(intended for parents who have consented over the phone)

Hello!

Thank you so much for agreeing to participate in the Essentials for Parenting (EFP) study. We are happy you are willing to help. Now that you are enrolled in the study we would like to tell you more about the next steps.

During the phone call, we mentioned that you would be assigned to a study group. You have been assigned to the {Guided/Self-Guided} group for the study. You can begin the study by going to the EFP site at: <https://EFPStudy.info>

Below you will find the username and password you will use to log into the secure EFP Study website.

Please log into the website within the next week to make sure your username and password are working, and you can get into the website. When you log in for the first time, you will find information on how to begin completing the Week 1 survey. When you are done with this first survey, we will send you the prepaid MasterCard in the mail, with your first study gift of \$20 already loaded to thank you for taking the time to begin the study.

For the first three weeks you'll be spending 10 to 25 minutes each week to complete weekly surveys.

{If in guided navigation group} Starting in week 4 we'll ask you to begin exploring the website. You will be asked to explore a different section of the website every two weeks. You will learn skills to handle common parenting challenges by reading articles, watching videos, and practicing your skills with activities over a period of 10 weeks.

{If in natural navigation group} Starting in week 4 we'll ask you to begin exploring the website. You will be asked to explore any areas of the website that interest you, at your own pace, over a period of 10 weeks.

Each time you complete a weekly survey, we will add more money to your card electronically. In total you will receive \$250 if you complete all parts of the study on time.

Remember, if you have questions about the study itself and what we are doing, a member of our study team is happy to help you. Please contact us at 1-8xx-xxx-xxxx.

Thank you again for joining the study!
