Expiration Date:	

## **Draft AGENDA for Meeting with State Administrators**

Thank you for taking time to meet with the MIHOPE study team. As a reminder, the U.S. Department of Health and Human Services has contracted with MDRC to evaluate the federal Maternal, Infant and Early Childhood Home Visiting program (MIECHV). We expect this meeting to take one and a half hours. We will be using the meet to answer your questions about the study and to learn more about your state and local program sites in order to help us choose states and sites for the evaluation. As you may remember, the MIECHV legislation requires this national evaluation and your state provided assurances about your willingness to participate in the evaluation, if selected. All information provided in these discussions will be kept private to the extent permitted by law.
