U.S. PRODUCERS' QUESTIONNAIRE

PHOSPHPOR COPPER FROM KOREA

This questionnaire must be received by the Commission by <u>January 5, 2017</u>

See last page for filing instructions.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its antidumping investigation concerning phosphor copper from Korea (Inv. No. 731-TA-1314 (Final)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII. This report is mandatory and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your firm's possession (19 U.S.C. § 1333(a)).

PART I.—GENERAL INFORMATION

Background.--This proceeding was instituted in response to a petition filed on March 9, 2016, by Metallurgical Products Company, West Chester, PA. Antidumping duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce ("Commerce") makes an affirmative determination of dumping. Questionnaires and other information pertinent to this proceeding are available at

https://wwwadmin.usitc.gov/investigations/title 7/2016/phosphor copper korea/final.htm.

Phosphor copper covered by this investigation is master alloys¹ of copper containing between five percent and 17 percent phosphorus by nominal weight, regardless of form (including but not limited to shot, pellet, waffle, ingot, or nugget), and regardless of size or weight. Subject merchandise consists predominantly of copper (by weight), and may contain other elements, including but not limited to iron (Fe), lead (Pb), or tin (Sn), in small amounts (up to one percent by nominal weight). Phosphor copper is frequently produced to JIS H2501 and ASTM B–644, Alloy 3A standards or higher; however, merchandise covered by this investigation includes all phosphor copper, regardless of whether the merchandise meets, fails to meet, or exceeds these standards.

This merchandise is currently classified in the Harmonized Tariff Schedule of the United States ("HTSUS") under subheading 7405.00.1000. This HTSUS subheading is provided for convenience and customs purposes; the written description of the scope of this investigation is dispositive.

Reporting of information.-- If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, and/or purchaser questionnaire), you need not respond to duplicated questions.

<u>Confidentiality</u>.--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. § 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

<u>Verification</u>.--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

Release of information.--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or

¹ A "master alloy" is a base metal, such as copper, to which a relatively high percentage of one or two other elements is added.

similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.

I-1a. <u>OMB statistics</u>.--Please report below the actual number of hours required and the cost to your firm of completing this questionnaire.

Hours	Dollars

No

Yes

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 50 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

I-1b.	TAA information releaseIn the event that the U.S. International Trade Commission (USITC)
	makes an affirmative final determination in this proceeding, do you consent to the USITC's
	release of your contact information (company name, address, contact person, telephone
	number, email address) appearing on the front page of this questionnaire to the Departments of
	Commerce, Labor, and Agriculture, as applicable, so that your firm and its workers can be made
	eligible for benefits under the Trade Adjustment Assistance program?

I-2.	Establishments coveredProvide the city, state, zip code, and brief description of each
	establishment covered by this questionnaire. If your firm is publicly traded, please specify the
	stock exchange and trading symbol in the footnote to the table. Firms operating more than one

establishment should combine the data for all establishments into a single report.

"<u>Establishment</u>"--Each facility of a firm involved in the <u>production</u> of phosphor copper, including auxiliary facilities operated in conjunction with (whether or not physically separate from) such facilities.

	Fax		

II-2. <u>Changes in operations.</u>—Please indicate whether your firm has experienced any of the following changes in relation to the production of phosphor copper since January 1, 2013.

(chec	k as many as appropriate)	(If checked, please describe; leave blank if not applicable)
	plant openings	
	plant closings	
	relocations	
	expansions	
	acquisitions	
	consolidations	
	prolonged shutdowns or production curtailments	
	revised labor agreements	
	other (e.g., technology)	

II-3a. **Production using same machinery.--** Please report your firm's production of products made on the same equipment and machinery used to produce phosphor copper, and the combined production capacity on this shared equipment and machinery in the periods indicated.

"Overall production capacity" or "capacity" – The level of production that your establishment(s) could reasonably have expected to attain during the specified periods. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup).

"**Production**" – All production in your U.S. establishment(s), including production consumed internally within your firm and production for another firm under a toll agreement.

¹ Data entered for production of phosphor copper will populate here once reported in question II-7. ² Please identify these products: _____.

II-3b.	Operating parametersThe production capacity reported in II-3a is based on operating hou per week, weeks per year.	rs
II-3c.	<u>Capacity calculation</u> Please describe the methodology used to calculate overall production capacity reported in II-3a, and explain any changes in reported capacity.	
II-3d.	<u>Production constraints</u> Please describe the constraint(s) that set the limit(s) on your firm's production capacity.	

