAnd at what cost/time constraint?

II-4a. Production capacity using same machinery.-- Please report your firm's production capacity of products made on the same equipment and machinery used to produce silicomanganese, and the combined production capacity on this shared equipment and machinery in the periods indicated.

"Average production capacity" or "capacity" – The level of production that your establishment(s) could reasonably have expected to attain during the specified periods. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup; and a typical or representative product mix). In other words, capacity dedicated to specific products.

"Overall production capacity" or "capacity" – The level of production that your establishment(s) could reasonably have expected to attain during the specified periods. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup). In other words, capacity for the overall furance's productive operations in a period. Overall production capacity is the sum of the average production capacities reported for the individual products produced on the same machinery as silicomaganese.

First define each of the individual furances your firm used to produce silicomanganese since January 2012. Then reporte the average production capacity for those those furances in the specified periods for the specified products.

	gSince January 1, 2012, has your firm been involved in a toll agreement regarding the action of silicomanganese?
matei	agreement"Agreement between two firms whereby the first firm furnishes the raw rials and the second firm uses the raw materials to produce a product that it then returns first firm with a charge for processing costs, overhead, etc.
□ No	YesPlease describe the toll arrangement(s) and name the firm(s) involved
Foreig	gn trade zones
(a)	<u>Firm's FTZ operations</u> Does your firm produce silicomanganese in and/or admit silicomanganese into a foreign trade zone (FTZ)?
	"Foreign trade zone" is a designated location in the United States where firms utilize special procedures that allow delayed or reduced customs duty payments on foreign merchandise. A foreign trade zone must be designed as such pursuant to the rules and procedures set forth in the Foreign-Trade Zones Act.
	No☐ YesDescribe the nature of your firms operations in FTZs and identify the specific FTZ site(s).
	Other firms' FTZ operationsTo your knowledge, do any firms in the United States
(b)	
(b)	import silicomanganese into a foreign trade zone (FTZ) for use in distribution of silicomanganese and/or the production of downstream articles?

II-7.	ImporterSince January 1, 2012, has your firm imported silicomanganese?
	"Importer" – The person or firm primarily liable for the payment of any duties on the merchandise, or an authorized agent acting on his behalf. The importer may be the consignee, or the importer of record.
	No YesCOMPLETE AND RETURN A U.S. IMPORTERS' QUESTIONNAIRE
II-8.	<u>Production, shipment and inventory data</u> Report your firm's production capacity, production, shipments, and inventories related to the production of silicomanganese in its U.S. establishment(s) during the specified periods.
	"U.S. commercial shipments" –Shipments made within the United States as a result of an arm's length commercial transaction in the ordinary course of business. Report <u>net values</u> (i.e., gross sales values less all discounts, allowances, rebates, prepaid freight, and the value of returned goods) in U.S. dollars, f.o.b. your point of shipment.
	"Internal consumption" – Product consumed internally by your firm.
	"Transfers to related firms" – Shipments made to related domestic firms. Such transactions are valued at fair market value.
	"Related firm" —A firm that your firm solely or jointly owns, manages, or otherwise controls. Such transactions are valued at fair market value.
	"Export shipments" – Shipments to destinations outside the United States, including shipments to related firms.

"Inventories" — Finished goods inventory, not raw materials or work-in-progress.

II-8. Production, shipment and inventory data.--

Reconciliation	2012	2013	2014	2014	2015
M + N - D = zero ("0"), if not revise.	0	0	0	0	0

Explanation of trends:

II-10. **Employment data**.--Report your firm's employment-related data related to the production of silicomanganese and provide any explanation for any trends in these data.

"Production Related Workers" (PRWs) includes working supervisors and all nonsupervisory workers (including group leaders and trainees) engaged in fabricating, processing, assembling, inspecting, receiving, storage, handling, packing, warehousing, shipping, trucking, hauling, maintenance, repair, janitorial and guard services, product development, auxiliary production for plant's own use (e.g., power plant), recordkeeping, and other services closely associated with the above production operations.

Average number employed may be computed by adding the number of employees, both full time and part time, for the 12 pay periods ending closest to the 15th of the month and divide that total by 12. For the January to September periods, calculate similarly and divide by 9.

