FOREIGN PRODUCERS'/EXPORTERS' QUESTIONNAIRE

CHLORINATED ISOCYANURATES FROM CHINA AND SPAIN

This questionnaire must be received by the Commission by June 21, 2016

See last page for filing instructions.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its review of antidumping duty orders concerning chlorinated isocyanurates ("chlorinated isos") from China and Spain (Inv. Nos. 731-TA-1082-1083 (Second Review)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII.

Name of firm

PART I.--GENERAL INFORMATION

<u>Background.</u> On June 25, 2005, the Department of Commerce issued antidumping duty orders on imports of chlorinated isos from China and Spain. On September 1, 2015, the Commission instituted a review pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. § 1675(c)) (the Act) to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. If both the Commission and Commerce make affirmative determinations, the orders will remain in place. If either the Commission or Commerce makes negative determinations, the Department of Commerce will revoke the orders. Questionnaires and other information pertinent to this proceeding are available at:

https://www.usitc.gov/investigations/701731/2015/chlorinated_isocyanurates_china_and_spain/second_review_full.htm

<u>Chlorinated Isocyanurates ("chlorinated isos"):</u> Chlorinated isos, which are derivatives of cyanuric acid, described as chlorinated s-triazine triones. There are three primary chemical compositions of chlorinated isos:

- (1) Trichloroisocyanuric acid (Cl₃(NCO)₃),
- (2) sodium dichloroisocyanurate (dihydrate) (NaCl₂(NCO)₃(2H₂O)), and
- (3) sodium dichloroisocyanurate (anhydrous) (NaCl₂(NCO)₃).

Chlorinated isos are available in powder, granular, and tableted forms. The orders cover all chlorinated isos

<u>Reporting of information</u>.-- If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, purchaser and/or foreign producer questionnaire), you need not respond to duplicated questions.

<u>Confidentiality</u>.--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. § 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

<u>Verification</u>.--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

Release of information.--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.

I-1.	OMB statisticsPlease report below the actual number of hours required and the cost to your
	firm of completing this questionnaire.

Hours	Dollars

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 30 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

I-2.	Establishments covered Provide the name and address of establishment(s) covered by this
	questionnaire. If your firm is publicly traded, please specify the stock exchange and trading
	symbol.

"Establishment" Each facility of a firm in China and Spain involved in the production or export
of chlorinated isos, including auxiliary facilities operated in conjunction with (whether or not
physically separate from) such facilities. Firms operating more than one establishment in China
and Spain should combine the data for all establishments into a single report.

I-3. <u>U.S. importers.</u>--Please provide the names, contacts, email addresses, and telephone numbers of the <u>FIVE</u> largest U.S. importers of your firm's chlorinated isos in 2015.

No.	Importer's name	Contact person	Email address	Area code and telephone number	Share of your firm's 2015 U.S. exports (%)
1					
2					
3					
4					
5					

I-4.	-	<u>U.S. production</u> Does your firm or any related firm produce, have the capability to produce, or have any plans to produce chlorinated isos in the United States or other countries?			
	☐ No	YesPlease name the firm(s) and country(ies) below and, if U.S. producer(s), ensure that they complete the Commission's producer questionnaire.			
I-5.		<u>U.S. importation</u> Does your firm or any related firm import or have any plans to import chlorinated isos into the United States?			
	☐ No	YesPlease name the firm(s) and the country of origin of the product below and ensure that they complete the Commission's importer questionnaire.			
	Firms:	Country of origin of product:			
-6.	business plan	nIn Parts II and III of this questionnaire we request a copy of your company's n. Does your company or any related firm have a business plan or any internal hat describe, discuss, or analyze expected future market conditions for chlorinated			
	☐ No	YesPlease provide the requested documents. If you are not providing the requested documents, please explain why not.			

PART II.--TRADE AND RELATED INFORMATION

Further information on this part of the questionnaire can be obtained from Chris Cassise (202-708-5408, chris.cassise@usitc.gov). Supply all data requested on a calendar-year basis.

