

FOREIGN PRODUCERS'/EXPORTERS' QUESTIONNAIRE

CERTAIN ALUMINUM EXTRUSIONS FROM CHINA

This questionnaire must be received by the Commission by **November 29, 2016**

See last page for filing instructions.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its reviews of the antidumping and countervailing duty orders concerning aluminum extrusions from China (Inv. Nos. 701-TA-475 and 731-TA-1177 (Review)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII.

CERTIFICATION

I certify that the information herein supplied in response to this questionnaire is complete and correct to the best of my knowledge and belief and understand that the information submitted is subject to audit and verification by the Commission. By means of this certification I also grant consent for the Commission, and its employees and contract personnel, to use the information provided in this questionnaire and throughout this proceeding in any other import-injury proceedings or reviews conducted by the Commission on the same or similar merchandise.

I, the undersigned, acknowledge that information submitted in response to this request for information and throughout this proceeding or other proceeding may be disclosed to and used: (i) by the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel, solely for cybersecurity purposes. I understand that all contract personnel will sign appropriate nondisclosure agreements.

PART I.--GENERAL INFORMATION

Background.--On April 4, 2011, the Department of Commerce ("Commerce") issued antidumping and countervailing duty orders on imports of aluminum extrusions from China. On April 1, 2016, the Commission instituted reviews pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. § 1675(c)) (the Act) to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. If both the Commission and Commerce make affirmative determinations, the orders will remain in place. If either the Commission or Commerce makes negative determinations, Commerce will revoke the orders. Questionnaires and other information pertinent to these proceedings are available at http://wwwadmin.usitc.gov/investigations/701731/2016/aluminum_extrusions_china/full_review.htm

Aluminum extrusions covered by these reviews are defined as follows:

Shapes and forms, produced by an extrusion process, made from aluminum alloys having metallic elements corresponding to the alloy series designations published by The Aluminum Association commencing with the numbers 1, 3, and 6 (or proprietary equivalents or other certifying body equivalents). Specifically, the subject merchandise made from aluminum alloy with an Aluminum Association series designation commencing with the number 1 contains not less than 99 percent aluminum by weight. The subject merchandise made from aluminum alloy with an Aluminum Association series designation commencing with the number 3 contains manganese as the major alloying element, with manganese accounting for not more than 3.0 percent of total materials by weight. The subject merchandise is made from an aluminum alloy with an Aluminum Association series designation commencing with the number 6 contains magnesium and silicon as the major alloying elements, with magnesium accounting for at least 0.1 percent but not more than 2.0 percent of total materials by weight, and silicon accounting for at least 0.1 percent but not more than 3.0 percent of total materials by weight. The subject aluminum extrusions are properly identified by a four-digit alloy series without either a decimal point or leading letter. Illustrative examples from among the approximately 160 registered alloys that may characterize the subject merchandise are as follows: 1350, 3003, and 6060.

Aluminum extrusions are produced and imported in a wide variety of shapes and forms, including, but not limited to, hollow profiles, other solid profiles, pipes, tubes, bars, and rods. Aluminum extrusions that are drawn subsequent to extrusion (drawn aluminum) are also included in the scope.

Aluminum extrusions are produced and imported with a variety of finishes (both coatings and surface treatments), and types of fabrication. The types of coatings and treatments applied to subject aluminum extrusions include, but are not limited to, extrusions that are mill finished (*i.e.*, without any coating or further finishing), brushed, buffed, polished, anodized (including brightdip anodized), liquid painted, or powder coated. Aluminum extrusions may also be fabricated, *i.e.*, prepared for assembly. Such operations would include, but are not limited to, extrusions that are cut-to-length, machined, drilled, punched, notched, bent, stretched, knurled, swedged, mitered, chamfered, threaded, and spun. The subject merchandise includes aluminum extrusions that are finished (coated, painted, *etc.*), fabricated, or any combination thereof.

Subject aluminum extrusions may be described at the time of importation as parts for final finished products that are assembled after importation, including, but not limited to, window frames, door frames, solar panels, curtain walls, or furniture. Such parts that otherwise meet the definition of

aluminum extrusions are included in the scope. The scope includes the aluminum extrusion components that are attached (*e.g.*, by welding or fasteners) to form subassemblies, *i.e.*, partially assembled merchandise unless imported as part of the finished goods 'kit' defined further below. The scope does not include the non-aluminum extrusion components of subassemblies or subject kits.