"Hours worked" includes time paid for sick leave, holidays, and vacation time. Include overtime hours actually worked; do not convert overtime pay to its equivalent in straight time hours.

"Wages paid" – Total wages paid before deductions of any kind (e.g., withholding taxes, old-age and unemployment insurance, group insurance, union dues, bonds, etc.). Include wages paid directly by your firm for overtime, holidays, vacations, and sick leave.

	Calendar years			January-September	
Item	2012	2013	2014	2014	2015

III-9a. Operations on silicomanganese.--Report the revenue and related cost information requested below on the silicomanganese operations of your firm's U.S. establishment(s). Do not report resales of products. Note that internal consumption and transfers to related firms must be valued at fair market value. Input purchases from related parties should be consistent with and based on information in the firm's accounting books and records. Provide data for your firm's three most recently completed fiscal years, and for the specified interim periods. If your firm was involved in tolling operations (either as the toller or as the tollee), please contact Justin Jee at 202-205-3186 before completing this section of the questionnaire.

Quanti	ty (<i>in short tons</i>) ar				
	Fisca	al years ended—	-	January-Sep	otember
ltem	2012	2013	2014	2014	2015
Net sales quantities: ²

Total SG&A expenses	0	0	0	0	0
Operating income (loss)	0	0	0	0	0
Other expenses and income: Interest expense					
All other expense items					
All other income items					
Net income or (loss) before income taxes	0	0	0	0	(
Depreciation/amortization included above					

¹ Include only sales (whether <u>domestic or export</u>) and costs related to your <u>U.S. manufacturing operations</u>.

Note.—The table above contains calculations that will appear when you have entered data in the MS Word form fields.

² Less discounts, returns, allowances, and prepaid freight. The quantities and values should approximate the corresponding shipment quantities and values reported in Part II of this questionnaire.

³ COGS (whether for domestic or export sales) should include <u>costs associated with CS, IC, and Transfers.</u>

II-9b.	<u>Financial data reconciliation</u> The calculable line items from question III-9a (<i>i.e.</i> , total net sales quantities and values, total COGS, gross profit (or loss), total SG&A, and net income (or loss)) have been calculated from the data submitted in the other line items. Do the calculated fields return the correct data according to your firm's financial records ignoring non-material differences that may arise due to rounding?
	Yes NoIf the calculated fields do not show the correct data, please double check the feeder data for data entry errors and revise.
	Also, check signs accorded to the post operating income line items; the two expense line items should report positive numbers (<i>i.e.</i> , expenses are positive and incomes or reversals are negativeinstances of the latter should be rare in those lines) while the income line item also in most instances should have its value be a positive number (<i>i.e.</i> , income is positive, expenses or reversals are negative).
	If after reviewing and potentially revising the feeder data your firm has provided, the differences between your records and the calculated fields persist please identify and discuss the differences in the space below.

III-10. Nonrecurring items (charges and gains) included in the subject product financial results.--For each annual and interim period for which financial results are reported in question III-9a, please specify all material (significant) nonrecurring items (charges and gains) in the schedule below, the specific table III-9a line item where the nonrecurring items are included, a brief description of the relevant nonrecurring items, and the associated values (in \$1,000), as reflected in table III-9a; i.e., if an aggregate nonrecurring item has been allocated to table III-9a, only the allocated value amount included in table III-9a should be reported in the schedule below. Note: The Commission's objective here is to gather information only on material (significant) nonrecurring items which impacted the reported financial results of the subject product in table III-9a.

	Fiscal years ended		January-September		
	2012	2013	2014	2014	2015

III-11.	Classification of identified nonrecurring items (charges and gains) in the accounting books and
	records of the companyIf non-recurring items were reported in table III-10 above, please
	identify where your company recorded these items in your accounting books and records in the
	normal course of business; i.e., III-10 information designates where these items are reported in
	table III-9a.

III-12. Asset values. --Report the total assets (i.e., both current and long-term assets) associated with the production, warehousing, and sale of silicomanganese. If your firm does not maintain some or all of the specific asset information necessary to calculate total assets for silicomanganese in the normal course of business, please estimate this information based upon a method (such as production, sales, or costs) that is consistent with your firm's cost allocations in the previous question. Provide data as of the end of your firm's three most recently completed fiscal years.

