

# FRUIT CHEMICAL USE SURVEY RESPONDENT BOOKLET

National  
Agricultural  
Statistics  
Service

2015

Dear Producer:

Your operation has been selected to participate in the Fruit Chemical Use Survey, conducted by USDA's National Agricultural Statistics Service (NASS). By providing the information on chemical usage, you will help ensure that the products you use to maintain a safe and abundant food supply continue to be available.

The U.S. Environmental Protection Agency (EPA) is required to conduct a review of tolerance levels for re-registration of pesticide products. Part of the review includes evaluating USDA's estimates on agriculture chemical use. The need for this reliable chemical use data is ongoing. If data are not available, the EPA will assume maximum label rates are being applied on all fruit acreage. Since fruit growers, such as yourself, are the best source for this information, your input is essential in the process. A typical interview lasts about an hour and ten minutes. We recognize your time is valuable, and our interviewers will schedule a time convenient for you. If your chemical use records are available, the survey will take up less of your time.

Information requested in this survey is used to prepare estimates on costs and returns. Under Title 7 of the U.S. Code and CIPSEA (Public Law 107-347), facts about your operation are **kept confidential** and used only for statistical purposes in combination with similar reports from other producers. Response is **voluntary**. You may skip any question(s) you prefer not to answer.

NASS safeguards the privacy of all respondents, ensuring that no individual respondent or operation can be identified. Be assured that your responses to the Fruit Chemical Use Survey will be kept **completely confidential**, as required by federal law.

Thank you for investing in the future of U.S. agriculture and ensuring that decisions affecting you, your family, your business and your community are based on the facts, straight from the source.

Sincerely,

Mark Harris  
Chair, Agricultural Statistics Board  
U.S. Department of Agriculture  
National Agricultural Statistics Service

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0535-0218. The time required to complete this information collection is estimated to average 70 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

# 2015 FRUIT CHEMICAL USE SURVEY RESPONDENT BOOKLET

## TARGET CROPS BY STATE

CALIFORNIA	
301	Apples
303	Apricots
305	Avocados
312	Cherries, Sweet
316	Dates
318	Figs
320	Grapefruit
424	Grapes, Raisin Type Varieties (include all uses for Thompson Seedless variety)
524	Grapes, Table Type Varieties
624	Grapes, Wine Type Varieties
330	Kiwifruit
331	Lemons
333	Nectarines
334	Olives
435	Naval Oranges
535	Valencia Oranges
340	Peaches
341	Pears
342	Plums
343	Prunes
349	Tangerines

FLORIDA	
320	Grapefruit
335	Oranges, All
346	Tangelos
349	Tangerines

GEORGIA	
309	Blueberries
340	Peaches

MICHIGAN	
301	Apples
309	Blueberries
312	Cherries, Sweet
314	Cherries, Tart
340	Peaches

NEW JERSEY	
309	Blueberries
340	Peaches

NEW YORK	
301	Apples
314	Cherries, Tart
324	Grapes, All

NORTH CAROLINA	
301	Apples
309	Blueberries

OREGON	
301	Apples
307	Blackberries
309	Blueberries
312	Cherries, Sweet
341	Pears
345	Raspberries

PENNSYLVANIA	
301	Apples
340	Peaches

### COMMON CONVERSIONS FOR LIQUID AND DRY MEASUREMENTS

1 Kilogram	equals	2.2046 Pounds
1 Pound	equals	0.45 Kilograms
1 Pound	equals	16 Ounces
1 Ounce	equals	0.0625 Pounds
1 Ounce	equals	28.47 Grams
1 Gallon	equals	3.785 Liters
1 Gallon	equals	4 Quarts
1 Gallon	equals	8 Pints
1 Quart	equals	2 Pints
1 Pint	equals	2 Cups
1 Pint	equals	16 Fluid Ounces

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0535-0218. The time required to complete this information collection is estimated to average 45 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.
