(Header Information)

Dear:

The National Center for Education Statistics (NCES) within the U.S. Department of Education requests your assistance in improving the coverage and quality of our private school listings and statistics. Every 2 years, NCES conducts the Private School Survey (PSS). The PSS data allow NCES to report on enrollment trends; counts of private schools, students, teachers, and high school graduates; program emphasis; and types of private schools. The PSS also serves as a list of private schools for additional NCES studies. In order to conduct the 2015-16 PSS, we must compile a complete and accurate list of all private schools in the United States. Please help us to identify all private or nonpublic schools in your state.

What we request from you

- A computer file (preferably a spreadsheet) of all private and nonpublic schools in your state that provide instruction for at least one grade between kindergarten and grade 12.**
- If a computer list is not available, a paper list is acceptable.

Definition of eligible

- Please include all private, nonpublic, or religious-exempt schools with any of the grades kindergarten through grade 12.
 - Kindergarten is defined as: An educational program for children (primarily 5-year-olds) who would normally enter first grade in the following year, even if “kindergarten” is not in the name of the program.
 - Include programs such as transitional or developmental kindergarten if children are expected to enter the first grade upon completing the program.
- Please exclude all programs that
 - teach only adult education or postsecondary students;
 - are designed only for 3- or 4-year-old children and do not include kindergarten (e.g., Head Start programs, prekindergarten, or nursery schools);
 - provide only before or afterschool care for children who attend school in another facility;
 - provide only child care and do not include kindergarten.

The file or list should include the following information for each program:

- school name:
- mailing address:
- telephone number:
- grade range:
- enrollment: and
- number of teachers.

In addition to the information above that we have requested from you in the past, please also provide:

- school location address.

Please supply the date the list was last updated.

Sending the list

- The U.S. Census Bureau collects the private school lists for us. You may send your list to the U.S. Census Bureau by e-mail or regular mail. Please send your list by August 21, 2010.

To transmit your file via e-mail, please send a message to the following address:

dsmd.private.school.lists@census.gov

Note that e-mail attachments have a suggested size limit of 2MB (two megabytes). If you have difficulty sending your attachment because it is too large, please call 1-800-579-8520 to make alternative arrangements.

To send your list on diskette or paper, please mail the file to the following address:

U.S. Census Bureau
ATTN: Lowell Allen
Bldg. 66, Room 313
1201 E. 10th St.

NATIONAL CENTER FOR EDUCATION STATISTICS

Dear Administrator:

The National Center for Education Statistics (NCES) of the U.S. Department of Education requests your participation in the 2013-14 Private School Survey (PSS), a national data collection that is very valuable to private schools across the country.

For your convenience, the Internet link to this survey, as well as your username and temporary password are listed below. Your responses will be collected on a secure website. To log-in to the Private School Survey:

1. Go to <https://surveys.nces.ed.gov/pss/>
2. Enter your username,
3. Enter your case-sensitive *temporary* password,
4. Click “sign on”.
5. You will be prompted to create a new password and enter the school e-mail address.
6. Click Begin Survey to participate.

If you are unable to complete the survey on the Internet, you also have the option to participate in this survey by completing a paper form that will be mailed to you in approximately two weeks.

If you have any questions, please contact the Census Bureau at 1-888-329-5890 or by email at dsd.education.surveys@census.gov. Staff will be available to take your call or answer your email from Monday through Friday between 8:30 am and 5:00 pm (Eastern time).

NCES has instituted this survey in recognition of the importance of private education in the United States. While there is no penalty for not responding, a high response rate is very important to the success of the survey. We encourage you to participate in this voluntary survey.

To learn more about the Private School Survey, please go to <http://nces.ed.gov/surveys/pss>.

Thank you in advance for your cooperation in this very important effort.

Sincerely,

Jack Buckley
Commissioner for Education Statistics
National Center for Education Statistics

Enclosure

WHAT IS THE PURPOSE OF THIS SURVEY?

The purpose of this data collection effort is to obtain current information about private schools, such as type of school, length of school year, number of students and teachers, and number of high school graduates, if any. We will use the data to produce a web-based private school search tool and statistical summaries about the providers of private education in the United States.

WHO AUTHORIZES THIS SURVEY?

This survey is authorized by the Education Sciences Reform Act of 2002 (ESRA, 20 U.S.C. Section 9543). The U.S. Census Bureau is conducting this survey for the National Center for Education Statistics (NCES) of the U.S. Department of Education.

WHO SHOULD PARTICIPATE IN THIS SURVEY?

The 2013-14 Private School Survey includes all private schools and early childhood programs that provide educational instruction to students in *at least* one of grades between kindergarten and grade 12.

WHY SHOULD YOUR SCHOOL PARTICIPATE IN THIS SURVEY?

Private schools are a significant segment of the nation's educational system. Results from previous surveys show that approximately 25 percent of all elementary and secondary schools in the United States are private; these schools enroll approximately 10 percent of the nation's children and employ 13 percent of the nation's teachers. NCES has instituted this survey in recognition of the importance of private education in the United States. While there is no penalty for not responding, a high response rate is very important to the success of the survey. We encourage you to participate in this voluntary survey.

Paperwork Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1850-0641. The time required to complete this information collection is estimated to average 18 minutes per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, DC 20202-4651. If you have comments or concerns about the contents of this questionnaire, write directly to: Private School Survey, National Center for Education Statistics, 1990 K Street, N.W., #9012, Washington, DC 20006-5651.