II-3e.	<u>Produ</u>	ct shifting.—
	(i)	Is your firm able to switch production (capacity) between phosphor copper and other products using the same equipment and/or labor?
		No Yes (i.e., have produced other products or are able to produce other products). Please identify other actual or potential products:
	(ii)	Please describe the factors that affect your firm's ability to shift production capacity between products (e.g., time, cost, relative price change, etc.), and the degree to which these factors enhance or constrain such shifts.
II-4.		gSince January 1, 2013, has your firm been involved in a toll agreement regarding the ction of phosphor copper?
	materi	greement"Agreement between two firms whereby the first firm furnishes the raw als and the second firm uses the raw materials to produce a product that it then returns first firm with a charge for processing costs, overhead, etc.
	☐ No	YesPlease describe the toll arrangement(s) and name the firm(s) involved
II-5.	<u>Foreig</u>	n trade zones
	(a)	<u>Firm's FTZ operations</u> Does your firm produce phosphor copper in and/or admit phosphor copper into a foreign trade zone (FTZ)?
		"Foreign trade zone" is a designated location in the United States where firms utilize special procedures that allow delayed or reduced customs duty payments on foreign merchandise. A foreign trade zone must be designed as such pursuant to the rules and procedures set forth in the Foreign-Trade Zones Act.
		No YesDescribe the nature of your firms operations in FTZs and identify the specific FTZ site(s).

	(h)	Other firms! FT7 encuctions. To your knowledge, do any firms in the United States
	(b)	Other firms' FTZ operationsTo your knowledge, do any firms in the United States import phosphor copper into a foreign trade zone (FTZ) for use in distribution of phosphor copper and/or the production of downstream articles?
		No/Don't know YesIdentify the firms and the FTZs.
II-6.	Import	terSince January 1, 2013, has your firm imported phosphor copper?
	merch	rter" – The person or firm primarily liable for the payment of any duties on the andise, or an authorized agent acting on his behalf. The importer may be the consignee, importer of record.
	☐ No	YesCOMPLETE AND RETURN A U.S. IMPORTERS' QUESTIONNAIRE
II-7.	shipme	etion, shipment, and inventory dataReport your firm's production capacity, production, ents, and inventories related to the production of phosphor copper in its U.S. shment(s) during the specified periods.
	establi norma operat	shape production capacity" or "capacity" – The level of production that your shment(s) could reasonably have expected to attain during the specified periods. Assume I operating conditions (i.e., using equipment and machinery in place and ready to e; normal operating levels (hours per week/weeks per year) and time for downtime, enance, repair, and cleanup; and a typical or representative product mix).
		action" – All production in your U.S. establishment(s), including production consumed ally within your firm and production for another firm under a toll agreement.
	length sales v	nercial U.S. shipments" – Shipments made within the United States as a result of an arm's commercial transaction in the ordinary course of business. Report <u>net values</u> (i.e., gross alues less all discounts, allowances, rebates, prepaid freight, and the value of returned in U.S. dollars, f.o.b. your point of shipment.
	"Interr	nal consumption" – Product consumed internally by your firm.
		fers to related firms" – Shipments made to related domestic firms. Such transactions are at fair market value.
		ed firm" –A firm that your firm solely or jointly owns, manages, or otherwise controls. ransactions are valued at fair market value.
	-	t shipments" – Shipments to destinations outside the United States, including shipments ted firms.

"Inventories" — Finished goods inventory, not raw materials or work-in-progress.

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the trade data, as Commission staff may contact your firm regarding questions on the trade data. The Commission may also request that your company submit copies of the supporting documents/records (such as production and sales schedules, inventory records, etc.) used to compile these data.

Explanation of trends:

II-10. **Employment data**.--Report your firm's employment-related data related to the production of phosphor copper and provide an explanation for any trends in these data.

"Production and Related Workers" (PRWs) includes working supervisors and all nonsupervisory workers (including group leaders and trainees) engaged in fabricating, processing, assembling, inspecting, receiving, storage, handling, packing, warehousing, shipping, trucking, hauling, maintenance, repair, janitorial and guard services, product development, auxiliary production for plant's own use (e.g., power plant), recordkeeping, and other services closely associated with the above production operations.

Average number employed may be computed by adding the number of employees, both full time and part time, for the 12 pay periods ending closest to the 15th of the month and divide that total by 12. For the January to September periods, calculate similarly and divide by 9.

"Hours worked" includes time paid for sick leave, holidays, and vacation time. Include overtime hours actually worked; do not convert overtime pay to its equivalent in straight time hours.

"Wages paid" – Total wages paid before deductions of any kind (e.g., withholding taxes, old-age and unemployment insurance, group insurance, union dues, bonds, etc.). Include wages paid directly by your firm for overtime, holidays, vacations, and sick leave.

