FOREIGN PRODUCERS'/EXPORTERS' QUESTIONNAIRE

CUT-TO-LENGTH CARBON STEEL PLATE FROM CHINA, RUSSIA, AND UKRAINE

This questionnaire must be received by the Commission by July 22, 2015

See last page for filing instructions.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with these reviews of the antidumping duty order on cut-to length carbon steel plate from China and suspension agreements concerning CTL plate from Russia and Ukraine (Inv. Nos. 731-TA-753, 754, and 756 (Third Review)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII.

PART I.—GENERAL INFORMATION

Background. On October 24, 1997, the Department of Commerce suspended investigations on imports of CTL carbon steel plate from China, Russia, South Africa, and Ukraine (62 F.R. 61751, 61766, 61773, and 61780). On August 29, 2003, the Commission determined that termination of the suspended investigation for South Africa would not be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time (68 F.R. 52614). On November 3, 2003, the Department of Commerce terminated the suspension agreement for China and issued an antidumping duty order (68 F.R. 60081). On October 1, 2014, the Commission instituted a review pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. § 1675(c)) (the Act) to determine whether revocation of the antidumping duty order on CTL plate from China and/or the termination of the suspended investigations on CTL plate from Russia and Ukraine would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. If the Commission and Commerce make an affirmative determination, the antidumping duty order and/or suspension agreements will remain in place. If the Commission or Commerce makes a negative determination, the Department of Commerce will revoke the antidumping duty order and/or terminate the suspension agreements. Questionnaires and other information pertinent to this proceeding are available at

http://usitc.gov/investigations/701731/2014/cut to length carbon steel plate china russia and/thir d review full.htm.

These reviews cover:

CTL carbon steel plate.--Hot-rolled carbon steel universal mill plates (i.e., flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 millimeters but not exceeding 1,250 millimeters and of a thickness of not less than 4 millimeters, not in coils and without patterns in relief), of rectangular shape, neither clad, plated nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances; and certain hot-rolled carbon steel flat-rolled products in straight lengths, of rectangular shape, hot rolled, neither clad, plated, nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances, 4.75 millimeters or more in thickness and of a width which exceeds 150 millimeters and measures at least twice the thickness.

Included in the subject product are flat-rolled products of non-rectangular cross-section where such cross-section is achieved subsequent to the rolling process (i.e., products that have been "worked after rolling") for example, products that have been beveled or rounded at the edges. The subject product is covered by statistical reporting numbers 7208.40.3030, 7208.40.3060, 7208.51.0030, 7208.51.0045, 7208.51.0060, 7208.52.0000, 7208.53.0000, 720.90.0000, 7210.70.3000, 7210.90.9000, 7211.13.0000, 7211.14.0030, 7211.14.0045, 7211.90.0000, 7212.40.1000, 7212.40.5000, and 7212.50.0000 of the Harmonized Tariff Schedule of the United States (HTS).

Specifically excluded from the subject product is grade X-70 plate. Also excluded is certain carbon CTL steel plate with a maximum thickness of 80 millimeters in steel grades BS 7191, 355 EM, and 355 EMZ, as amended by Sable Offshore Energy Project specification XB MOO Y 15 0001, types 1 and 2.

<u>CTL micro-alloy steel plate</u>.—CTL micro-alloy steel plate products, in which: (1) iron predominates by weight, over each of the other contained elements; (2) the carbon content is 2 percent or less, by weight; and (3) one or more of the elements listed below is present in the quantity, by weight, respectively indicated:

0.30 - 0.50 percent of aluminium	0.06 – 0.10 percent of niobium
0.30 - 1.25 percent of chromium	0.60 – 1.50 percent of silicon
0.40 – 1.00 percent of copper	0.05 – 0.41 percent of titanium
1.65 – 1.80 percent of manganese	0.10 – 0.15 percent of vanadium
0.08 – 0.10 percent of molybdenum	0.05 – 0.15 percent of zirconium
0.30 - 1.25 percent of nickel	

Imports of nonsubject CTL micro-alloy steel plate may be reported in the following HTS statistical numbers: 7725.40.3050, 7725.40.7000, 7225.99.0090, 7226.90.0180, 7226.91.5000, 7226.91.7000, 7226.91.8000, and 7226.99.0000.

Unless otherwise specified, "CTL plate" refers to both cut-to-length carbon steel plate and cut-to-length micro-alloy steel plate.

