

340B Contract Pharmacy Registration

Department of Health and Human Services, Health Resources and Services Administration, Healthcare Systems Bureau
OMB No. 0915-0327; Expiration Date: XX/XX/20XX

Instructions

Covered entities that plan to utilize contract pharmacy arrangements to dispense drugs purchased under the 340B Drug Pricing Program must register the arrangements online and must certify electronically that fully executed agreement(s) are in effect with the contract pharmacy or pharmacies.

All agreements must satisfy the elements outlined in the **guidelines** that govern the operation and compliance of contract pharmacies for 340B covered entities. Prior to registration, covered entities are strongly encouraged to have their legal counsel review all contracts and associated documents to ensure compliance with applicable Federal, State and local requirements. OPA will not review contracts.

IMPORTANT NOTE: The contract pharmacy registration process must be started and completed within the same browser session. Incomplete online registrations cannot be saved for later submission. Do not submit a contract pharmacy registration if you are unsure of the information you are providing, or if contract terms are still under negotiation and/or not fully executed. It is imperative that contract pharmacy registrations are submitted accurately to avoid lengthy delays in 340B implementation.

START DATE – The Contract Pharmacy start date is set at the time OPA approves the contract pharmacy arrangement or at a later date if requested. The contract pharmacy arrangement should not begin prior to the start date shown on the OPA database. OPA will NOT post a retroactive start date. The contract pharmacy start date may not precede the participating start date of the covered entity. For example, an organization added as a covered entity for the quarter beginning April 1 may not have a contract pharmacy start date prior to that same date.

SUBMISSION PROCESS – Once you have registered a contract pharmacy online, the covered entity's authorizing official will receive an e-mail with instructions for certifying the arrangement. The authorizing official must perform this task within 15 calendar days from the time the online registration was completed, or the arrangement will be deleted and the registration process must be restarted. The contract pharmacy registration process is not complete until the arrangement has been certified by the authorizing official; email notifications will be sent to the authorizing official and the contract pharmacy representative at that time.

Pre-Qualification Questions