		Calendar years		January-S	eptember

Net income or (loss) before income taxes	0	0	0	0	(
Depreciation/amortization included above					

¹ Include only sales (whether <u>domestic or export</u>) and costs related to your <u>U.S. manufacturing operations</u>.

Note -- The table above contains calculations that will appear when you have entered data in the MS Word form fields.

Less discounts, returns, allowances, and prepaid freight. The quantities and values should approximate the corresponding shipment quantities and values reported in Part II of this questionnaire.

³ COGS (whether for domestic or export sales) should include costs associated with CS, IC, and Transfers.

III-9b.	<u>Financial data reconciliation</u> The calculable line items from question III-9a (<i>i.e.</i> , total net sales quantities and values, total COGS, gross profit (or loss), total SG&A, and net income (or loss)) have been calculated from the data submitted in the other line items. Do the calculated fields return the correct data according to your firm's financial records ignoring non-material differences that may arise due to rounding?						
	Yes	NoIf the calculated fields do not show the correct data, please double check the feeder data for data entry errors and revise.					
		Also, check signs accorded to the post operating income line items; the two expense line items should report positive numbers (<i>i.e.</i> , expenses are positive and incomes or reversals are negativeinstances of the latter should be rare in those lines) while the income line item also in most instances should have its value be a positive number (<i>i.e.</i> , income is positive, expenses or reversals are negative).					
		If after reviewing and potentially revising the feeder data your firm has provided, the differences between your records and the calculated fields persist please identify and discuss the differences in the space below.					

III-10a. Nonrecurring items (charges and gains) included in the subject product financial results.--For each annual and interim period for which financial results are reported in question III-9a, please specify all material (significant) nonrecurring items (charges and gains) in the schedule below, the specific table III-9a line item where the nonrecurring items are included, a brief description of the relevant nonrecurring items, and the associated values (in \$1,000), as reflected in table III-9a; i.e., if an aggregate nonrecurring item has been allocated to table III-9a, only the allocated value amount included in table III-9a should be reported in the schedule below. Note: The Commission's objective here is to gather information only on material (significant) nonrecurring items which impacted the reported financial results of the subject product in table III-9a.

	Fiscal years ended			January-September		
	2013	2014	2015	2015	2016	
Nonrecurring item: In this column please provide a brief description of each nonrecurring item and indicate the specific line item in table III-9a where the nonrecurring item is	Nonrecurring item: In these columns please report the amount of the relevant nonrecurring item reported in table III-9a.

7. , classified as						

III-10b.	Classification of identified nonrecurring items (charges and gains) in the accounting books and
	<u>records of the company</u> If non-recurring items were reported in table III-10a above, identify
	where your company recorded these items in your accounting books and records in the normal
	course of business; i.e., just as responses to question III-10a identify where these items are
	reported in table III-9a.
III-11.	Effects of changes in export shipments on financial performance.—Please discuss how
	increases or decreases in export shipments during the period of investigation have affected your
	company's reported profitability in table III-9a. Please include in your response how changes in
	export shipments affect profitability on U.S. commercial shipments.

III-12. <u>Asset values</u>.--Report the total assets (i.e., both current and long-term assets) associated with the production, warehousing, and sale of phosphor copper. If your firm does not maintain some or all of the specific asset information necessary to calculate total assets for phosphor copper in the normal course of business, please estimate this information based upon a method (such as production, sales, or costs) that is consistent with relevant cost allocations in table III-9a. Provide data as of the end of your firm's three most recently completed fiscal years.

Note: Total assets should reflect <u>net assets</u> after any accumulated depreciation and allowances deducted.

Total assets should be allocated to the subject products if these assets are also related to other products. Please provide a brief explanation if there are any substantial changes in total asset value during the period; e.g., due to asset write-offs, revaluation, and major purchases.

Value (<i>in \$1,000</i>)						
		Fiscal years ended				
Item	2013	2014	2015			
Total assets (net) 1						
¹ Describe						

III-13. <u>Capital expenditures and research and development expenses</u>.--Report your firm's capital expenditures and research and development expenses for phosphor copper. Provide data for your firm's three most recently completed fiscal years, and for the specified interim periods.

Value (in \$1,000)							
	Fiscal years ended January-September						
Item	2013	2014	2015	2015	2016		
Capital expenditures							
Research and development expenses							

¹ Please describe the nature, focus, and significance of your firm's capital expenditures on the subject product.