Subject extrusions may be identified with reference to their end use, such as fence posts, electrical conduits, door thresholds, carpet trim, or heat sinks (that do not meet the finished heat sink exclusionary language below). Such goods are subject merchandise if they otherwise meet the scope definition, regardless of whether they are ready for use at the time of importation. The following aluminum extrusion products are excluded: aluminum extrusions made from aluminum alloy with an Aluminum Association series designations commencing with the number 2 and containing in excess of 1.5 percent copper by weight; aluminum extrusions made from aluminum alloy with an Aluminum Association series designation commencing with the number 5 and containing in excess of 1.0 percent magnesium by weight; and aluminum extrusions made from aluminum alloy with an Aluminum Association series designation commencing with the number 7 and containing in excess of 2.0 percent zinc by weight.

The scope also excludes finished merchandise containing aluminum extrusions as parts that are fully and permanently assembled and completed at the time of entry, such as finished windows with glass, doors with glass or vinyl, picture frames with glass pane and backing material, and solar panels. The scope also excludes finished goods containing aluminum extrusions that are entered unassembled in a "finished goods kit." A finished goods kit is understood to mean a packaged combination of parts that contains, at the time of importation, all of the necessary parts to fully assemble a final finished good and requires no further finishing or fabrication, such as cutting or punching, and is assembled "as is" into a finished product. An imported product will not be considered a "finished goods kit" and therefore excluded from the scope of the investigation merely by including fasteners such as screws, bolts, *etc.* in the packaging with an aluminum extrusion product.

The scope also excludes aluminum alloy sheet or plates produced by other than the extrusion process, such as aluminum products produced by a method of casting. Cast aluminum products are properly identified by four digits with a decimal point between the third and fourth digit. A letter may also precede the four digits. The following Aluminum Association designations are representative of aluminum alloys for casting: 208.0, 295.0, 308.0, 355.0, C355.0, 356.0, A356.0, A357.0, 360.0, 366.0, 380.0, A380.0, 413.0, 443.0, 514.0, 518.1, and 712.0. The scope also excludes pure, unwrought aluminum in any form.

The scope also excludes collapsible tubular containers composed of metallic elements corresponding to alloy code 1080A as designated by the Aluminum Association where the tubular container (excluding the nozzle) meets each of the following dimensional characteristics: (1) length of 37 millimeters ("mm") or 62 mm, (2) outer diameter of 11.0 mm or 12.7 mm, and (3) wall thickness not exceeding 0.13 mm.

Also excluded from the scope of this order are finished heat sinks. Finished heat sinks are fabricated heat sinks made from aluminum extrusions the design and production of which are organized around meeting certain specified thermal performance requirements and which have been fully, albeit not necessarily individually, tested to comply with such requirements.

Imports of the subject merchandise are provided for under the following categories of the Harmonized Tariff Schedule of the United States (HTSUS): 8424.90.9080, 9405.99.4020, 9031.90.90.95, 7616.10.90.90, 7609.00.00, 7610.10.00, 7610.90.00, 7615.10.30, 7615.10.71, 7615.10.91, 7615.19.10, 7615.19.30, 7615.19.50, 7615.19.70, 7615.19.90, 7615.20.00, 7616.99.10, 7616.99.50, 8479.89.98,

The subject merchandise entered as parts of other aluminum products may be classifiable under the following additional Chapter 76 subheadings: 7610.10, 7610.90, 7615.19, 7615.20, and 7616.99, as well as under other HTSUS chapters. In addition, heat exchange systems may be classifiable under HTSUS numbers: 8418.99.80.50 and 8418.99.80.60. While HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this *AD Order* is dispositive.¹

The following products are among those that Commerce determined to be within the scope of these reviews pursuant to certain scope ruling requests:

Fin evaporator coil systems begin with extruded aluminum tubes that are bent into serpentine profiles. The serpentine then undergoes a series of further manufacturing steps to be processed into a fin evaporator coil system. Specifically, each serpentine first is run through a process on which a number of stamped aluminum “fins” (made of aluminum alloy sheet) of multiples sizes are serially attached to the coil. Following the attachment of the fins, two “stub” fittings made of copper—one smaller, one larger—are welded to the open ends of the coil. In certain instances, these systems are imported in this condition; in others, additional componentry, such as “capillaries”, suction tubes, foam “air dams”, or a defrost heater attachment are added prior to importation.