II-1.	Contact informationPlease identify the responsible individual and the manner by which
	Commission staff may contact that individual regarding the confidential information submitted
	in part II.

Name	
Title	
Email	
Telephone	
Fax	

II-2. <u>Changes in operations.</u>—Please indicate whether your firm has experienced any of the following changes in relation to the production of chlorinated isos since January 1, 2013.

Check as many as appropriate.		If checked, please describe; leave blank if not applicable.
	Plant openings	
	Plant closings	
	Relocations	
	Expansions	
	Acquisitions	
	Consolidations	
	Prolonged shutdowns or production curtailments	
	Revised labor agreements	
	Other (e.g., technology)	

II-3.	Anticipated changes in operationsDoes your firm anticipate any changes in the character of its operations or organization (as noted above) relating to the production of chlorinated isos in the future?		
	□ No □ Yes-	-Supply details as to the time, nature, and significance of such changes and provide underlying assumptions, along with relevant portions of business plans or other supporting documentation that address this issue. Include in your response a specific projection of your firm's capacity to produce chlorinated isos (in short tons) for 2016 and 2017.	
II-4.	anticipate any changes i relating to the production	operations in the event the orders are revokedWould your firm in the character of its operations or organization (as noted above) on of chlorinated isos in the future if the antidumping duty orders on ina and Spain were to be revoked?	
	□ No □ Yes-	Supply details as to the time, nature, and significance of such changes and provide underlying assumptions, along with relevant portions of business plans or other supporting documentation that address this issue. Include in your response a specific projection of your firm's capacity to produce chlorinated isos (in short tons) for 2016 and 2017.	

II-5.	Same equipment, machinery, and workers for granules/powder or tablets & product shiftingHas your firm since 2013 produced, or does your firm anticipate producing in the future, other products on the same equipment and machinery used in the production of granular/powder or tableted chlorinated isos and/or using the same production and related						
	workers employed to produce granular/powder or tableted chlorinated isos?						
	☐ No ☐ YesGranules/powder (respond below) ☐ YesTablets (respond below)						
	If you checked "yes" (meaning that your firm is able to switch production between granular/powder and tableted chlorinated isos and other products using the same equipment and labor), please identify the other products , the approximate time and cost involved in switching, and the minimum relative price change required for your firm to switch production to or from granular/powder or tableted chlorinated isos.						
II-6.	Production constraintsPlease describe the constraint(s) that set the limit(s) on your firm's						
0.	production capacity.						
II-7.	Share of sales of granular/powderWhat percentage of your firm's total sales in its most recent fiscal year was represented by sales of granular/powder chlorinated isos? percent						
II-8.	<u>Share of sales of tablets.</u> What percentage of your firm's total sales in its most recent fiscal year was represented by sales of tableted chlorinated isos? percent						
II-9.	<u>Share of total production of granules/powder</u> Please estimate what percentage of total production of granular/powder chlorinated isos in China or Spain is accounted for by your firm's total production of granular/powder chlorinated isos in 2015 percent						
II-10.	<u>Share of total production of tablets</u> Please estimate what percentage of total production of tableted chlorinated isos in China or Spain is accounted for by your firm's total production of tableted chlorinated isos in 2015 percent.						
II-11.	<u>Share of total exports granules/powder</u> Please estimate what percentage of total exports to the United States of granular/powder chlorinated isos from China or Spain is accounted for by your firm's total exports of granular/powder chlorinated isos in 2015 percent						
II-12.	<u>Share of total exports tablets</u> Please estimate what percentage of total exports to the United States of tableted chlorinated isos from China or Spain is accounted for by your firm's total exports of tableted chlorinated isos in 2015percent.						
II-13.	<u>Inventories in the United States</u> Has your firm, since 2013, maintained any inventories of chlorinated isos in the United States (not including inventories held by firms identified in question I-3)?

