

DEFENSE INDUSTRIAL BASE ASSESSMENT: Critical Facilities Survey

SCOPE OF ASSESSMENT

The U.S. Department of Commerce, Bureau of Industry and Security (BIS), Office of Technology Evaluation (OTE), in coordination with the U.S. Department of Defense (DOD), Defense Security Service (DSS) is conducting a survey and assessment of organizations responsible for the research, design, engineering, development, manufacture, test, and integration of defense and high-technology products, components, and related services. The resulting data will provide a baseline understanding of the structure and interdependencies of organizations that participate in DOD acquisition programs and their associated supply chains. This survey will cover all operations at respondents' locations, including but not limited to the DSS cleared areas. This effort will also assist DSS in its mission to provide security oversight and education on behalf of the DOD and other U.S. Government departments and agencies.

RESPONSE TO THIS SURVEY IS REQUIRED BY LAW

A response to this survey is required by law (50 U.S.C. app. Sec. 2155). Failure to respond can result in a maximum fine of \$10,000, imprisonment of up to one year, or both. Information furnished herewith is deemed confidential and will not be published or disclosed except in accordance with Section 705 of the Defense Production Act of 1950, as amended (50 U.S.C App. Sec. 2155). Section 705 prohibits the publication or disclosure of this information unless the President determines that its withholding is contrary to the national defense. Information will not be shared with any non-government entity, other than in aggregate form. The information will be protected pursuant to the appropriate exemptions from disclosure under the Freedom of Information Act (FOIA), should it be the subject of a FOIA request.

Notwithstanding any other provision of law, no person is required to respond to nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a currently valid OMB Control Number.

BURDEN ESTIMATE AND REQUEST FOR COMMENT

Public reporting burden for this collection of information is estimated to average 10 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information to BIS Information Collection Officer, Room 6883, Bureau of Industry and Security, U.S. Department of Commerce, Washington, D.C. 20230, and to the Office of Management and Budget, Paperwork Reduction Project (OMB Control No. 0694-0119), Washington, D.C. 20503.

Section I**GENERAL INSTRUCTIONS**

- A. Your organization is required to complete this survey using an Excel template, which can be downloaded from the U.S. Department of Commerce, Bureau of Industry and Security (BIS) website: <http://www.bis.doc.gov/CriticalFacility>. For your convenience, a PDF version of the survey is available on the BIS website to aid your internal data collection. DO NOT submit the PDF version of your organization's response to BIS.
- B. This survey has been distributed on a CAGE/facility basis, but it should be completed at the location level. A location includes but is not limited to the DSS cleared area. A major goal of this assessment is to benchmark the operations, practices, and interdependencies of locations that contain DSS cleared facilities. For the purpose of this survey, a location is a single contiguous site. Locations may--and often will--contain multiple facilities.
- C. Respond to every question. Surveys that are not fully completed will be returned for completion. Use comment boxes to provide any information to supplement responses provided in the survey form. Make sure to record a complete answer in the cell provided, even if the cell does not appear to expand to fit all the information.
- C. **DO NOT COPY AND PASTE RESPONSES WITHIN THIS SURVEY.** Survey inputs should be made manually, by typing in responses or by use of a drop-down menu. The use of copy and paste can corrupt the survey template. If your survey response is corrupted as a result of copy and paste responses, a new survey will be sent to you for immediate completion.
- D. **Do not disclose any classified information in this survey form.**
- E. If information is not available from your organization's records in the form requested, you may furnish estimates.
- F. Questions related to this Excel survey should be directed to:
CriticalFacility@bis.doc.gov. (E-mail is the preferred method of contact).
You may also speak with a member of BIS survey support staff by calling (202) 482-7808.
- G. After completing, reviewing, and certifying the Excel survey, transmit the survey via e-mail attachment to: CriticalFacility@bis.doc.gov. Be sure to retain a copy for your records.
- H. For questions related to the overall scope of this Defense Industrial Base assessment, contact:

Section 4b: Participation in USG Programs

A. Estimate the total number of USG programs your location has directly or indirectly supported in the past three years (including those not listed below):

From the list of select U.S. Government programs provided below, identify each program your location has directly or indirectly supported in the past three years.

Then, select the top five products/services your location provides for each program supported. The product/service drop-down list is based on your responses to Section 3.
