**PART I.—GENERAL INFORMATION**

**Background.**

This proceeding was instituted in response to a petition filed on September 16, 2013 by Ajinomoto North America Inc. ("AJINA"), Itasca, Illinois.

Antidumping duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce makes an affirmative determination of dumping.

**Merchandise covered by these investigations.**

**Monosodium glutamate ("MSG") or "subject product"** covered by these investigations is monosodium glutamate (MSG), whether or not blended or in solution with other products. Specifically, MSG that has been blended or is in solution with other product(s) is included in this scope when the resulting mix contains 15% or more of MSG by dry weight. Products with which MSG may be blended include, but are not limited to, salts, sugars, starches, maltodextrins, and various seasonings. Further, MSG is included in this investigation regardless of physical form (including, but not limited to, substrates, solutions, dry powders of any particle size, or unfinished forms such as MSG slurry), end-use application, or packaging.

MSG has a molecular formula of  $C_5H_8NO_4Na$ , a Chemical Abstract Service (CAS) registry number of 6106-04-3, and a Unique Ingredient Identifier (UNII) number of W81N5U6R6U.<sup>1</sup>

MSG is currently classified in the Harmonized Tariff Schedule (HTS) of the United States at subheading 2922.42.10.00. Merchandise subject to the investigation may also enter under HTS subheadings 2922.42.50.00, 2103.90.72.00, 2103.90.74.00, 2103.90.78.00, 2103.90.80.00, and 2103.90.90.91. The tariff classifications, CAS registry number, and UNII number are provided for convenience and customs purposes; however, the written description of the scope is dispositive.

**Service of questionnaire response(s).**--In the event that your firm is a party to this proceeding, you are required to serve a copy of the questionnaire(s), once completed, on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties is maintained by the Commission's Secretary and may be obtained by calling 202-205-1803. A certificate of service must accompany the copy of the completed questionnaire(s) you submit (see 19 CFR § 207.7).

**Confidentiality.**--The commercial and financial data furnished in response to the enclosed questionnaire(s) that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. § 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

---

<sup>1</sup> Commission staff recognizes that the chemical formula in the scope as written reflects the anhydrous (no water) form of MSG, while the CAS and UNII numbers in the scope reference the monohydrated (one water molecule) form of MSG. The correct chemical formula corresponding to the CAS and UNII numbers referenced in the scope can be expressed as  $C_5H_8NO_4Na \cdot H_2O$  or  $C_5H_{10}NO_5Na$ .

**Verification.**--The information submitted in the enclosed questionnaire(s) is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all of your files, worksheets, and supporting documents used in the preparation of the questionnaire response(s).

**Release of information.**--The information provided by your firm in response to the questionnaire(s), as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.
