

§ Sec. 251.1 Arrival manifests and lists. (Section revised effective 4/1/97; 62 FR 10312)

(a) Vessels. (1) General. The master or agent of every vessel arriving in the United States from a foreign place or an outlying possession of the United States shall present to the immigration officer at the port where the immigration inspection is performed a manifest of all crewmen on board on Form I-418, Passenger List and Crew List, in accordance with the instructions contained thereon.

(2) Longshore work notations. The master or agent of the vessel shall indicate in writing immediately below the name of the last alien listed on the Form I-418 whether or not crewmen aboard the vessel will be used to perform longshore work at any United States port before the vessel departs the United States.

(i) If no longshore work will be performed, no further notation regarding longshore work is required.

(ii) If longshore work will be performed, the master or agent shall note which exception listed in section 258 of the Act permits the work. The exceptions are:

(A) The hazardous cargo exception;

(B) The prevailing practice exception in accordance with a port's collective bargaining agreements;

(C) The prevailing practice exception at a port where there is no collective bargaining agreement, but for which the vessel files an attestation;

(D) The prevailing practice exception for automated vessels; and

(E) The reciprocity exception.

(iii) If longshore work will be performed under the hazardous cargo exception, the vessel must either be a tanker or be transporting dry bulk cargo that qualifies as hazardous. All tankers qualify for the hazardous cargo exception, except for a tanker that has been gas-freed to load non-hazardous dry bulk commodities.

(A) To invoke the exception for tankers, the master or agent shall note on the manifest that the vessel is a qualifying tanker.

(B) If the vessel is transporting dry bulk hazardous cargo, the master or agent shall note on the manifest that the vessel's dry bulk cargo is hazardous and shall show the immigration officer the dangerous cargo manifest that is signed by the master or an authorized representative of the owner, and that under 46 CFR 148.02 must be kept in a conspicuous place near the bridge house.

(iv) If longshore work will be performed under the prevailing practice exception, the master or agent shall note on the manifest each port at which longshore work will be performed under this exception. Additionally, for each port the master or agent shall note either that:

(A) The practice of nonimmigrant crewmen doing longshore work is in accordance with all collective bargaining agreements covering 30 percent or more of the longshore workers in the port;

(B) The port has no collective bargaining agreement covering 30 percent or more of the longshore workers in the port and an attestation has been filed with the Secretary of Labor;

(C) An attestation that was previously filed is still valid and the vessel continues to comply with the conditions stated in that attestation; or

(D) The longshore work consists of operating an automated, self-unloading conveyor belt or a vacuum-actuated system.

(v) If longshore work will be performed under the reciprocity exception, the master or agent shall note on the manifest that the work will be done under the reciprocity exception, and will note the nationality of the vessel's registry and the nationality or nationalities of the holders of a majority of the ownership interest in the vessel.

(3) Exception for certain Great Lakes vessels. (i) A manifest shall not be required for a vessel of United States, Canadian, or British registry engaged solely in traffic on the Great Lakes or the St. Lawrence River and connecting waterways, herein designated as a Great Lakes vessel, unless:

(A) The vessel employs nonimmigrant crewmen who will do longshore work at a port in the United States; or

(B) The vessel employs crewmen of other than United States, Canadian, or British citizenship.

(ii) In either situation, the master shall note the manifest in the manner prescribed in paragraph (a)(2) of this section.

(iii) After submission of a manifest on the first voyage of a calendar year, a manifest shall not be required on subsequent arrivals unless a nonimmigrant crewman of other than Canadian or British citizenship is employed on the vessel who was not aboard and listed on the last prior manifest, or a change has occurred regarding the performance of longshore work in the United States by nonimmigrant crewmen, or a change has occurred in the exception that the master or agent of the vessel wishes to invoke which was not noted on the last prior manifest.

(4) The master or agent of a vessel that only bunkers at a United States port en route to another United States port shall annotate Form I-418 presented at the onward port to indicate the time, date, and place of bunkering.

(5) If documentation is required to support an exception, as described in § [258.2](#) of this chapter, it must accompany the manifest.

(b) Aircraft. The captain or agent of every aircraft arriving in the United States from a foreign place or from an outlying possession of the United States, except an aircraft

arriving in the United States directly from Canada on a flight originating in that country, shall present to the immigration officer at the port where the inspection is performed a manifest on United States Customs Service Form 7507 or on the International Civil Aviation Organization's General Declaration of all the alien crewmembers on board, including alien crewmembers who are returning to the United States after taking an aircraft of the same line from the United States to a foreign place or alien crewmembers who are entering the United States as passengers solely for the purpose of taking an aircraft of the same line from the United States to a foreign port. The captain or agent of an aircraft that only refuels at the United States en route to another United States port must annotate the manifest presented at the onward port to indicate the time, date, and place of refueling. The surname, given name, and middle initial of each alien crewman listed also shall be shown on the manifest. In addition, the captain or agent of the aircraft shall indicate the total number of United States citizen crewmembers and total number of alien crewmembers.

(c) Additional documents. The master, captain, or agent shall prepare as a part of the manifest, when one is required for presentation to an immigration officer, a completely executed set of Forms I-95, Conditional Landing Permit, for each nonimmigrant alien crewman on board, except:

(1) A Canadian or British citizen crewman serving on a vessel plying solely between Canada and the United States; or

(2) A nonimmigrant crewman who is in possession of an un mutilated Form I-184, Alien Crewman Landing Permit and Identification Card, or an un mutilated Form I-95 with space for additional endorsements previously issued to him or her as a member of the crew of the same vessel or an aircraft of the same line on his or her last prior arrival in the United States, following which he or she departed from the United States as a member of the crew of the same vessel or an aircraft of the same line.

§ 251.3 Departure manifests and lists for vessels. (a) *Form I-418, Passenger List-Crew List*. The master or agent of every vessel departing from the United States shall submit to the immigration officer at the port from which such vessel is to depart directly to some foreign place or outlying possession of the United States, except when a manifest is not required pursuant to § 251.1(a), a single Form I-418 completed in accordance with the instructions on the form. Submission of a Form I-418 that lacks any required endorsement shall be regarded as lack of compliance with section 251(c) of the Act. (b) *Exception for certain Great Lakes vessels*. The required list need not be submitted for Canadian or British crewmembers of Great Lakes vessels described in § 251.1(a)(3).