III-14. <u>Data consistency and reconciliation.</u>--Please indicate whether your firm's financial data for questions III-9a, 12, and 13 are based on a calendar year or on your firm's fiscal year:

Calendar year	Fiscal year	Specify fiscal year

Please note the quantities and values reported in question III-9a should reconcile with the data reported in question II-7 (including export shipments) as long as they are reported on the same calendar year basis.

<u>RECONCILIATION OF TRADE VS FINANCIAL DATA</u>.--Please ensure that the quantities and values reported for total shipments in part II equal the quantities and values reported total net sales in part III of this questionnaire in each time period unless the financial data from part III are reported on a fiscal year basis, in which case only the interim periods must reconcile. If the calculated fields below return values other than zero (i.e., "0") and both are being reported on a calendar basis, please explain the discrepancy below.

	Fiscal years ended			January-September		
Reconciliation	2013	2014	2015	2015	2016	
Quantity: Trade data from part II less financial data from part III, = zero ("0") except as noted above.	0	0	0	0	0	
Value: Trade data from part II less financial data from part III, = zero ("0") except as noted above.	0	0	0	0	0	

Do these data in question III-9a reconcile with data in question II-7?

Yes	No	If no, please explain.

² Please describe the nature, focus, and significance of your firm's R&D expenses related to subject product.

PRICE DATA

- IV-2. This question requests quarterly quantity and value data for your firm's commercial shipments to unrelated U.S. customers since January 1, 2013 of the following products produced by your firm.
 - <u>Product 1</u>.—15% phosphor copper shot that meets or exceeds JIS H2501 Grade 1, Class A, 15 P Cu A, P content approximately 14.8%. P 14.7% to 14.9%, P+Cu>99.75%, Fe<0.03%, Pb<0.01%, Sn<0.01%, in drums or comparable containers
 - **Product 2.** —15% phosphor copper ingot/waffle that meets or exceeds JIS H2501 Grade 1, Class A, 15 P Cu A, P content approximately 14.8%. P 14.7% to 14.9%, P+Cu>99.75%, Fe<0.03%, Pb<0.01%, Sn<0.01%, in drums or comparable containers

Please note that values should be <u>f.o.b.</u>, <u>U.S.</u> point of shipment and should not include U.S.-inland transportation costs. Values should reflect the *final net* amount paid to your firm (i.e., should be net of all deductions for discounts or rebates).

During January 2013-September 2016, did your firm produce and sell to unrelated U.S. customers any of the above listed products (or any products that were competitive with these products)?

YesPlease complete the following pricing data table as appropriate.				
NoSkip to question IV-3.				

IV-2. **Price data.**--Report below the quarterly price data¹ for pricing products² produced and sold by your firm.

Report data in actual pounds and actual dollars (not 1,000s).

that were used to compile your price data.

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the price data, as Commission staff may contact your firm regarding questions on the price data. The Commission may also request that your company submit copies of the supporting documents/records (such as sales journal, invoices, etc.) used to compile these data.

IV-3.	Price	setting

(a) How does your firm determine the prices that it charges for sales of phosphor copper (*check all that apply*)? If your firm issues price lists, please submit sample pages of a recent list.

Transaction by transaction	Contracts	Set price lists	Other	If other, describe

(b) Do your firm's contracts for sales of phosphor copper include any provision for price adjustment based on raw materials costs?

No	Yes	If yes, describe.

IV-4. <u>Discount policy</u>.-- Please indicate and describe your firm's discount policies (*check all that apply*).

Quantity discounts	Annual total volume discounts	No discount policy	Other	Describe

IV-5. Pricing terms.--

(a) What are your firm's typical sales terms for its U.S.-produced phosphor copper?

Net 30 days	Net 60 days	2/10 net 30 days	Other	Other (specify)

(b) On what basis are your firm's prices of domestic phosphor copper usually quoted *(check one)*?

Delivered	F.o.b.	If f.o.b., specify point

IV-6. <u>Contract versus spot</u>.--Approximately what share of your firm's sales of its U.S.-produced phosphor copper in 2015 was on a (1) long-term contract basis, (2) annual contract basis, (3) short-term contract basis, and (4) spot sales basis?

	Long-term contracts (multiple deliveries for more than 12 months)	Annual contracts (multiple deliveries for 12 months)	Short-term contracts (multiple deliveries for less than 12 months)	Spot sales (for a single delivery)	Total (should sum to 100.0%	d o
Share of 2015 sales	%	%	%	%	0.0	%

IV-7. <u>Contract provisions.--</u>Please fill out the table regarding your firm's typical sales contracts for U.S.-produced phosphor copper (or check "not applicable" if your firm does not sell on a long-term, short-term and/or annual contract basis).