Fittings for engine cooling systems consist of the following: (1) aluminum fittings for oil coolers; (2) aluminum fittings for condensers; (3) aluminum fittings for radiators; (4) aluminum plugs for oil coolers; (5) aluminum mounting pins for oil coolers; and (6) aluminum fasteners for oil coolers. All of these fittings begin with rough blanks of extruded aluminum. The rough blanks then undergo several complex processes in numerically controlled CNC machines, which fundamentally change the shape of the blanks.

Reporting of information.-- If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, purchaser and/or foreign producer questionnaire), you need not respond to duplicated questions.

Confidentiality--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. § 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

Verification--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

Release of information--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.

I-1. **OMB statistics.**--Please report below the actual number of hours required and the cost to your firm of completing this questionnaire.

Hours	Dollars

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 30 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

I-2. **Establishments covered.**-- Provide the name and address of establishment(s) covered by this questionnaire. If your firm is publicly traded, please specify the stock exchange and trading symbol.

"Establishment"-- Each facility of a firm in China involved in the production or export of aluminum extrusions, including auxiliary facilities operated in conjunction with (whether or not physically separate from) such facilities. Firms operating more than one establishment in China should combine the data for all establishments into a single report.

I-4. **U.S. or other country production.**--Does your firm or any related firm produce, have the capability to produce, or have any plans to produce aluminum extrusions in the United States or other countries?

- No Yes--Please name the firm(s) and country(ies) below and, if U.S. producer(s), ensure that they complete the Commission's producer questionnaire.

I-5. **U.S. importation.**--Does your firm or any related firm import or have any plans to import aluminum extrusions into the United States?

- No Yes--Please name the firm(s) below and ensure that they complete the Commission's importer questionnaire.

I-6. **Business plan.**--In Parts II and III of this questionnaire we request a copy of your company's business plan. Does your company or any related firm have a business plan or any internal documents that describe, discuss, or analyze expected future market conditions for aluminum extrusions?

- No Yes--Please provide the requested documents. If you are not providing the requested documents, please explain why not.

PART II.--TRADE AND RELATED INFORMATION

Further information on this part of the questionnaire can be obtained from **Justin Enck (202-205-3363, Justin.enck@usitc.gov)**. Supply all data requested on a calendar-year basis.

- II-1. **Contact information.**--Please identify the responsible individual and the manner by which Commission staff may contact that individual regarding the confidential information submitted in Part II.

II-3. **Anticipated changes in operations.**--Does your firm anticipate any changes in the character of its operations or organization (as noted above) relating to the production of aluminum extrusions in the future?

- No Yes--Supply details as to the time, nature, and significance of such changes and provide underlying assumptions, along with relevant portions of business plans or other supporting documentation that address this issue. **Include in your response a specific projection of your firm's capacity to produce aluminum extrusions (in short tons) for 2016 and 2017.**

II-4. **Anticipated changes in operations in the event the order is revoked.**--Would your firm anticipate any changes in the character of its operations or organization (as noted above) relating to the production of aluminum extrusions in the future if the antidumping and countervailing duty orders on aluminum extrusions from China were to be revoked?

- No Yes--Supply details as to the time, nature, and significance of such changes and provide underlying assumptions, along with relevant portions of business plans or other supporting documentation that address this issue. **Include in your response a specific projection of your firm's capacity to produce aluminum extrusions (in short tons) for 2016 and 2017.**

II-5a. **Production using same machinery.**-- Please report your firm's production of products made on the same equipment and machinery used to produce aluminum extrusions, and the combined production capacity on this shared equipment and machinery.

"Overall production capacity" or "capacity" --The level of production that your establishment(s) could reasonably have expected to attain during the specified periods for all products manufactured in that establishment using the same manufacturing equipment. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup).

"Production" --All production in your establishment(s) in China, including production consumed internally within your firm.

II-5c. **Capacity calculation.**--Please describe the methodology used to calculate overall production capacity reported in II-5a, and explain any changes in reported capacity.

II-5d. **Production constraints.**--Please describe the constraint(s) that set the limit(s) on your firm's production capacity.

