Introduction (introduction will be repeated for each randomly selected student at each wave; no identifiable information will be collected from the respondent):

Hi, my name is _____ and I work for a research group. We are here to learn more about your school. Would you like to answer two questions about your school? Participation is completely voluntary but we hope you will participate because your perspective is important to us. It should take no more than 2 minutes to answer the questions.

- 1) What are the _____ (school rules, high 5's, 3 bee's)?
(Define what the acronym means based on information learned in principal interview.)
- 2) Have you received a _____ since _____?
(reward for appropriate behavior) (2 months ago)
