

Lower Colorado River Well Inventory

Site ID: _____ Date: _____ Time (MST): _____ Agency: _____ OMB Approval No. 1006-0014 Expiration Date: XX/XX/2015
 Site Name: _____ Land Net: _____ 1/4 _____ 1/4 _____ 1/4 Section _____ Township _____
 Other identifier or markings: _____ GPS file name: _____
 Data reliability: C (field checked) L (poor location) M (minimal data) U (unchecked) Agency use: O District code: 04 Station type: _____
 Outer casing ID: _____ in. Material: _____ Inner casing ID: _____ in. Material: _____
 Outer casing ht. above land surface (LS): _____ ft Distance between tops of inner and outer casings: _____ ft
 Describe reference point for LS: _____
 Condition of well: _____
 Type of power: _____ Motor brand: _____ Serial no.: _____ HP: _____
 Power meter no.: _____ Power company: _____
 Type of pump: _____ Diameter of discharge pipe: _____ in. Flow rate: _____ cfs / gpm Method of meas: _____
 Photograph no. _____, view toward _____, showing _____
 Photograph no. _____, view toward _____, showing _____
 _____ ft _____ from power pole no. _____; _____ ft _____ from stop sign; _____ ft _____ from street sign; _____ ft _____ from canal
 _____ ft _____ from _____; _____ ft _____ from _____
 Additional location information: _____

Water level (WL) required outside flood plain above Laguna Dam

Tape Held: _____ ft WL measurement method: _____
 WL Cut: _____ ft Measuring point (MP) description: _____
 WL below MP: _____ ft _____
 MP height above LS: _____ ft TD below MP: _____ ft
 WL below LS: _____ ft TD below LS: _____ ft
 Status of nearby fields, pumps, canals, etc.: _____

Site status for WL: _____ Source of WL other than measured: _____
 D (dry) G (nearby flowing) J (injector site monitor) P (pumping) T (nearby recently pumped) X (surface-water effects)
 E (recently flowing) H (nearby recently flowing) N (measurement discon.) R (recently pumped) V (foreign substance)
 F (flowing) I (injector site) O (obstruction) S (nearby pumping) W (well destroyed) Z (other)

Use of site (list all that apply in order of use): _____
 A (anode) E (geothermal) M (mine) R (recharge) U (unused) Z (destroyed)
 C (standby emerg.) G (seismic) O (observation) S (repressurize) W (withdrawal)
 D (drain) H (heat reservoir) P (oil or gas) T (test) X (waste)

Uses of water (list all that apply in order of use): _____
 A (air cond., comm.) E (power generation) J (industrial cooling) N (industrial other) R (recreational) U (unused)
 B (bottling) F (fire fighting) K (mining) P (public supply) S (stock watering) Y (desalination)
 C (commercial) H (domestic) M (medicinal) Q (aquaculture) T (institutional) Z (other- explain)
 D (dewatering) I (irrigation)

Domestic only: number of single family residences: _____; number of multifamily residences: _____ Swimming pool: yes / no _____
 Stock only: number: _____; type: _____ Irrigation only: number of acres served by this well: _____; other source of irrigation water: _____

Disposal of unconsumed portion of pumped water (list all that apply): _____
 ST (septic tank) SS (sewer system) EP (evaporation pond) SR (surface return to river) PS (percolation into soil) OT (other-explain)

If sewer system used, include name of municipality operating it: _____
 Property owner's name (last, first, m.i.): _____
 Property owner's phone number: _____ Date property acquired: _____
 Property owner's complete mailing address: _____
 Street address of well: _____
 Well operator's name (last, first, m.i.): _____
 Well operator's phone number: _____ Date operation began: _____
 Well operator's complete mailing address: _____

Annual volume pumped (acre-feet, gallons, cubic meters); (measured, estimated): _____

Is well within the service area of a water supplier?: ____ Name/address of water supplier: _____

Well permit no.: _____ Issuing agency: _____

Federal delivery contract name: _____ Assessor's parcel no.: _____

Latitude: _____ UTM Northing: _____ m

Longitude: _____ UTM Easting: _____ m

Lat/Long. Accuracy: _____ UTM Accuracy: _____ m Zone number: 11

Geographic Datum: _____ Location method: _____

Elevation of reference point: _____ Elevation of MP: _____ Elevation method: _____

Description of reference point for elevation: _____

A (Altimeter) C (GPS Differential Correction Geographic) L (Level-conventional survey)

B (GPS Autonomous Geographic) D (GPS Differential Correction Geodetic) M (Map)

If Map: Map name: _____ Accuracy: _____ Scale: _____ Altitude of LS: _____ ft

LCRAS field numbers watered by well: _____

Remarks (additional comments or sketches): _____

Paperwork Reduction Act Notice

The Colorado River Basin Project Act and the Boulder Canyon Project Act authorize collection of this information. The primary use of this information is to determine the contractual status and consumptive use of Colorado River water from wells. Records of volume of water being pumped, consumptive uses, and point of diversion will be disclosed to interested parties upon written request. Public reporting burden for this form is estimated to average 20 minutes per response, including time for reviewing instructions, gathering and maintaining data, and completing and reviewing the form. Furnishing the information on this form is voluntary. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number.

Privacy Act Statement

Information contained on this form is protected by the Privacy Act of 1974 and will be maintained in INTERIOR/WBR-48 system of records.