Note: Total assets should reflect <u>net assets</u> after any accumulated depreciation and allowances deducted.

Total assets should be <u>allocated to the subject products</u> if these assets are also related to other products. Please provide a <u>brief explanation if there are any substantial changes</u> in total asset value during the period; e.g., due to asset write-offs, revaluation, and major purchases.

PRICE DATA

- IV-2. This question requests quarterly quantity and value data for your firm's commercial shipments to unrelated U.S. customers since January 1, 2012 of the following products produced by your firm.
 - <u>Product 1</u>.-- Standard grade (65-68% Mn) bulk silicomanganese sold to distributors under contracts
 - <u>Product 2</u>.-- Standard grade (65-68% Mn) bulk silicomanganese sold to steel producers under contracts
 - <u>Product 3</u>.-- Standard grade (65-68% Mn) bulk silicomanganese sold to distributors as spot sales
 - <u>Product 4</u>.-- Standard grade (65-68% Mn) bulk silicomanganese sold to steel producers as spot sales

Contracts are transactions over a quarterly or longer period, with prices either fixed or indexed to a published price.

Spot sales are transactions to be supplied within approximately two weeks forward in the spot market. (See *Ryan's Notes Price Assessment Methodology*).

Please note that values should be <u>f.o.b</u>, <u>U.S.</u> <u>point of shipment</u> and should not include U.S.-inland transportation costs. Values should reflect the *final net* amount paid to your firm (i.e., should be net of all deductions for discounts, allowances, rebates, prepaid freight, and the value of returned goods).

custor	During January 2012-September 2015, did your firm produce and sell to unrelated U.S. customers any of the above listed products (or any products that were competitive with these products)?							
	YesPlease complete the following pricing data table as appropriate.							
	NoSkip to question IV-3.							
(e.g.,	During January 2012-September 2015, did your firm produce any bulk silicomanganese other (e.g., 72% Mn content) than standard grade from Australia, Georgia, and/or South Africa, and sell to unrelated U.S. customers?							
	YesPlease contact Tana Farrington (<u>Tana.Farrington@usitc.gov</u>) for further instruction.							
	No.							

IV-2(a). <u>Price data</u>.--Report below the quarterly price data¹ for pricing products² produced and sold by your firm.

Contracts are transactions over a quarterly or longer period, with prices either fixed or indexed to a published price.

Report data in actual short tons and actual dollars (not 1,000s). Also report the specific grade(s) (e.g. grade B, grade C) and average manganese content for each product.

	(Quantity i	n short tons, value in a	dollars)

1.					
2.					
3.					

IV-13. **Substitutes.--** Can other products be substituted for silicomanganese?

U.S.	Producers'	Questionnaire -	Silicomanganese

IV-14.	Demand trends. Indicate how demand within the United States and outside of the United
	States (if known) for silicomanganese has changed since January 1, 2012. Explain any trends and
	describe the principal factors that have affected these changes in demand.

Market	Overall increase	No change	Overall decrease	Fluctuate with no clear trend	Explanation and factors
Within the United States					
Outside the United States					

IV-15.	<u>Product changes.</u> Have there been any significant changes in the product range, product mix,
	or marketing of silicomanganese since January 1, 2012?

No	Yes	If yes, please describe and quantify if possible.

IV-16. Conditions of competition.--

(a) Is the silicomanganese market subject to business cycles (other than general economywide conditions) and/or other conditions of competition distinctive to silicomanganese? If yes, describe.

Check all that apply.		Please describe.
	No	Skip to question IV-17.
	Yes-Business cycles (e.g. seasonal business)	
	Yes-Other distinctive conditions of competition	

(b) If yes, have there been any changes in the business cycles or conditions of competition for silicomanganese since January 1, 2012?

No	Yes	If yes, describe.

	- '	-	0.11
U.S.	Producers'	()uestionnaire -	Silicomanganese

IV-17.	<u>Supply constraints.</u> Has your firm refused, declined, or been unable to supply silicomanganese
	since January 1, 2012 (examples include placing customers on allocation or "controlled order
	entry," declining to accept new customers or renew existing customers, delivering less than the
	quantity promised, been unable to meet timely shipment commitments, supply
	agreements/contract disputes, product quality complaints, lack of availability, etc.)?

