## FOREIGN PRODUCERS'/EXPORTERS' QUESTIONNAIRE

### LARGE RESIDENTIAL WASHERS FROM CHINA

---

This questionnaire must be received by the Commission by **January 4, 2016**

*See last page for filing instructions.*

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its antidumping investigation concerning large residential washers from China (Inv. No. 731-TA-1306 (Preliminary)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII.

**Name of firm** \_\_\_\_\_

**Address** \_\_\_\_\_

**Website** \_\_\_\_\_

Has your firm produced or exported **large residential washers** (as defined on next page) at any time since January 1, 2012?

**NO** (Sign the certification below and promptly return **only** this page of the questionnaire to the Commission)

**YES** (Complete all parts of the questionnaire, and return the entire questionnaire to the Commission)

**PART I.—GENERAL INFORMATION**

**Background.**--This proceeding was instituted in response to a petition filed on December 16, 2015, by Whirlpool Corp., Benton Harbor, MI. Antidumping duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce makes an affirmative determination of dumping. Questionnaires and other information pertinent to this proceeding are available at:

[http://www.usitc.gov/investigations/title\\_7/2015/large\\_residential\\_washers\\_china/preliminary.htm](http://www.usitc.gov/investigations/title_7/2015/large_residential_washers_china/preliminary.htm)

**Large Residential Washers:** The products covered by this petition are all large residential washers and certain parts thereof. The term “large residential washers” denotes all automatic clothes washing machines, regardless of the orientation of the rotational axis, with a cabinet width (measured from its widest point) of at least 24.5 inches (62.23 cm) and no more than 32.0 inches (81.28 cm), except as noted below.

Also covered are certain parts used in large residential washers, namely: (1) all cabinets, or portions thereof, designed for use in large residential washers; (2) all assembled tubs<sup>1</sup> designed for use in large residential washers which incorporate, at a minimum: (a) a tub; and (b) a seal; (3) all assembled baskets<sup>2</sup> designed for use in large residential washers which incorporate, at a minimum: (a) a side wrapper;<sup>3</sup> (b) a base; and (c) a drive hub;<sup>4</sup> and (4) any combination of the foregoing parts or subassemblies.

**Products Excluded from the Scope of this Investigation**

**(1) Stacked Washer-Dryers & Commercial Washers**

Excluded from the scope are stacked washer-dryers and commercial washers. The term “stacked washer-dryers” denotes distinct washing and drying machines that are built on a unitary frame and share a common console that controls both the washer and the dryer. The term “commercial washer” denotes an automatic clothes washing machine designed for the “pay per use” segment meeting either of the following two definitions:

- (1) (a) it contains payment system electronics;<sup>5</sup> (b) it is configured with an externally mounted steel frame at least six inches high that is designed to house a coin/token operated payment system (whether or not the actual coin/token operated payment system is installed at the time of importation); (c) it contains a push button user interface with a maximum of six manually selectable wash cycle settings, with no ability of the end user to otherwise modify water temperature, water level, or spin speed for a

---

<sup>1</sup> A “tub” is the part of the washer designed to hold water.

<sup>2</sup> A “basket” (sometimes referred to as a “drum”) is the part of the washer designed to hold clothing or other fabrics.

<sup>3</sup> A “side wrapper” is the cylindrical part of the basket that actually holds the clothing or other fabrics.

<sup>4</sup> A “drive hub” is the hub at the center of the base that bears the load from the motor.

<sup>5</sup> “Payment system electronics” denotes a circuit board designed to receive signals from a payment acceptance device and to display payment amount, selected settings, and cycle status. Such electronics also capture cycles and payment history and provide for transmission to a reader.

selected wash cycle setting; and (d) the console containing the user interface is made of steel and is assembled with security fasteners;<sup>6</sup> or

(2) (a) it contains payment system electronics; (b) the payment system electronics are enabled (whether or not the payment acceptance device has been installed at the time of importation) such that, in normal operation,<sup>7</sup> the unit cannot begin a wash cycle without first receiving a signal from a bona fide payment acceptance device such as an electronic credit card reader; (c) it contains a push button user interface with a maximum of six manually selectable wash cycle settings, with no ability of the end user to otherwise modify water temperature, water level, or spin speed for a selected wash cycle setting; and (d) the console containing the user interface is made of steel and is assembled with security fasteners.

**(2) Top Loading “Low-Tech” Residential Washers**

Also excluded from the scope are automatic clothes washing machines that meet all of the following conditions: (1) have a vertical rotational axis; (2) are top loading;<sup>8</sup> (3) have a drive train consisting, *inter alia*, of (a) a permanent split capacitor (PSC) motor,<sup>9</sup> (b) a belt drive,<sup>10</sup> and (c) a flat wrap spring clutch.<sup>11</sup>

**(3) Front Loading “Low-Tech” Residential Washers**

Also excluded from the scope are automatic clothes washing machines that meet all of the following conditions: (1) have a horizontal rotational axis; (2) are front loading;<sup>12</sup> and (3) have a drive train consisting, *inter alia*, of (a) a controlled induction motor (CIM),<sup>13</sup> and (b) a belt drive.