Reporting of information.-- If information is not readily available from your records in exactly the form requested, furnish carefully prepared estimates. If your firm is completing more than one questionnaire in connection with this proceeding (i.e., a producer, importer, and/or purchaser questionnaire), you need not respond to duplicated questions in the questionnaires.

<u>Confidentiality</u>.--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. § 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

<u>Verification</u>.--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all of your files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

Release of information.--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.

I-1.	OMB statisticsPlease report below the actual number of hours required and the cost to your
	firm of completing this questionnaire.

Hours	Dollars

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 30 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

I-2.	Establishments covered Provide the name and address of establishment(s) covered by this
	questionnaire. If your firm is publicly traded, please specify the stock exchange and trading
	symbol.

"Establishment" Each facility of a firm in China, Russia, and/or Ukraine involved in the
production or export of CTL plate, including auxiliary facilities operated in conjunction with
(whether or not physically separate from) such facilities. Firms operating more than one
establishment in China, Russia, and/or Ukraine should combine the data for all establishments
into a single report.

I-3. <u>U.S. importers.</u>--Please provide the names, contacts, email addresses, and telephone numbers of the <u>FIVE</u> largest U.S. importers of your firm's CTL plate in 2014.

No.	Importer's name	Contact person	Email address	Area code and telephone number	Share of your firm's 2014 U.S. exports (%)
1					
2					
3					
4					
5					

1.	<u>U.S. production</u> Does your firm or any related firm produce, have the capability to produce, or have any plans to produce CTL plate in the United States or other countries?				
	No	YesPlease name the firm(s) and country(ies) below and, if U.S. producer(s), ensure that they complete the Commission's producer questionnaire.			
5.		<u>U.S. importation</u> Does your firm or any related firm import or have any plans to import CTL plate into the United States?			
	☐ No	YesPlease name the firm(s) below and ensure that they complete the Commission's importer questionnaire.			
	business plan	<u>Business plan.</u> In Parts II and III of this questionnaire we request a copy of your company's business plan. Does your company or any related firm have a business plan or any internal documents that describe, discuss, or analyze expected future market conditions for CTL plate?			
	☐ No	YesPlease provide the requested documents. If you are not providing the requested documents, please explain why not.			

PART II.--TRADE AND RELATED INFORMATION

Further information on this part of the questionnaire can be obtained from Michael Haberstroh (202-205-3390, michael.haberstroh@usitc.gov). Supply all data requested on a <u>calendar-year</u> basis.

II-1.	Contact informationPlease identify the responsible individual and the manner by which
	Commission staff may contact that individual regarding the confidential information submitted
	in part II.

Name	
Title	
Email	
Telephone	
Fax	

II-2. <u>Changes in operations.</u>—Please indicate whether your firm has experienced any of the following changes in relation to the production of CTL plate since January 1, 2009.

Check as many as appropriate. Please describe.		
	Plant openings	
	Plant closings	
	Relocations	
	Expansions	
	Acquisitions	
	Consolidations	
	Prolonged shutdowns or production curtailments	
	Revised labor agreements	
	Other (e.g., technology)	

□ No	Yes—Supply details as to the time, nature, and significance of such charand provide underlying assumptions, along with relevant portion business plans or other supporting documentation that address issue. Include in your response a specific projection of your fir capacity to produce CTL carbon steel plate (in short tons) for 2 and 2016.
anticipate a	d changes in operations in the event the order is revoked Would your firm any changes in the character of its operations or organization (as noted above)
anticipate a relating to on CTL cark	

II-5a. **Production using same machinery**.-- Please report your firm's production of products made on the same equipment and machinery used to produce CTL carbon steel plate, and the combined production capacity on this shared equipment and machinery.

"Average production capacity" or "capacity" –The level of production that your establishment(s) could reasonably have expected to attain during the specified periods for all products manufactured in that establishment using the same manufacturing equipment. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup; and a typical or representative product mix).

"Production" -- All production in your establishment(s) in China, Russia, or Ukraine, including production consumed internally within your firm.

II-10. Third country trade actions.--Is the CTL carbon steel plate exported by your firm subject to antidumping/countervailing duty/safeguard findings, remedies, or proceedings?

Business Proprietary

Foreigr	Producers'/Exporters' Questionnaire – CTL plate from China, Russia, and Ukraine Page 10
	No YesList the products(s), countries affected, and the date of such findings/remedies/proceedings.
II-11.	Other export marketsIdentify export markets (other than the United States) that your firm has developed or where it has increased its sales of CTL carbon steel plate since 2009. Please identify and discuss below.
II-12.	Significance of antidumping duty order and suspension agreements.—Describe the significance of the existing antidumping duty order covering imports of CTL carbon steel plate from China and suspension agreements covering imports of CTL carbon steel plate from Russia and/or Ukraine in terms of their effect on your firm's production capacity, production, home market shipments, exports to the United States and other markets, and inventories. You may wish to compare your firm's operations before and after the imposition of the order.
II-13.	Anticipated changes if order revokedWould your firm anticipate any changes in its production capacity, production, home market shipments, exports to the United States and other markets, or inventories relating to the production of CTL carbon steel plate in the future if the antidumping duty order on CTL carbon steel plate from China, and/or the suspension agreements on CTL carbon steel plate from Russia and/or Ukraine were to be revoked?
	No Yes–Supply details as to the time, nature, and significance of such changes and provide underlying assumptions, along with relevant portions of business plans or other supporting documentation for any trends or projections you may provide.

II-14. <u>Trade data</u>.--Report your firm's production capacity, production, shipments, and inventories related to the production of CTL <u>carbon steel</u> plate in your establishment(s) in China, Russia, or Ukraine during the specified periods.

<u>Do not submit data by manufacturing facility if they are in the same country.</u> If your firm has multiple manufacturing establishments within one country, you are required to combine data for those establishments within one foreign producer questionnaire response.

<u>Do not submit data on multiple countries combined</u>. The establishments reported here should all be located in the country of the firm's address reported on the certification page. Multinational companies with production in multiple subject countries should submit separate foreign producer questionnaire responses for each subject country.

"Shipments"--Shipments of products produced in your establishment(s) in China, Russia, and/or Ukraine. Quantities reported should be net of returns. Report net values (i.e., gross sales values less all discounts, allowances, rebates, prepaid freight, and the value of returned goods) in U.S. dollars, f.o.b. your point of shipment in China, Russia, or Ukraine.

"Home market commercial shipments"--Shipments, other than internal consumption and transfers to related firms, within China, Russia, or Ukraine.

"Home market internal consumption/transfers to related firms"--Shipments made to related firms in China, Russia, or Ukraine, including product consumed internally by your firm.

"Export shipments"--Shipments to destinations outside China, Russia, or Ukraine, including shipments to related firms.

"Inventories"--Finished goods inventory, not raw materials or work-in-progress.

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the trade data, as Commission staff may contact your firm regarding questions on the trade data. The Commission may also request that your company submit copies of the supporting documents/records (such as production and sales schedules, inventory records, etc.) used to compile these data.

II-14. <u>Trade data</u>--*Continued*.

HOW TO FILE YOUR QUESTIONNAIRE RESPONSE

This questionnaire is available as a "fillable" form in MS Word format on the Commission's website at:

http://usitc.gov/investigations/701731/2014/cut to length carbon steel plate china russia and/third review full.htm.

Please do not attempt to modify the format or permissions of the questionnaire document. Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

• <u>Upload via Secure Drop Box</u>.—Upload the MS Word questionnaire along with a scanned copy of the signed certification page (page 1) through the Commission's secure upload facility:

Web address: https://dropbox.usitc.gov/oinv/ Pin: CTLP

• E-mail.—E-mail the MS Word questionnaire to <u>michael.haberstroh@usitc.gov</u>; include a scanned copy of the signed certification page (page 1). Please note that submitting your questionnaire by e-mail may subject your firm's business proprietary information to transmission over an unsecure environment and to possible disclosure. If you choose this option, the Commission warns you that any risk involving possible disclosure of such information is assumed by the submitter and not by the Commission.

If your firm did not produce or export this product, please fill out page 1, print, sign, and submit a scanned copy to the Commission.

<u>Parties to this proceeding</u>.—If your firm is a party to this proceeding, it is required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (see 19 CFR ' 207.7). A list of such parties may be obtained from the Commission's Secretary (202-205-1803). A certificate of service must accompany the completed questionnaire you submit (see 19 CFR ' 207.7). Service of the questionnaire must be made in paper form.
