USPTO Intellectual Property Information Session

The United States Patent and Trademark Office (USPTO) boosts America's economy one invention at a time. Consistently ranked as one of the Best Places to Work in the Federal Government® and recognized as a top employer, the USPTO offers our global workforce unparalleled work-life balance, unmatched flexibility and infinite career possibilities.

In November 2015 we are opening our new Dallas Regional Office, with new patent examiners starting January 2016, and we are actively looking to connect with individuals, who are U.S. citizens or nationals, with degrees in computer, electrical or mechanical engineering and at least one year of intellectual property experience!

Join us for a special info session to learn about USPTO and why the work of IP protection through patent examination really matters. Find out what it takes to become a Patent Examiner, and how to apply for jobs in our new Dallas office through USAJobs.gov. You'll also walk away with the USPTO perspective on IP law and technology innovation as we expand our operations nationwide.

Sounds like a can't miss event, right? Be sure to register to reserve your spot! We are hosting three of these information sessions throughout Texas - in Austin, Dallas and Houston. We look forward to meeting you!

Why Work At USPTO?

USPTO Patent Examiners have granted patents for some of the world's biggest game-changing innovations. Think iPhone, the electric guitar, wearable cameras and...the Super Soaker!

Patent Examiners with the USPTO:

- Support economic growth in the United States and work with cutting-edge, modern innovations
- Work with the largest intellectual property rights entity in the nation
- Gain experience, training and mentorship in patent examination
- Conduct research and interact with inventors working on modern breakthroughs
- Enjoy competitive pay, performance-based awards, flexible schedules and telework opportunities!
