1. Justification:

The Section 8 Renewal Policy Guide implements Section 524 of the Multifamily Housing Reform and Affordability Act of 1997 (MAHRA) (public law 105-65, enacted on October 27, 1997), which governs how expiring Section 8 project-based assistance contracts are renewed. The Section 8 contract renewal process is an essential component to preserving low income rental housing affordability and availability, while reducing long-term costs of project-based assistance. Project-based assistance contracts are renewed under MAHRA to protect tenants and preserve affordable housing for low and very low-income tenants. The Section 8 contract renewal process will provide housing protection for the low and very low-income tenants living in various United States communities. The Section 8 Renewal Policy Guide sets forth six renewal options from which project Owners may choose when renewing their expiring Section 8 contracts.

- Option One (Mark -Up- To-Market)
- Option Two ( Contract Renewals for Other Projects with Current Rents at or Below Comparable Market Rents)
- Option Three (Referral to the Office of Affordable Housing Preservation (OAHP))
- Option Four (Renewal of Projects Exempted from Office of Affordable Housing Preservation (OAHP))
- Option Five (Renewal of Portfolio Reengineering Demonstration or Preservation Projects)
- Option Six (Opt-Outs)

At 120 days prior to contract expiration, the Owner must submit the Contract Renewal Request Form (HUD-9624) and additional information as described below selecting from among the following six options, depending upon what the project is eligible for. The Owner must certify that neither they, nor any of their affiliates, are suspended or debarred and that the information in the contract renewal request is true and complete.

Option One (Mark -Up- To-Market)

Owners must include a Rent Comparability Study (RCS) (HUD 92273 S8) and a completed Contract Renewal Request Form (HUD 9624) to determine eligibility for Mark-Up-To-Market renewal. Based on the RCS and the Contract Renewal Request Form, Owners must certify on the worksheet section of the HUD-9624 that the Comparable Market Rent Potential is at or above 100 per cent of the published FMR; that the eligibility criteria are waived; or that the Department should use its discretionary authority to mark rents up to market to facilitate a change in ownership to an eligible unaffiliated nonprofit owner. The Owner must also certify that the property does not have low or moderate-income use restrictions that can be eliminated by unilateral action by the Owner. Under Mark-Up-To-Market, Owners must renew the Section 8 contract for a minimum five-year term, subject to annual appropriations.

Option Two – (Contract Renewals for Other Projects with Current Rents at or Below Comparable Market Rents)

Owners must indicate the term they are requesting e.g., (five years, ten years or twenty years) and that the current contract rent potential of the project is less than or equal to the market rent potential of the comparable market rents. Owners must include a RCS, and a completed Contract Renewal Request Form (HUD 9624), if he/she desires to use such non-Section 8 units in the project as a market ceiling instead of performing a traditional RCS. However, if the Owner requests to renew the Section 8 contract using 75 percent of the FMRs as a market rent ceiling, then no RCS needs to be submitted for an Option Two renewal. The Owner must certify that the project rents do not exceed comparable market rents.

Option Three – (Referral to the Office of Affordable Housing Preservation (OAHP))

Project owners of eligible FHA-insured or HUD-held mortgages whose current rent levels exceed market rents must submit, within 120 days of the expiration of their Section 8 renewal contract, a HUD Form 9624 requesting renewal under Option 3. Owners, who make an Option 3 election, must select to renew their contracts under Option 3A, Reduction of Section 8 Rents to Comparable Market Rents without Restructuring (Lite), or an Option 3B, Restructure of the mortgage and reduction of Section 8 rents to Comparable Market Rents (Full). Any Option 3A election must also include a rent

comparability study. Owners also certify on the Renewal Worksheet for an Option 3A or Option 3B that the project rents exceed comparable market rents; the project currently has a HUD-insured (or HUD-held) mortgage; neither the owner, or any of their affiliates, are suspended or debarred; and that the information provided is true and correct. Under the Mark-to-Market Program (M2M), owners may be issued an interim M2M HAP Contract (HUD 9640 or HUD 9641) at the current above market rents for up to one year while their renewal request is being processed. A HUD authorized representative must also sign and date the Option 3 Renewal Worksheet to evidence a binding commitment for purposes of Section 579(b) of the Multifamily Assisted Housing Reform and Affordability Act of 1997.

