## Initial Application for Incidental Highly Migratory Species (HMS) Squid Trawl Permit

### Instructions for applying for this permit:

- Review the vessel and owner information above, sign the bottom of this form and mail it to the address above.
- You do not need to submit any additional documents or gear code information. Trawl gear (gear codes 310, 320 and 330) will automatically be applied to this permit.
- This permit will be added to your existing Northeast Region permits.
- Only vessels with a current limited access Illex squid permit are qualified for this permit.

### Applicant's Name and Signature:

I, the undersigned, am the owner or legally authorized agent of the owner of the vessel named in Section 2 above. I affirm, subject to the penalties provided in 18 USC 1001, that all information that I have given in obtaining this permit is true and correct. By signing this application, I am applying for an Incidental HMS Squid Trawl permit for the vessel named above in Section 2 of this application.

OMB Control No. 0648-0327 Exp 03/31/2012

Public reporting burden for the collection of information on the initial vessel application is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining data needed, and completing and reviewing the information. Send comments regarding this burden estimate or suggestions for reducing this burden to: National Marine Fisheries Service, Permit Office, 55 Great Republic Drive, Gloucester, MA 01930. The Paperwork Reduction Act requires that potential respondents for a fishing vessel permit be notified of certain information regarding their rights and the burden associated with applying for Federal fisheries Permits.

Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number. Owner name, vessel characteristics, address, phone, and permit information will be released via NMFS Fisheries website. All other data submitted will be handled as confidential material in accordance with NOAA Administrative Order 216-100, Protection of Confidential Fishery Statistics.