Typical sales contract provisions	Item	Short-term contracts (multiple deliveries for less than 12 months)	Annual contracts (multiple deliveries for 12 months)	Long-term contracts (multiple deliveries for more than 12 months)

IV-17.	Raw materialsHow	have phosphor	copper raw	material prices	changed since	January 1,	2013?
--------	------------------	---------------	------------	-----------------	---------------	------------	-------

Overall increase	No change	Overall decrease	Fluctuate with no clear trend	Explain, noting how raw material price changes have affected your firm's selling prices for phosphor copper.

IV-18. Shot vs Ingot.--How often can shot form phosphor copper be used in place of ingot/waffle form copper?

Always	Frequently	Sometimes	Rarely	Never	If "Frequently," "Sometimes," or "Rarely," please explain.

IV-19. **8% vs. 15% phosphor copper.**--Are there any differences in end uses or customers for 8% phosphor copper as compared to 15% phosphor copper?

No	Yes	S	If yes, please describe.

IV-20. <u>Packaging.</u>--What type of packaging (e.g., 55 gallon drum) does your firm use for its sales of phosphor copper?

IV-21. <u>Interchangeability.--</u>Is phosphor copper produced in the United States and in other countries interchangeable (*i.e.*, can they physically be used in the same applications)?

Please indicate A, F, S, N, or 0 in the table below:

- A = the products from a specified country-pair are *always* interchangeable
- F = the products are *frequently* interchangeable
- S = the products are *sometimes* interchangeable
- N = the products are *never* interchangeable
- 0 = *no familiarity* with products from a specified country-pair

Country-pair	Korea	Other countries
United States		
Korea		

For any country-pair producing phosphor copper which is *sometimes* or *never* interchangeable, please identify the country-pair and explain the factors that limit or preclude interchangeable use:

IV-22. <u>Factors other than price</u>.--Are differences other than price (*e.g.*, quality, availability, transportation network, product range, technical support, *etc.*) between phosphor copper produced in the United States and in other countries a significant factor in your firm's sales of the products?

Please indicate A, F, S, N, or 0 in the table below:

A = such differences are *always* significant

F = such differences are *frequently* significant

S = such differences are *sometimes* significant

N = such differences are *never* significant

0 = no familiarity with products from a specified country-pair

Country-pair	Korea	Other countries			
United States					
Korea					
For any country-pair for which factors other than price <i>always</i> or <i>frequently</i> are a significant factor in your firm's purchases of phosphor copper, identify the country-pair and report the advantages or disadvantages imparted by such factors:					

IV-23. <u>Customer identification</u>.--List the names and contact information for your firm's 10 largest U.S. customers for phosphor copper since January 1, 2013. Indicate the share of the quantity of your firm's total shipments of phosphor copper that each of these customers accounted for in 2015.

Customer's name		City	State	Share of 2015 sales (%)

IV-24. Competition from imports

(a) <u>Lost revenue</u>.--Since January 1, 2013: To avoid losing sales to competitors selling phosphor copper from Korea, did your firm:

	No	Yes
Reduce prices		
Roll back announced price increases		

(b) <u>Lost sales.</u>—Since January 1, 2013: Did your firm lose sales of phosphor copper to imports of this product from Korea?

No	Yes	

IV-25.	Other explanationsIf your firm would like to further explain a response to a question in Part
	IV that did not provide a narrative response box, please note the question number and the
	explanation in the space provided below. Please also use this space to highlight any issues your
	firm had in providing the data in this section, including but not limited to technical issues with
	the MS Word questionnaire.

HOW TO FILE YOUR QUESTIONNAIRE RESPONSE

This questionnaire is available as a "fillable" form in MS Word format on the Commission's website at:

https://www.usitc.gov/investigations/title 7/2016/phosphor copper korea/final.htm

Please do not attempt to modify the format or permissions of the questionnaire document. Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

• <u>Upload via Secure Drop Box</u>.—Upload the MS Word questionnaire along with a scanned copy of the signed certification page (page 1) through the Commission's secure upload facility:

Web address: https://dropbox.usitc.gov/oinv/ Pin: PHOS

• E-mail.—E-mail the MS Word questionnaire to Porscha.Stiger@usitc.gov; include a scanned copy of the signed certification page (page 1). Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure drop-box system and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm's nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.

If your firm does not produce this product, please fill out page 1, print, sign, and submit a scanned copy to the Commission.

<u>Parties to this proceeding</u>.—If your firm is a party to this proceeding, it is required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties may be obtained from the Commission's Secretary (202-205-1803). A certificate of service must accompany the completed questionnaire you submit (see 19 CFR § 207.7). Service of the questionnaire must be made in paper form.