#### Option Four – (Renewal of Projects Exempted from Office of Affordable Housing Preservation (OAHP))

Certain projects, referred to as “exception projects” are exempted from debt restructuring through OAHP pursuant to 514(b) of MAHRA because they are not an “eligible multifamily housing project” as defined in 512(2) of MAHRA. Such projects are: 1) Section 202/8 projects currently financed under Section 202 of the Housing Act of 1959; 2) Section 515/8 projects financed under Section 515 of the Housing Act of 1949; 3) SRO Mod Rehab projects; and 4) projects for which the primary financing or mortgage insurance was provided through the state or local government. Since rents may be renewed above market for these projects, the Owner does not have to submit a RCS with its Contract Renewal Request form (HUD 9624). An Owner of a project that has FHA mortgage insurance or is HUD-held with rents at or below comparable market rents may renew under Option 4 but they must submit a RCS to claim eligibility. If Owners elect to submit a budget-based rent adjustment request in years other than contract renewal, they must also submit a RCS should the property not have a current RCS.

#### Option Five - (Renewal of Portfolio Reengineering Demonstration or Preservation Projects)

Owners requesting a renewal of a Portfolio Reengineering Demonstration or Preservation Project must indicate on the HUD-9624 whether or not the project has had either a mortgage restructuring, and/or had the rents reduced to market. If the project is a Preservation Project as defined by the Low Income Housing Preservation and Resident Homeownership Act (LIHPRA) or the Emergency Low Income Housing Preservation Homeownership Act (ELIHPA), the Owner should indicate such on the Contract Renewal Request form HUD-9624.

#### Option Six - (Opt-Outs)

On the Contract Renewal Request form (HUD-9624), the Owner must certify that the required written notification was provided to the tenants living in the project. If the Owner has provided the one-year written notification to the tenants and to the Department, and does not intend to renew the contract, but a full year has not elapsed, the Owner should indicate that he/she agrees to execute a contract renewal for a term that will fulfill the entire one year notification requirement. The Owner must certify that the property does not have any effective Use Agreement, and also agree to honor the tenants' right to remain at the property, provided that the Public Housing Agency (PHA) approves a rent equal to the new rent charged for the unit. Owners must include certain information in a notification letter. In order to meet the legal requirements for the notification, examples of the letter is provided in the Section 8 Renewal Policy Guide.

#### Automatic OCAF Process

The purpose for the Amend Rents Auto OCAF enhancements to the integrated Real Estate Management System (iREMS) is to provide Owners of project-based Section 8 housing that have a multi-year Section 8 contract with automatically calculated annual OCAF rent increases where applicable. iREMS electronically notifies HUD Asset Management in advance of a property's annual OCAF rent increase due date; which is the Housing Assistance Payments contract anniversary date. The iREMS system calculates the new OCAF rent increases; the calculated rents are sent to the Owners for acceptance. The Auto-OCAF Letter Option One and Three (HUD - 9626), or Auto-OCAF Letter Option Two and Four (HUD - 9627), and Exhibit A of the Multifamily Housing Assistance Payments Basic Renewal Contract will reflect the new Amend Rents for the property. The Auto-OCAF Letter Option One and Three (HUD - 9626), letter will be mailed to the Owner that is not eligible to submit a budget-based rent increase and Auto-OCAF Letter Option Two and Four (HUD - 9627), will be mailed to the Owner that is eligible to submit a budget-based rent increase. The project Owner must also sign and date the form, validate/certify the debt service and non-Section 8 rent potential, and return to the HUD/CA office. The process utilizes the subject forms by streamlining rent adjustment processing by eliminating duplicate processes and significantly reducing paperwork. Costs related to time and materials have been reduced for HUD/CA and the

Owner's/Agent's staff members. Owners/Agents benefit from receiving one of the subject letters as opposed to completing an entire OCAF Worksheet (HUD 9625).

