<p>The Integrated Postsecondary Education Data System (IPEDS) is a web-based data collection system designed to collect basic data from all postsecondary institutions in the United States and the other jurisdictions. IPEDS enables NCES to report on key dimensions of postsecondary education such as enrollments, degrees and other awards earned, tuition and fees, average net price, student financial aid, graduation rates, outcome measures, revenues and expenditures, faculty salaries, staff employed, and academic libraries. This request is to change a routing question plus two instructions for the academic library (AL) data collection portion of IPEDS starting in 2015-16 to appropriately direct data providers to complete the component and to clarify instructions.</p>