II-5e. **Product shifting.**

(i). Is your firm able to switch production (capacity) between aluminum extrusions and other products using the same equipment and/or labor?

No

Yes-- (i.e., have produced other products or are able to produce other products). Please identify other actual or potential products.

(ii). Please describe the factors that affect your firm's ability to shift production capacity between products (e.g., time, cost, relative price change, etc.), and the degree to which these factors enhance or constrain such shifts.

II-6. **Share of sales.**--What percentage of your firm's total sales in its most recent fiscal year was represented by sales of aluminum extrusions? _____ percent.

II-7. **Firm's estimated share of production in country.**--Please estimate the percentage of total production of aluminum extrusions in China accounted for by your firm's production in 2015. _____ percent.

II-8. **Firm's estimated share of country's exports.**--Please estimate the percentage of total exports to the United States of aluminum extrusions from China accounted for by your firm's exports in 2015. _____ percent.

II-9. **Inventories in the United States.**--Has your firm, since 2011, maintained any inventories of aluminum extrusions in the United States (not including inventories held by firms identified in question I-3)?

No

Yes--List the products(s), countries affected, and the date of such findings/remedies/proceedings.

II-11. **Other export markets.**--Identify export markets (other than the United States) that your firm has developed or where it has increased its sales of aluminum extrusions since 2011. Please identify and discuss below.

II-12. **Significance of antidumping and countervailing duty orders.**--Describe the significance of the existing antidumping and countervailing duty orders covering imports of aluminum extrusions from China in terms of its effect on your firm's production capacity, production, home market shipments, exports to the United States and other markets, and inventories. You may wish to compare your firm's operations before and after the imposition of the order.

II-13. **Anticipated changes if order revoked.**--Would your firm anticipate any changes in its production capacity, production, home market shipments, exports to the United States and other markets, or inventories relating to the production of aluminum extrusions in the future if the **antidumping and countervailing duty orders** on aluminum extrusions from China were to be revoked?

No

Yes--Supply details as to the time, nature, and significance of such changes and provide underlying assumptions, along with relevant portions of business plans or other supporting documentation for any trends or projections you may provide.

- II-14. **Trade data.**--Report your firm's production capacity, production, shipments, and inventories related to the production of aluminum extrusions in your establishment(s) in China during the specified periods.

Do not include resales of aluminum extrusions that your firm did not produce in this question; those data to the degree your firm's purchases of aluminum extrusions are exported to the United States those resales should only be reported in question II-16.

Do not submit data by manufacturing facility if they are in the same country. If your firm has multiple manufacturing establishments within China, you are required to combine data for those establishments within one foreign producer questionnaire response.

Do not submit data on multiple countries combined. The establishments reported here should all be located in the China.

"Average production capacity" or "capacity" --The level of production that your establishment(s) could reasonably have expected to attain during the specified periods for all products manufactured in that establishment using the same manufacturing equipment. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup; and a typical or representative product mix).

"Production" --All production in your establishment(s) in China, including production consumed internally within your firm.

"Shipments"--Shipments of products produced in your establishment(s) in China. Quantities reported should be net of returns. Report net values (i.e., gross sales values less all discounts, allowances, rebates, prepaid freight, and the value of returned goods) in U.S. dollars, f.o.b. your point of shipment in China.

"Home market commercial shipments"--Shipments, other than internal consumption and transfers to related firms, within China.

"Home market internal consumption/transfers to related firms"--Shipments made to related firms in China, including product consumed internally by your firm.

"Export shipments"--Shipments to destinations outside China, including shipments to related firms.

"Inventories"--Finished goods inventory, not raw materials or work-in-progress.

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the trade data, as Commission staff may contact your firm regarding questions on the trade data. The Commission may also request that your company submit copies of the supporting documents/records (such as production and sales schedules, inventory records, etc.) used to compile these data.

II-14. **Trade data.**--Continued.

II-17. **Other explanations.**--If your firm would like to further explain a response to a question in Part II that did not provide a narrative box, please note the question number and the explanation in the space provided below. Please also use this space to highlight any issues your firm had in providing the data in this section, including but not limited to technical issues with the MS Word questionnaire.

