PART I.--GENERAL INFORMATION

Background. On March 30, 2005, the Department of Commerce issued an antidumping duty order on imports of tissue paper from China. On June 1, 2015, the Commission instituted a review pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. § 1675(c)) (the Act) to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. If both the Commission and Commerce make an affirmative determination, the order will remain in place. If either the Commission or Commerce makes a negative determination, the Department of Commerce will revoke the order. Questionnaires and other information pertinent to this proceeding are available at http://wwwadmin.usitc.gov/investigations/701731/2015/certain_tissue_paper_products_china/second_review_full.htm

Tissue paper products covered by the Order are cut-to-length sheets of tissue paper having a basis weight not exceeding 29 grams per square meter. Tissue paper products subject to this order may or may not be bleached, dye-colored, surface-colored, glazed, surface decorated or printed, sequined, crinkled, embossed, and/or die cut. The tissue paper subject to this order is in the form of cut-to-length sheets of tissue paper with a width equal to or greater than one-half (0.5) inch. Subject tissue paper may be flat or folded, and may be packaged by banding or wrapping with paper or film, by placing in plastic or film bags, and/or by placing in boxes for distribution and use by the ultimate consumer. Packages of tissue paper subject to this order may consist solely of tissue paper of one color and/or style, or may contain multiple colors and/or styles.

The merchandise subject to this order does not have specific classification numbers assigned to them under the Harmonized Tariff Schedule of the United States (HTSUS). Subject merchandise may be under one or more of several different subheadings, including: 4802.30, 4802.54, 4802.61, 4802.62, 4802.69, 4804.31.1000, 4804.31.2000, 4804.31.4020, 4804.31.4040, 4804.31.6000, 4804.39, 4805.91.1090, 4805.91.5000, 4805.91.7000, 4806.40, 4808.30, 4808.90, 4811.90, 4823.90, 4802.50.00, 4802.90.00, 4805.91.90, 9505.90.40. The tariff classifications are provided for convenience and customs purposes; however, the written description of the scope of this order is dispositive.¹

Excluded from the scope of this order are the following tissue paper products: (1) tissue paper products that are coated in wax, paraffin, or polymers, of a kind used in floral and food service applications; (2) tissue paper products that have been perforated, embossed, or die-cut to the shape of a toilet seat, i.e., disposable sanitary covers for toilet seats; and (3) toilet or facial tissue stock towel or napkin stock, paper of a kind used for household or sanitary purposes, cellulose wadding, and webs of cellulose fibers (HTSUS 4803.00.20.00 and 4803.00.40.00).

Subject tissue paper includes both bulk and consumer tissue paper products defined as follow:

Bulk tissue paper is not resold, but is used to wrap or package the purchaser's customers' purchases, as dunnage, filler, interleaving, etc., and is incidental to the purchase of another item. Bulk tissue is generally sold by ream (480-500 sheets) but may also be sold in half-ream or multiple-ream quantities or by weight. It is generally sold flat or quire-folded packaged in sealed polybags and/or corrugated boxes. Bulk tissue paper is generally plain white or solid color but may be printed with various designs.

¹ On January 30, 2007, at the direction of CBP, the Department added the following HTSUS classifications to the AD/CVD module for tissue paper: 4802.54.3100, 4802.54.6100, and 4823.90.6700. However, we note that the six digit classifications for these numbers were already listed in the scope.

Consumer tissue paper is sold to purchasers in packaged form and ready for resale to their customers, the final end users. Consumer tissue is usually sold folded (tissue folds) in various formats and sheet counts (5-400 sheets). Consumer tissue paper is generally plain white or solid color but may be printed with various designs and may also include specialty tissue paper such as handmade, die-cut, hot-stamped, or spot-glitter tissue paper. Club packs are consumer tissue that are sold either flat or folded usually in quantities of 100-400 sheets.

Reporting of information.-- If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, purchaser and/or foreign producer questionnaire), you need not respond to duplicated questions.

Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

Verification.--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

Release of information.--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.
