Expiration Date:

Thank you for voluntarily participating in the Indian Health Service's patient experience of care survey.

From your perspective as a patient, we ask you to answer questions that will help our quality improvement team understand how we can improve our service to you and others who come to our clinic.

The survey takes only a few minutes. Using the touch screen please select the answer that best describes your experience with the care you received today. We welcome your comments and suggestions of how we can provide better care.

Your name and personal information are protected and won't be connected with your answers.

Background: The survey was based on a survey from Southcentral Foundation, an Alaskan native-owned health care organization. Surveys will not be shared with other entities, including Southcentral.