PART III.--MARKET FACTORS

Further information on this part of the questionnaire can be obtained from Emily Burke (202-205-3191, Emily.Burke@usitc.gov).

III-1. **Contact information.**-- Please identify the responsible individual and how Commission staff may contact the individual regarding the confidential information submitted in Part III.

Name	
Title	
Email	
Telephone	
Fax	

III-2. **Contract versus spot.**--Approximately what share of your firm's sales of aluminum extrusions to U.S. customers in 2015 was on a (1) long-term contract basis, (2) annual contract basis, (3) short-term contract basis, and (4) spot sales basis?

	Type of sale				Total (should sum to 100.0%)
	Long-term contracts (multiple deliveries for more than 12 months)	Annual contracts (multiple deliveries for 12 months)	Short-term contracts (multiple deliveries for less than 12 months)	Spot sales (for a single delivery)	
Share of your 2015 sales	%	%	%	%	0.0 %

III-3. **Contract provisions.**— Please fill out the table regarding your firm's typical sales contracts with U.S. customers for aluminum extrusions (or check "not applicable" if your firm does not sell on a long-term, short-term and/or annual contract basis).

Typical sales contract provisions	Item	Short-term contracts (multiple deliveries for less than 12 months)	Annual contracts (multiple deliveries for 12 months)	Long-term contracts (multiple deliveries for more than 12 months)
Average contract duration	<i>No. of days</i>		365	
Price renegotiation (during contract period)	<i>Yes</i>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	<i>No</i>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Fixed quantity and/or price	<i>Quantity</i>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	<i>Price</i>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	<i>Both</i>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Meet or release provision	<i>Yes</i>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	<i>No</i>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Not applicable		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

III-4. **Lead times.**— What is your firm’s share of sales from inventory and produced to order and what is the typical lead time between a customer’s order and the date of delivery for your firm’s sales of aluminum extrusions?

Source	Share of 2015 sales	Lead time (average number of days)
From inventory	%	
Produced to order	%	
Total (should sum to 100.0%)	0.0 %	

III-5. **Raw materials.**-- Indicate how aluminum extrusions raw materials prices have changed since January 1, 2011, and how you expect they will change in the future.

Raw materials prices	Overall increase	No change	Overall decrease	Fluctuate with no clear trend	Explain, noting how raw material price changes have affected your firm’s selling prices for aluminum extrusions.
Changes since January 1, 2011	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Anticipated changes	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	

III-6. **Changes in factors affecting supply.**--Have any changes occurred in any other factors affecting supply (e.g., changes in availability or prices of energy or labor; transportation conditions; production capacity and/or methods of production; technology; export markets; or alternative production opportunities) that affected the availability of China-produced aluminum extrusions in the U.S. market since January 1, 2011?

No	Yes	If yes, please describe.
<input type="checkbox"/>	<input type="checkbox"/>	

III-7. **Availability of SUBJECT import supply.**-- Do you anticipate any changes in terms of the availability of Chinese-produced aluminum extrusions in the U.S. market in the future?

Increase	No change	Decrease	If you anticipate changes in supply, please identify the changes, including the time period and the impact of such changes on shipment volumes and prices.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	

III-8. **Product shifting.**--Describe how easily your firm can shift its sales of aluminum extrusions between the U.S. market and alternative country markets. In your discussion, please describe any contracts, other sales arrangements, or other constraints (including any third-country trade barriers such as tariffs, quotas, or other non-tariff barriers) that would prevent or retard your firm from shifting aluminum extrusions between the U.S. and alternative country markets within a 12-month period.

--

III-9. **Product range.**--Is the product range, product mix, or marketing of aluminum extrusions in your firm's home market different from that of aluminum extrusions for export to the United States or to third-country markets?

No	Yes	If yes, please explain.
<input type="checkbox"/>	<input type="checkbox"/>	

III-10. **Product changes.**--Have there been any significant changes in the product range, product mix, or marketing of aluminum extrusions in your firm's home market, for export to the United States, or for export to third-country markets since January 1, 2011? Do you anticipate any future changes?

Changes in product range, product mix, or marketing		No	Yes	Explain
Changes since January 1, 2011		<input type="checkbox"/>	<input type="checkbox"/>	
Anticipated changes		<input type="checkbox"/>	<input type="checkbox"/>	

III-11. **Substitutes.** --

(a) Can other products be substituted for aluminum extrusions?

