RE: Drugged Driving Reporting System:
Survey and Survey Pilot (Project Number 7100,10.002)

DATE: March 6, 2014

Thank you for submitting the Application for Review of the Drugged Driving Reporting System Project. I have received and reviewed the Pilot Study Consent Form, the Cognitive Interview Protocol and the final version of the Drugged Driving Survey. Given the anonymous nature of the survey, no Informed Consent will be required of survey respondents. In addition, I received and reviewed the resumes of Richard Landis, Fran Basche and Erica Ostlie. This project was subjected to an expedited review.

I am pleased to be able to approve the project on behalf of the AHP IRB. The project will require a Continuing Review to be scheduled in March, 2015.

Please do not hesitate to contact me at (518) 428-2940 or avolo_2000@yahoo.com if you have questions or if any modifications to the protocol become necessary.
