**Background.**--This proceeding was instituted in response to a petition filed on November 25, 2016, by *Committee Overseeing Action for Lumber International Trade Investigations or Negotiations*.

Countervailing and antidumping duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce (“Commerce”) makes an affirmative determination of subsidization and or dumping. Questionnaires and other information pertinent to this proceeding are available at:

[https://www.usitc.gov/investigations/701731/2016/softwood\\_lumber\\_canada/preliminary.htm](https://www.usitc.gov/investigations/701731/2016/softwood_lumber_canada/preliminary.htm) .

Products conforming to the scope that may be classified by U.S. Customs and Border Protection (“Customs”) as stringers, radius cut box-spring-frame components, fence pickets, truss components, pallet components, and door and window frame parts, are included within the scope of these investigations.