**(4) “Extra-Wide” Residential Washers**

Also excluded from the scope are automatic clothes washing machines that meet all of the following conditions: (1) have a horizontal rotational axis; (2) are front loading; and (3) have cabinet width (measured from its widest point) of more than 28.5 inches (72.39 cm).

---

<sup>6</sup> A “security fastener” is a screw with a non-standard head that requires a non-standard driver. Examples include those with a pin in the center of the head as a “center pin reject” feature to prevent standard Allen wrenches or Torx drivers from working.

<sup>7</sup> “Normal operation” refers to the operating mode(s) available to end users (*i.e.*, not a mode designed for testing or repair by a technician).

<sup>8</sup> “Top loading” means that access to the basket is from the top of the washer.

<sup>9</sup> A “PSC motor” is an asynchronous, alternating current (AC), single phase induction motor that employs split phase capacitor technology.

<sup>10</sup> A “belt drive” refers to a drive system that includes a belt and pulleys.

<sup>11</sup> A “flat wrap spring clutch” is a flat metal spring that, when engaged, links abutted cylindrical pieces on the input shaft with the end of the concentric output shaft that connects to the drive hub.

<sup>12</sup> “Front loading” means that access to the basket is from the front of the washer.

<sup>13</sup> A “controlled induction motor” is an asynchronous, alternating current (AC), polyphase induction motor.

**HTS Tariff Classification of Large Residential Washers**

The products subject to this petition are currently classifiable under subheadings 8450.20.0040 and 8450.20.0080 of the Harmonized Tariff System of the United States (HTSUS). Products subject to this petition may also enter under HTSUS subheadings 8450.11.0040, 8450.11.0080, 8450.90.2000, and 8450.90.6000. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise subject to this petition is dispositive.

**Reporting of information.**-- If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, purchaser and/or foreign producer questionnaire), you need not respond to duplicated questions.

**Confidentiality.**--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. §1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

**Verification.**--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

**Release of information.**--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.

I-1. **OMB statistics.**--Please report below the actual number of hours required and the cost to your firm of completing this questionnaire.

Hours	Dollars

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 20 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

I-2. **Establishments covered.**--Provide the name and address of establishment(s) covered by this questionnaire. If your firm is publicly traded, please specify the stock exchange and trading symbol.

**“Establishment”**-- Each facility of a firm in China involved in the production or export of large residential washers, including auxiliary facilities operated in conjunction with (whether or not physically separate from) such facilities. Firms operating more than one establishment in China should combine the data for all establishments into a single report.

--

I-3. **Related U.S. producers.**--Does your firm or any related firm produce, have the capability to produce, or have any plans to produce large residential washers in the United States or other countries?

- No       Yes--Please name the firm(s) and country(ies) below and, if U.S. producer(s), ensure that they complete the Commission's producer questionnaire.

--

I-4. **Related U.S. importers.**--Does your firm or any related firm import or have any plans to import large residential washers into the United States?

No                       Yes--Please name the firm(s) below and ensure that they complete the Commission's importer questionnaire.

--

I-5. **U.S. importers.**--Please provide the names, street addresses (not P.O. boxes), contacts, telephone numbers, and e-mail addresses of the **FIVE** largest U.S. importers of your firm's large residential washers in 2014.

	Importer's name	Contact person	Email	Telephone	Street address (not P.O. box), city, state, and zip code	Share of your firm's 2014 U.S. exports (%)

II-3. **Anticipated changes in operations.**--Does your firm anticipate any changes in the character of its operations or organization (as noted above) relating to the production of large residential washers in the future?

- No                       Yes--Supply details as to the time, nature, and significance of such changes and provide underlying assumptions, along with relevant portions of business plans or other supporting documentation that address this issue. **Include in the response a specific projection of your firm's capacity to produce large residential washers (in actual units) for 2015 and 2016.**

II-4a. **Production using same machinery.**-- Please report your firm's production of products made on the same equipment and machinery used to produce large residential washers, and the combined production capacity on this shared equipment and machinery.

**"Overall production capacity" or "capacity"** --The level of production that your establishment(s) could reasonably have expected to attain during the specified periods for all products manufactured in that establishment using the same manufacturing equipment. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup).

**"Production"** --All production in your establishment(s) in China, including production consumed internally within your firm.

<sup>1</sup> Data entered for production of large residential washers will populate here once reported in question II-10. <sup>2</sup> See definition of "low tech" on page 3. <sup>3</sup> Please identify these products: _____.					