No	Yes	If yes, please describe.

IV-18. Raw materials.--How have silicomanganese raw materials prices changed since January 1, 2012?

Overall increase	No change	Overall decrease	Fluctuate with no clear trend	Explain, noting how raw material price changes have affected your firm's selling prices for silicomanganese.

IV-19. <u>Interchangeability.--</u>Is silicomanganese produced in the United States and in other countries interchangeable (*i.e.*, can they physically be used in the same applications)?

Please indicate A, F, S, N, or 0 in the table below:

A = the products from a specified country-pair are *always* interchangeable

F = the products are *frequently* interchangeable

S = the products are *sometimes* interchangeable

N = the products are *never* interchangeable

0 = *no familiarity* with products from a specified country-pair

Country-pair	Australia	Georgia	South Africa	Other countries
United States				
Australia				
Georgia				
South Africa				

For any country-pair producing silicomanganese which is *sometimes* or *never* interchangeable, please identify the country-pair and explain the factors that limit or preclude interchangeable use:

IV-20. **Factors other than price.**--Are differences other than price (*e.g.*, quality, availability, transportation network, product range, technical support, *etc.*) between silicomanganese produced in the United States and in other countries a significant factor in your firm's sales of the products?

Please indicate A, F, S, N, or 0 in the table below:

A = such differences are *always* significant

F = such differences are *frequently* significant

S = such differences are *sometimes* significant

N = such differences are *never* significant

0 = no familiarity with products from a specified country-pair

Country-pair	Australia	Georgia	South Africa	Other countries
United States				
Australia				
Georgia				
South Africa				

For any country-pair for which factors other than price *always* or *frequently* are a significant factor in your firm's purchases of silicomanganese, identify the country-pair and report the advantages or disadvantages imparted by such factors:

IV-21. <u>Customer identification</u>--List the names and contact information for your firm's 10 largest U.S. customers for silicomanganese since January 1, 2012. Indicate the share of the quantity of your firm's total shipments of silicomanganese that each of these customers accounted for in 2014.

Customer's name		City	State	Share of 2014 sales (%)
1				
2

8				
9				
10				

IV-22. Competition fr	rom imports
-----------------------	-------------

(a) <u>Lost revenue</u>.--Since January 1, 2012: To avoid losing sales to competitors selling silicomanganese from Australia, did your firm:

	No	Yes
Reduce prices		
Roll back announced price increases		

(b) <u>Lost sales.</u>--Since January 1, 2012: Did your firm lose sales of silicomanganese to imports of this product from Australia?

No	Yes

IV-23.	Other explanationsIf your firm would like to further explain a response to a question in Part IV
	that did not provide a narrative response box, please note the question number and the
	explanation in the space provided below. Please also use this space to highlight any issues your
	firm had in providing the data in this section, including but not limited to technical issues with
	the MS Word questionnaire.

HOW TO FILE YOUR QUESTIONNAIRE RESPONSE

This questionnaire is available as a "fillable" form in MS Word format on the Commission's website

at: http://www.usitc.gov/investigations/title 7/2015/silicomanganese australia/final.htm...

Please do not attempt to modify the format or permissions of the questionnaire document. Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

• <u>Upload via Secure Drop Box.</u>—Upload the MS Word questionnaire along with a scanned copy of the signed certification page (page 1) through the Commission's secure upload facility:

Web address: https://dropbox.usitc.gov/oinv/ Pin: SIMN

• E-mail.—E-mail the MS Word questionnaire to mgs@usitc.gov; include a scanned copy of the signed certification page (page 1). Please note that submitting your questionnaire by e-mail may subject your firm's business proprietary information to transmission over an unsecure environment and to possible disclosure. If you choose this option, the Commission warns you that any risk involving possible disclosure of such information is assumed by the submitter and not by the Commission.

If your firm <u>does not </u>**produce this product**, please fill out page 1, print, sign, and submit a scanned copy to the Commission.

Parties to this proceeding.—If your firm is a party to this proceeding, it is required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (see 19 CFR §207.7). A list of such parties may be obtained from the Commission's Secretary (202-205-1803). A certificate of service must accompany the completed questionnaire you submit (see 19 CFR §207.7). Service of the questionnaire must be made in paper form.