2. When the Department provides benefits to owners who repair older Section 8 projects, the Department requires the owner to sign a 20-year HAP contract. However if an owner fails to comply with the provisions of the contract or other requirements of the Department, then the Department might be forced to abate or terminate the contract, thereby allowing the owner to void his responsibility to provide affordable housing for the 20-year life of the contract. The Use Agreement requires the owner to abide by the requirement to provide affordable housing through the end of the original HAP contract. The Department has research indicating that rents in owner supplied rent comparability studies (RCS) may be inflated. In order to reduce the chance that rents are inflated, the Department is proposing to require additional justification if rents in the RCS exceed a certain threshold. This information will not be included in a new form but will be part of the RCS prepared by the appraiser. In addition, the Department needs an attachment to the Section 8 contract that provides an agreement which owners will follow as they repair aging Section 8 projects.

The listed documents are used to establish market rents, amend rents and request renewal of a Section 8 contract under Section 524 of the Multifamily Housing Reform and Affordability Act of 1997 (MAHRA):

3. The information is submitted individually by project Owners on an annual and case-by-case basis. HUD has considered the use of improved electronic technology in collecting information; however, there are no funds to upgrade the electronic submission system. Presently the HUD Office's staff enters and updates the Owner's contract information into the HUD integrated Real Estate Management System (iREMS).

4. The collection will be used under the authority of 524 MAHRA requirements; which require some parts of the collection to be submitted by the Owner on an annual basis, (e.g., requests for an annual rent increase) and other parts to be submitted prior to contract expiration which could be annually or at other times if the contract is a multi-year contract.

5. This collection involves small businesses, which are small profit and non-profit organizations.

6. The Section 8 Program requirement, under the authority of MAHRA, requires the collection to be used on an annual basis for rent increases and one year contracts and at other times when the contract is a multi-year contract. The iREMS system is for internal HUD usage; the collection data, rent calculation for OCAF and contract renewal will be extracted from the iREMS system by HUD/Contract Administrator and mailed to the Owner for review and signature.

Hourly cost is based on an estimate of the Owner or Owner’s staff to prepare the necessary documents for requesting a Section 8 contract renewal or a rent increase. The Owner/Management Agent cost is reflective of an hourly rate for a federal employee equivalent to a GS-12 grade level. The Attorney and Appraiser cost are based on private entity fees, as reflected in the grid below.

Estimate of Cost to Respondents:

The estimated cost is based on the amount of time spent to complete the contract renewal form and estimation of cost to the Owner, which is reflected in the expense to the project: The Owner cost includes the appraiser and an attorney fee; the appraiser will charge for doing the rent comparability study and the attorney will charge for the time it takes to review and synchronize the contract renewal documents. The cost to the Owner will include printing the contract renewal forms.

The majority of the work involves reviewing of the Owner's contract submission and/ rent adjustment and updating the HUD systems with the contract data information. The HUD staff will process the funding and release funds after approval funding in LOCCS is reviewed. PBCA staff vouchers for the funds through a HUD approved process. The Treasury Department issues funds/checks through the direct deposit process. The cost is reflective of the hourly rates for a federal employee equivalent to a GS-12 and HUD Appraiser equivalent to a GS-13 grade level.

15. This is a revision of a currently approved collection resulting in a program changes. The Mark-To-Market statute requires owners who have undergone loan restructuring to accept renewal of the section 8 contract on terms and conditions listed in the Restructuring Commitment. When the contracts were revised in 2007 a specific sentence holding the owner to that statutory requirement was inadvertently left out of the contract. It has now been added in Section 2.d. of the contract. This sentence does not create any additional reporting burden on the owner, nor does it impact the number of MTM contracts that would be signed.

The other forms have in the past been sample forms for use by the field offices but the Department now feels that these forms should be converted to formal documents. In the case of forms HUD-93181 and 93182, the Department has undertaken this safeguard to help ensure that owners who have secured rent increases to pay for repairs to a project do in fact complete the repairs that are acceptable to the Department. In the case of HUD-93184 the Department wanted to formally place certain requirements on an owner if the Department will agree to the early termination of a Section 8 original term HAP contract. This is part of the Department's efforts to preserve affordable housing. Last, in the case of HUD-90055 (a use agreement), the Department wants to require an owner to continue providing housing for low income households even if the Department finds that the property, through owner neglect, no longer qualifies for rental assistance. The Department uses other use agreements in similar transactions to ensure long-term housing. The results of this collection will not be published.
