SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in section A.

A. Overview of Information Collection

Title of Information Collection: Evaluation of the Section 811 Project Rental Assistance Program, Phase I.
OMB Approval Number: N/A.
Type of Request: New.
Form Number: N/A.

Description of the need for the information and proposed use: The Office of Policy Research and Development, U.S. Department of Housing and Urban Development (HUD), is proposing a data collection activity as part of the evaluation of the

Section 811 Supportive Housing for Persons with Disabilities (Section 811) Project Rental Assistance (PRA) Program. The PRA Program is a new model of housing assistance authorized in 2010 that provides project-based rental assistance to state housing agencies for the development of supportive housing for extremely low-income persons with disabilities. Housing agencies must have a formal partnership with the state health and human service agency and the state Medicaid provider to provide services and supports directly to residents living in units funded with Section 811 PRA.

The Section 811 PRA program authorizing statute requires HUD to describe the assistance under the program, to analyze its effectiveness, and propose recommendations for future assistance under Section 811. HUD is implementing a two-phase evaluation of the Section 811 PRA program. The first phase of the evaluation is focused on a process evaluation that will describe the implementation of the program in the first 12 states awarded Section 811 PRA funds. The second phase will evaluate the program effectiveness and its impact on residents. This request for OMB clearance covers the first phase of the evaluation. Data collection includes in-person interviews with staffs at state agencies, (housing, health and human services and state Medicaid providers)

and Section 811 PRA Partner Agencies (property owners or managers of properties where Section 811 PRA participants live and staff at organizations that provide supportive services to PRA participants). The purpose of the interviews is to document the implementation experience of the Section 811 PRA Program.

Respondents (i.e. affected public): State housing agencies, state health and human service and Medicaid provider agencies, and Section 811 PRA Partner Agencies.

Total Estimated Burden: For the state housing agency staff, state health and human service agency staff and state Medicaid agency staff, researchers will administer interviews on the implementation of the Section 811 PRA Program for a total of five hours. An additional two hours will be needed to compile material needed on the PRA program in order to answer the research questions. The total burden for state housing agency and Medicaid respondents is 168 hours. The average burden of interviews for Section 811 PRA Partner Agency staff is one hour, with an additional hour to compile information needed to complete the interview. The total burden for PRA Partner Agencies is 137.5 hours. The total burden for all respondents is 305.5 hours.

Respondents	Number of respondents	Frequency of response	Average burden/response (hours)	Average burden/data collection (hours)	Total estimated burden (hours)
State housing agencies implementing Section 811 PRA	12	1	5	2	84
Medicaid agencies implementing Section 811 PRA	12	1	5	2	84
Section 811 PRA Partner Agencies	55	1	1.5	1	137.5
Total Burden Hours					305.5

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in section A on the following:

- (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) The accuracy of the agency's estimate of the burden of the proposed collection of information;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) Ways to minimize the burden of the collection of information on those

who are to respond, including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

Authority: 1701z-1 Research and Demonstrations; 12 U.S.C. chapter 13.

Agency Information Collection Activities: Request for Comments

AGENCY: U.S. Geological Survey (USGS), Interior.

ACTION: Notice of an extension and revision of a currently approved information collection (1028-0062).

SUMMARY: We (the U.S. Geological Survey) will ask the Office of Management and Budget (OMB) to approve the information collection (IC) described below. The collection will consist of 38 forms. As part of the

requested extension we will make a revision to the number of the associated collection instruments. This revision includes deleting USGS Form 9–4002–A and USGS Form 9–4019–A. As required by the Paperwork Reduction Act (PRA) of 1995, and as part of our continuing efforts to reduce paperwork and respondent burden, we invite the general public and other Federal agencies to take this opportunity to comment on this IC. This collection is scheduled to expire on November 30, 2015.

DATES: To ensure that your comments are considered, we must receive them on or before August 31, 2015.