Definitions

Chlorinated Isos:

<u>Granular/powder.</u>--includes both trichloroisocyanuric acid or "trichlor," which has approximately 90 percent available chlorine, and sodium dichloroisocyanurate or "dichlor" both in anhydrous form, with approximately 62 to 63 percent available chlorine, and in dihydrate form, with approximately 55.0 to 57.1 percent available chlorine.

<u>Tablets</u>.--Multi-function tablets and sticks made from trichlor or dichlor. Some tablets may contain additives including algaecides, clarifiers or other materials.

<u>Establishment</u>.--Each facility of a firm in China or Spain involved in the production of chlorinated isos (as defined above), including auxiliary facilities operated in conjunction with (whether or not physically separate from) such facilities.

"Average production capacity" or "capacity" is defined as the level of production that your establishment(s) could reasonably have expected to attain during the specified periods. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup; and a typical or representative product mix).

"Inventories" are defined as finished goods inventory, not raw materials or work-in-progress.

"Production" is defined as all production in your establishment(s) in China or Spain, including production consumed internally within your firm.

"Shipments" are defined as shipments of products produced in your establishment(s) in China or Spain. Quantities reported should be net of returns.

"Shipment quantities" reported should be net of returns.

"Shipment values" reported should be net values (i.e., gross sales values less all discounts, allowances, rebates, prepaid freight, and the value of returned goods) in <u>U.S. dollars</u>, f.o.b. your point of shipment in China or Spain.

"Home market commercial shipments" are defined as shipments, other than internal consumption and transfers to related firms, within China or Spain.

"Home market internal consumption/transfers to related firms" is defined as shipments made to related firms in China or Spain, including product consumed internally by your firm.

"Export shipments" are defined as shipments to destinations outside China or Spain, including shipments to related firms.

Note.--Do not submit data on multiple countries combined in the trade grids. The establishments reported in question II-15 should all be located in the country of the firm's address reported on the certification page. Multinational companies with production in multiple subject countries should submit separate foreign producer questionnaire responses for each subject country.

II-15. **Granular/powder chlorinated isos production in subject country**.--Report your firm's production capacity, production, shipments, and inventories related to the production of chlorinated isos in *granular or powder form* in your establishment(s) in China or Spain during the specified periods. **+Link to definitions**.

¹Reason for inventories, production and shipment data not balancing if reconciliation line not returning zero ("0"):

PART III.--MARKET FACTORS

Further information on this part of the questionnaire can be obtained from Tana Farrington (202-205-2389, Tana.Farrington@usitc.gov).

III-1. <u>Contact information.</u>-- Please identify the responsible individual and how Commission staff may contact the individual regarding the confidential information submitted in part III.

Name	
Title	
Email	
Telephone	
Fax	

III-2. <u>Contract versus spot.</u>--Approximately what share of your firm's sales of chlorinated isos to U.S. customers in 2015 was on a (1) long-term contract basis, (2) annual contract basis, (3) short-term contract basis, and (4) spot sales basis?

	Type of sale					
	Long-term contracts (multiple deliveries for more than 12 months)	Annual contracts (multiple deliveries for 12 months)	Short-term contracts (multiple deliveries for less than 12 months)	Spot sales (for a single delivery)	Total (shoul sum t 100.0%	d o
Share of your 2015 sales	%	%	%	%	0.0	%

III-3. <u>Contract provisions.</u>— Please fill out the table regarding your firm's typical sales contracts with U.S. customers for chlorinated isos (or check "not applicable" if your firm does not sell on a long-term, short-term and/or annual contract basis).

Typical sales contract provisions	Item	Short-term contracts (multiple deliveries for less than 12 months)	Annual contracts (multiple deliveries for 12 months)	Long-term contracts (multiple deliveries for more than 12 months)
Average contract duration	No. of days		365	
Price renegotiation	Yes			
(during contract period)	No			
	Quantity			
Fixed quantity and/or price	Price			
	Both			
Meet or release	Yes			
provision	No			
Not applicable				

III-4. <u>Lead times.</u> — What is your firm's share of sales from inventory and produced to order and what is the typical lead time between a customer's order and the date of delivery for your firm's sales of chlorinated isos?

