SUPPLEMENTARY INFORMATION: *The Hotel and Motel Fire Safety Act of 1990*, Public Law 101-391, requires FEMA to establish and maintain a list of hotels, motels, and similar places of public accommodation meeting minimum requirements for protection of life from fire; the list is known as the National Master List (NML). This law resulted from a series of deadly fires in hotels and motels, occurring in the late 1970's

and 1980's, with high loss of life. The legislative intent of this public law is to provide all travelers the assurance of fire-safety in accommodations identified on the National Master List. *The Hotel and Motel Fire Safety Act of 1990* further stipulates that Federal employees on official travel stay in properties approved by the authority having jurisdiction (AHJ) and listed on the current NML. For statutory reference see Title 15 U.S.C. §§ 2224-26.
