(OMB #: 1820-0572)

Good afternoon, Audrey Busch -

Thank you for the submission of your comment for the AT Act IC package request to OMB for the renewal and revision of the annual progress report for the State Grant for AT programs, 1820-0572, funded under the AT Act of 1998, as amended (AT Act).

RSA acknowledges ATAP's comment and is working with RSA's MIS administrators to reduce the burden on State Grant for AT programs to not duplicate title III AFP state financing activities data already submitted in the 572. The RSA 1820-0662 annual progress report for the title III AFPs will be used for AFP data not reported in the 572.
