“Import quantities” –Quantities reported should be net of returns.

“Import values” –Values reported should be landed, duty-paid values at the U.S. port of entry, including ocean freight and insurance costs, brokerage charges, and import duties (i.e., all charges except inland freight in the United States).

“Commercial U.S. shipments” – Shipments made within the United States as a result of an arm’s length commercial transaction in the ordinary course of business. Report net values (i.e., gross sales values less all discounts, allowances, rebates, prepaid freight, and the value of returned goods; including all discounts and rebates that occurred in a time period after that in which the sale is reported) in U.S. dollars, f.o.b. your point of shipment. Internal consumption includes (i) use of certain uncoated paper in an end use by your firm, and (ii) transfer of certain uncoated paper to your firm's retail establishment(s). If you firm owns and/or operates its own retail establishment(s), report as internal consumption the quantity and value of certain uncoated paper shipped to the retail establishment(s). Value should be reported at fair market value at the time of the transfer to the retail establishment(s); do not report retail sales values.