II-4b. **Operating parameters.**--The production capacity reported in II-4a is based on operating \_\_\_\_ hours per week, \_\_\_\_ weeks per year.

II-4c. **Capacity calculation.**--Please describe the methodology used to calculate overall production capacity reported in II-4a, and explain any changes in reported capacity.

II-4d. **Production constraints.**--Please describe the constraint(s) that set the limit(s) on your firm's production capacity.

II-4e. **Product shifting.**—

(i). Is your firm able to switch production (capacity) between large residential washers and other products using the same equipment and/or labor?

No

Yes-- (i.e., have produced other products or are able to produce other products). Please identify other actual or potential products: \_\_\_\_\_.

(ii). Please describe the factors that affect your firm's ability to shift production capacity between products (e.g., time, cost, relative price change, etc.), and the degree to which these factors enhance or constrain such shifts.

II-5. **Share of sales.**--What percentage of your firm's total sales in its most recent fiscal year was represented by sales of large residential washers? \_\_\_\_\_ percent.

II-6. **Firm's estimated share of production in China.**--Please estimate the percentage of total production of large residential washers in China accounted for by your firm's production in 2014. \_\_\_\_\_ percent.

II-7. **Firm's estimated share of China's exports.**--Please estimate the percentage of total exports to the United States of large residential washers from China accounted for by your firm's exports in 2014. \_\_\_\_\_ percent.

II-8. **Inventories in the United States.**--Has your firm, since January 1, 2012, maintained any inventories of large residential washers in the United States (not including inventories held by firms identified in question I-4)?

**"Inventories"**--Finished goods inventory, not raw materials or work in progress.

No                       Yes--Report the quantity of such end-of-period inventories below.

II-9. **Third country trade actions.**--Are the large residential washers exported by your firm subject to antidumping/countervailing duty/safeguard findings, remedies, or proceedings?

No                       Yes--List the products(s), countries affected, and the date of such findings/remedies/proceedings.

- II-10. **Trade data.**--Report your firm's production capacity, production, shipments, and inventories related to the production of large residential washers in your establishment(s) in China during the specified periods.

Do not submit data by manufacturing facility if they are in the same country. If your firm has multiple manufacturing establishments within China, you are required to combine data for those establishments within one foreign producer questionnaire response.

**"Average production capacity" or "capacity"** --The level of production that your establishment(s) could reasonably have expected to attain during the specified periods for all products manufactured in that establishment using the same manufacturing equipment. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup; and a typical or representative product mix).

**"Production"** --All production in your establishment(s) in China, including production consumed internally within your firm.

**"Shipments"**--Shipments of products produced in your establishment(s) in China. Quantities reported should be net of returns.

**"Home market commercial shipments"**--Shipments, other than internal consumption and transfers to related firms, within China.

**"Home market internal consumption/transfers to related firms"**--Shipments made to related firms in China, including product consumed internally by your firm.

**"Export shipments"**--Shipments to destinations outside China, including shipments to related firms.

**"Inventories"**--Finished goods inventory, not raw materials or work-in-progress.

*Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the trade data, as Commission staff may contact your firm regarding questions on the trade data. The Commission may also request that your company submit copies of the supporting documents/records (such as production and sales schedules, inventory records, etc.) used to compile these data.*

Please also use this space to highlight any issues your firm had in providing the data in this section, including but not limited to technical issues with the MS Word questionnaire.

## HOW TO FILE YOUR QUESTIONNAIRE RESPONSE

This questionnaire is available as a “fillable” form in MS Word format on the Commission’s website at:

[http://www.usitc.gov/investigations/title\\_7/2015/large\\_residential\\_washers\\_china/preliminary.htm](http://www.usitc.gov/investigations/title_7/2015/large_residential_washers_china/preliminary.htm)

***Please do not attempt to modify the format or permissions of the questionnaire document.*** Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

- **Upload via Secure Drop Box.**—Upload the MS Word questionnaire along with a scanned copy of the signed certification page (page 1) through the Commission’s secure upload facility:

**Web address:** <https://dropbox.usitc.gov/oinv/>      **Pin:** **WASH**

- **E-mail.**—E-mail your questionnaire to [chris.cassise@usitc.gov](mailto:chris.cassise@usitc.gov); include a scanned copy of the signed certification page (page 1).

*Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure drop-box system and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm’s nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.*

**If your firm did not produce or export this product**, please fill out page 1, print, sign, and submit a scanned copy to the Commission.

***Parties to this proceeding.***—If your firm is a party to this proceeding, you are required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties may be obtained from the Commission’s Secretary (202-205-1803). A certificate of service must accompany the completed questionnaire you submit (see 19 CFR § 207.7). Service of the questionnaire must be made in paper form.