Source	Share of 2015 sales	Lead time (days)
From inventory	%	
Produced to order	%	
Total (should sum to 100.0%)	0.0 %	

III-5.	Raw materials Indicate how chlorinated isos raw materials prices have changed since January
	1, 2013, and how you expect they will change in the future.

Raw materials prices	Overall increase	No change	Overall decrease	Fluctuate with no clear trend	Explain, noting how raw material price changes have affected your firm's selling prices for chlorinated isos.
Changes since January 1, 2013					
Anticipated changes					

III-6. Changes in factors affecting supply.--Have any changes occurred in any other factors affecting supply (e.g., changes in availability or prices of energy or labor; transportation conditions; production capacity and/or methods of production; technology; export markets; or alternative production opportunities) that affected the availability of China- and Spain-produced chlorinated isos in the U.S. market since January 1, 2013?

No	Yes	If yes, please describe.

III-7. **Availability of SUBJECT import supply.--** Do you anticipate any changes in terms of the availability of China- and Spain-produced chlorinated isos in the U.S. market in the future?

Increase	No change	Decrease	If you anticipate changes in supply, please identify the changes, including the time period and the impact of such changes on shipment volumes and prices.

III-8.	Product shiftingDescribe how easily your firm can shift its sales of chlorinated isos between the U.S. market and alternative country markets. In your discussion, please describe any contracts, other sales arrangements, or other constraints (including any third-country trade barriers such as tariffs, quotas, or other non-tariff barriers) that would prevent or retard your firm from shifting chlorinated isos between the U.S. and alternative country markets within a 12-month period. Product rangeIs the product range, product mix, or marketing of chlorinated isos in your firm's home market different from that of chlorinated isos for export to the United States or to third-country markets?								
	No	Yes	If ye	es, ple	ase explain.				
III-10.	or marke	ting of ch	lorir	nated	re been any significant changes in the product range, product mix, isos in your firm's home market, exported to the United States, or arkets since January 1, 2013? Do you anticipate any future

III-19. Market studies.--Please provide as a separate attachment to this request any studies, surveys, etc. that you are aware of that quantify and/or otherwise discuss chlorinated isos supply (including production capacity and capacity utilization) and demand in (1) the United States, (2) each of the other major producing/consuming countries, including China and Spain, and (3) the world as a whole. Of particular interest is such data from 2013 to the present and forecasts for the future.

III-20.	Other explanationsIf your firm would like to further explain a response to a question in Part III that did not provide a narrative response box, please note the question number and the explanation in the space provided below. Please also use this space to highlight any issues your firm had in providing the data in this section, including but not limited to technical issues with the MS Word questionnaire.

HOW TO FILE YOUR QUESTIONNAIRE RESPONSE

This questionnaire is available as a "fillable" form in MS Word format on the Commission's website at:

https://www.usitc.gov/investigations/701731/2015/chlorinated isocyanurates china and spain/second review full.htm

Please do not attempt to modify the format or permissions of the questionnaire document. Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

• <u>Upload via Secure Drop Box.</u>—Upload the MS Word questionnaire along with a scanned copy of the signed certification page (page 1) through the Commission's secure upload facility:

Web address: https://dropbox.usitc.gov/oinv/ Pin: NACL

• E-mail.—E-mail the MS Word questionnaire to chris.cassise@usitc.gov; include a scanned copy of the signed certification page (page 1). Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure drop-box system and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm's nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.

If your firm <u>did not</u> produce or export this product, please fill out page 1, print, sign, and submit a scanned copy to the Commission.

<u>Parties to this proceeding</u>.—If your firm is a party to this proceeding, it is required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties may be obtained from the Commission's Secretary (202-205-1803). A certificate of service must accompany the completed questionnaire you submit (see 19 CFR § 207.7). Service of the questionnaire must be made in paper form.
