<p>The Integrated Postsecondary Education Data System (IPEDS) is a web-based data collection system designed to collect basic data from all postsecondary institutions in the United States and the other jurisdictions. IPEDS enables NCES to report on key dimensions of postsecondary education such as enrollments, degrees and other awards earned, tuition and fees, average net price, student financial aid, graduation rates, revenues and expenditures, faculty salaries, and staff employed.</p> <p>Upon the end of the 2<sup>nd</sup> round of the 30-day FR public comment period, NCES received 25 public comments and prepared a response document to address them all (approved on 12/10/2013; OMB# 1850-0582 v.13). Today, it came to NCES's attention that the regulations.gov public comment website shows that 26 comments were in fact submitted, and so we revised the public response document to include the 26th comment (#ED-2013-ICCD-0128-0030) and NCES's response to it. This request is to amend the OMB record with the final version of the "IPEDS 2013-2016 Response to 2nd Round of 30-day Public Comments" document.</p>
