

# EQR PROTOCOL 1 – ASSESSING MCO COMPLIANCE WITH MEDICAID MANAGED CARE REGULATIONS

## Attachment C: Sample Site Visit Agenda

The purpose of the Agenda is to assure that all parties understand the purpose of the site visit and what will occur during the compliance sessions. The EQRO should prepare the Agenda and send it in advance to the individual representing the MCO in the Protocol 1 regulatory compliance review process. The MCO representative will be responsible for identifying the additional MCO participants who will contribute to each of the sessions. The agenda will also provide the locations where the meetings will occur. The number of days for the site visit will be determined by the EQRO based upon the estimated duration and number of meetings required to carry out the site visit. At the end of each day, the EQRO will lead a concluding meeting to discuss any outstanding information and answer any questions. At the end of the final day, the EQRO will provide concluding remarks and identify next steps in the review process.