No Yes--Please fill out the table.

Substitute	End use in which this substitute is used	Have changes in the price of this substitute affected the price for aluminum extrusions?		
		No	Yes	Explanation
1.		<input type="checkbox"/>	<input type="checkbox"/>	
2.		<input type="checkbox"/>	<input type="checkbox"/>	
3.		<input type="checkbox"/>	<input type="checkbox"/>	

(b) Have there been any changes in the number or types of products that can be substituted for aluminum extrusions since January 1, 2011? Do you anticipate any future changes?

Changes in substitutes	No	Yes	Explain
Changes since January 1, 2011	<input type="checkbox"/>	<input type="checkbox"/>	
Anticipated changes	<input type="checkbox"/>	<input type="checkbox"/>	

III-12. **Interchangeability.**--Are the aluminum extrusions produced by your firm and sold in its home market interchangeable (*i.e.*, can be used in the same applications) with your firm's aluminum extrusions sold to the United States and/or to third-country markets?

Yes	No	If no, identify the market(s) and any differences in the products.
<input type="checkbox"/>	<input type="checkbox"/>	

III-13. **End uses.**—

- (a) Describe the end uses of the aluminum extrusions that your firm manufactures and sell to your firm's home market. If these end uses differ from those of the aluminum extrusions your firm sells to the U.S. market or to third-country markets, explain.

--

- (b) Have there been any changes in the end uses of aluminum extrusions since January 1, 2011? Do you anticipate any future changes?

Changes in end uses	No	Yes	Explain
Changes since January 1, 2011	<input type="checkbox"/>	<input type="checkbox"/>	
Anticipated changes	<input type="checkbox"/>	<input type="checkbox"/>	

- III-14. **Demand trends.**--Indicate how demand in the following markets for aluminum extrusions has changed since January 1, 2011, and how you anticipate demand will change in the future. Explain any trends and describe the principal factors that have affected, and that you anticipate will affect, these changes in demand.

III-15. **Price differences.**--Please compare market prices of aluminum extrusions in your firm's home market, the United States, and third-country markets.

--

III-16. **Description of home market.**--Describe briefly your firm's home market for aluminum extrusions, including the number of, and competition between, producers.

--

III-17. **Import competition.**--Does your firm face competition from imports of aluminum extrusions in your firm's home market?

No	Yes	If yes, please identify the country sources of these imports.
<input type="checkbox"/>	<input type="checkbox"/>	

III-18. **Market studies.**--Please provide as a separate attachment to this request any studies, surveys, etc. that you are aware of that quantify and/or otherwise discuss aluminum extrusions supply (including production capacity and capacity utilization) and demand in (1) the United States, (2) each of the other major producing/consuming countries, including China, and (3) the world as a whole. Of particular interest is such data from 2011 to the present and forecasts for the future.

III-19. **Other explanations.**--If your firm would like to further explain a response to a question in Part III that did not provide a narrative response box, please note the question number and the explanation in the space provided below. Please also use this space to highlight any issues your firm had in providing the data in this section, including but not limited to technical issues with the MS Word questionnaire.

HOW TO FILE YOUR QUESTIONNAIRE RESPONSE

This questionnaire is available as a “fillable” form in MS Word format on the Commission’s website

at: http://wwwadmin.usitc.gov/investigations/701731/2016/aluminum_extrusions_china/full_review.htm

Please do not attempt to modify the format or permissions of the questionnaire document. Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

- **Upload via Secure Drop Box.**—Upload the MS Word questionnaire along with a scanned copy of the signed certification page (page 1) through the Commission’s secure upload facility:

Web address: <https://dropbox.usitc.gov/oinv/> **Pin:** ALUM

- **E-mail.**—E-mail the MS Word questionnaire to Justin.enck@usitc.gov; include a scanned copy of the signed certification page (page 1). *Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure drop-box system and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm’s nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.*

If your firm did not produce or export this product, please fill out page 1, print, sign, and submit a scanned copy to the Commission.

Parties to this proceeding.—If your firm is a party to this proceeding, it is required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties may be obtained from the Commission’s Secretary (202-205-1803). A certificate of service must accompany the completed questionnaire you submit (see 19 CFR § 207.7). Service of the questionnaire must be made in paper form.
