(ii) the calculation of contractor manpower equivalents in a manner that is comparable to the calculation of full-time equivalents for use in inventories of functions performed by Department of Defense employees.

(B) The Under Secretary of Defense for Acquisition, Technology, and Logistics shall be responsible for developing guidance on other data elements and implementing procedures.

(2) The entry for an activity on an inventory under this subsection shall include, for the fiscal year covered by such entry, the following:

(d) Public Availability of Inventories.— Not later than 30 days after the date on which an inventory under subsection (c) is required to be submitted to Congress, the Secretary shall—

(1) make the inventory available to the public; and

(2) publish in the Federal Register a notice that the inventory is available to the public.

(e) Review and Planning Requirements.— Within 90 days after the date on which an inventory is submitted under subsection (c), the Secretary of the military department or head of the Defense Agency responsible for activities in the inventory shall—

(1) review the contracts and activities in the inventory for which such Secretary or agency head is responsible;

(2) ensure that—

(A) each contract on the list that is a personal services contract has been entered into, and is being performed, in accordance with applicable statutory and regulatory requirements;

(B) the activities on the list do not include any inherently governmental functions; and

(C) to the maximum extent practicable, the activities on the list do not include any functions closely associated with inherently governmental functions;

(3) identify activities that should be considered for conversion—

(A) to performance by civilian employees of the Department of Defense pursuant to section 2463 of this title; or

(B) to an acquisition approach that would be more advantageous to the Department of Defense; and

(4) develop a plan, including an enforcement mechanism and approval process, to provide for appropriate consideration of the conversion of activities identified under paragraph (3) within a reasonable period of time.

(f) Rule of Construction.— Nothing in this section shall be construed to authorize the performance of personal services by a contractor except where expressly authorized by a provision of law other than this section.

(g) Definitions.— In this section:

(1) The term “performance-based”, with respect to a contract, task order, or arrangement, means that the contract, task order, or arrangement, respectively, includes the use of performance work statements that set forth contract requirements in clear, specific, and objective terms with measurable outcomes.

(2) The definitions set forth in section 2225 (f) of this title for the terms “simplified acquisition threshold”, “small business concern”, “small business concern owned and controlled by socially and economically disadvantaged individuals”, and “small business concern owned and controlled by women” shall apply.

(3) **Function closely associated with inherently governmental functions.**— The term “function closely associated with inherently governmental functions” has the meaning given that term in section 2383 (b)(3) of this title.

(4) **Inherently governmental functions.**— The term “inherently governmental functions” has the meaning given that term in section 2383 (b)(2) of this title.

(5) **Personal services contract.**— The term “personal services contract” means a contract under which, as a result of its terms or conditions or the manner of its administration during performance, contractor personnel are subject to the relatively continuous

supervision and control of one or more Government officers or employees, except that the giving of an order for a specific article or service, with the right to reject the finished product or result, is not the type of supervision or control that makes a contract a personal services contract.