ADDRESSES: Please submit a copy of your comments to the Information Collection Clearance Officer, U.S. Geological Survey, 807 National Center, 12201 Sunrise Valley Drive, Reston, VA 20192 (mail); 703–648–7195 (fax); or *gs-info_collections@usgs.gov* (email). Reference ‘Information Collection 1028–0062, Industrial Minerals Surveys’ in all correspondence.

FOR FURTHER INFORMATION CONTACT: Elizabeth Sangine at 703–648–7720 (telephone); *escottsangine@usgs.gov* (email); or by mail at U.S. Geological Survey, 989 National Center, 12201 Sunrise Valley Drive, Reston, VA 20192.

SUPPLEMENTARY INFORMATION:

I. Abstract

Respondents to these forms supply the USGS with domestic production and consumption data of industrial mineral commodities, some of which are considered strategic and critical. These data and derived information will be published as chapters in Minerals Yearbooks, monthly and quarterly Mineral Industry Surveys, annual Mineral Commodity Summaries, and special publications, for use by Government agencies, industry, education programs, and the general public.

II. Data

OMB Control Number: 1028–0062.

Form Number: Various (38 forms).

Affected Public: Business or Other-For-Profit Institutions: U.S. nonfuel minerals producers and consumers of industrial minerals. Public sector: State and local governments.

Respondent Obligation: None. Participation is voluntary.

Frequency of Collection: Monthly, Quarterly, Semiannually, or Annually.

Estimated Number of Annual Responses: 20,053.

Estimated Time per Response: For each form, we will include an average burden time ranging from 10 minutes to 5 hours.

Annual Burden Hours: 14,004 hours.

Estimated Reporting and Recordkeeping “Non-Hour Cost”

Burdens: There are no “non-hour cost” burdens associated with this collection of information.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number and current expiration date.

III. Request for Comments

We are soliciting comments as to: (a) Whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) the accuracy of the agency’s estimate of the burden time to the proposed collection of information; (c) how to enhance the quality, usefulness, and clarity of the information to be collected; and (d) how to minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

Please note that the comments submitted in response to this notice are a matter of public record. Before including your personal mailing address, phone number, email address, or other personally identifiable information in your comment, you should be aware that your entire comment, including your personally identifiable information, may be made publicly available at any time. While you can ask us in your comment to withhold your personally identifiable information from public view, we cannot guarantee that we will be able to do so.

Land Acquisition; Ho-Chunk Nation of Wisconsin

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice of Acquisition of Land into Trust.

SUMMARY: The United States has acquired approximately 1,553 acres of Federal land within the boundary of the former Badger Army Ammunition Plant near Baraboo, Wisconsin, in trust for the Ho-Chunk Nation of Wisconsin. The acquisition was effectuated by the National Defense Authorization Act for Fiscal Year 2015. This notice provides a legal description of the property.

FOR FURTHER INFORMATION CONTACT: Mr. Michael Black, Director, Bureau of Indian Affairs, MS–4606 MIB, 1849 C Street, NW., Washington, DC 20240; Telephone (202) 208–5116.

SUPPLEMENTARY INFORMATION: On December 12, 2014, Congress passed the National Defense Authorization Act for Fiscal Year 2015 (Act), and on December 19, 2015, the President signed the Act into law. *See* Public Law 113–291. The Act legislatively transferred approximately 1,553 acres located within the boundary of the former Badger Army Ammunition Plant near Baraboo, Wisconsin, to the Secretary of the Interior in trust for the Ho-Chunk Nation of Wisconsin. The legislation effectuated the acquisition of the land in trust and clarified responsibility and liability with regard to conduct or activities that took place on the land before the transfer. 160 Cong. Rec. S6722 (daily ed. Dec. 12, 2014) (statement of Sen. Baldwin).

The approximately 1,533 acres are within the boundary of the former Badger Army Ammunition Plant, near Baraboo, Wisconsin, and the external boundary is described as follows:
