Title: 30 CFR parts 1227, 1228, and 1229, Delegated and Cooperative Activities with States and Indian Tribes.

OMB Control Number: 1012-0003.
Bureau Form Number: None.

Abstract: The Secretary of the Interior is responsible for mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). The Secretary is required by various laws to manage mineral resource production from Federal and Indian lands and the OCS, collect the royalties and other mineral revenues due, and distribute the funds collected in accordance with applicable laws. The Secretary also has a trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. ONRR performs the minerals revenue management functions for the Secretary and assists the Secretary in carrying out the Department's trust responsibility for Indian lands. Public laws pertaining to mineral revenues are on our Web site at http://www.onrr.gov/Laws_R_D/PubLaws/default.htm.

When a company or an individual enters into a lease to explore, develop, produce, and dispose of minerals from Federal or Indian lands, that company or individual agrees to pay the lessor a share in an amount or value of production from the leased lands. The regulations require the lessee to report various kinds of information to the lessor relative to the disposition of the leased minerals. Such information is generally available within the records of the lessee or others involved in developing, transporting, processing, purchasing, or selling of such minerals. The information ONRR collects includes data necessary to ensure that the lessee accurately values and appropriately pays all royalties and other mineral revenues due.

The Federal Oil and Gas Royalty Management Act of 1982 (FOGRMA), as amended by the Federal Oil and Gas Royalty Simplification and Fairness Act of 1996, sections 3, 4, and 8 for Federal lands, authorizes the Secretary to develop delegated and cooperative agreements with states (sect. 205) and Indian tribes (sect. 202) to carry out certain inspection, auditing, investigation, or limited enforcement activities for oil and gas leases in their jurisdiction. The states and Indian tribes are working partners and are an integral part of the overall onshore and offshore compliance effort. The Appropriations Act of 1992 also authorizes the states and Indian tribes to perform the same functions for coal and other solid mineral leases.

This collection of information is necessary in order for states and Indian tribes to conduct audits and related investigations of Federal and Indian oil,

gas, coal, any other solid minerals, and geothermal royalty revenues from Federal and tribal leased lands. Relevant parts of the regulations include 30 CFR parts 1227, 1228, and 1229, as described below:

Title 30 CFR part 1227—Delegation to States, provides procedures to delegate certain Federal minerals revenue management functions to states for Federal oil and gas leases. The regulations provide only audit and investigation functions to states for Federal geothermal and solid mineral leases, and leases subject to section 8(g) of the OCS Lands Act, within their state boundaries. To be considered for such delegation, states must submit a written proposal to ONRR, which ONRR must approve. States also must provide quarterly reimbursement vouchers and reports concerning the activities under the delegation to ONRR.

Title 30 CFR part 1228—Cooperative Activities with States and Indian Tribes, provides procedures for Indian tribes to carry out audits and related investigations of their respective leased lands. Indian tribes must submit a written proposal to ONRR in order to enter into a cooperative agreement. The proposal must outline the activities the tribe will undertake and must present evidence that the tribe can meet the standards of the Secretary for the activities to be conducted. The tribes also must submit an annual work plan and budget, as well as quarterly reimbursement vouchers.

Title 30 CFR part 1229—Delegation to States, provides procedures for states to carry out audits and related investigations of leased Indian lands within their respective state boundaries, by permission of the respective Indian tribal councils or individual Indian mineral owners. The state must receive the Secretary's delegation of authority and submit annual audit work plans detailing its audits and related investigations, annual budgets, and quarterly reimbursement vouchers. The state also must maintain records.

The ONRR protects proprietary information the states and tribes submit under this collection. We do not collect items of a sensitive nature. States and tribes must respond in order to obtain the benefit of entering into a cooperative agreement with the Secretary.

Frequency of Response: Varies based on the function performed.

Estimated Number and Description of Respondents: 10 states and 6 Indian tribes.

Estimated Annual Reporting and Recordkeeping "Hour" Burden: 12,919 hours.

We have not included in our estimates certain requirements performed in the normal course of business and considered usual and customary. The following chart shows the estimated burden hours by CFR and paragraph:

Estimated Annual Reporting and Recordkeeping "Non-hour Cost"

Burden: We have identified no "non-hour cost" burden associated with this collection of information.

Public Disclosure Statement: The PRA (44 U.S.C. 3501 *et seq.*) provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Comments: Before submitting an ICR to OMB, PRA section 3506(c)(2)(A) requires each agency to " * * * provide 60-day notice in the **Federal Register** * * * and otherwise consult with members of the public and affected

agencies concerning each proposed collection of information * * *." Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

The PRA also requires agencies to estimate the total annual reporting "non-hour cost" burden to respondents or recordkeepers resulting from the collection of information. If you have costs to generate, maintain, and disclose this information, you should comment

and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information; monitoring, sampling, and testing equipment; and record storage facilities. Generally, your estimates should not include equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv)

as part of customary and usual business or private practices.

We will summarize written responses to this notice and address them in our ICR submission for OMB approval, including appropriate adjustments to the estimated burden. We will provide a copy of the ICR to you without charge upon request. We also will post the ICR on our Web site at http://www.onrr.gov/Laws_R_D/FRNotices/ICR0087.htm.

Public Comment Policy: ONRR will post all comments, including names and addresses of respondents at <http://www.regulations.gov>. Before including Personally Identifiable Information (PII), such as address, phone number, email address, or other personal information in your comment(s), you should be aware that your entire comment(s) (including PII) may be made available to the public at any time. While you may ask us, in your comment(s), to withhold PII from public view, we cannot guarantee that we will be able to do so.

BILLING CODE 7020-02-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed First Amendment to Consent Decree Under the Clean Air Act

On January 30, 2015, the Department of Justice lodged a proposed First Amendment to Consent Decree ("First Amendment") with the United States District Court for the Central District of Illinois in the lawsuit entitled *United States et al. v. Archer Daniels Midland Company*, Civil Action No. 03-2066 HAB.

The First Amendment modifies the Consent Decree in this case, which resolved the claims alleged by the United States and Plaintiff-Interveners for violations of the Clean Air Act, including 42 U.S.C. 7470-7492 and certain implementing federal and state regulations at 52 seed and grain processing plants of the Defendant, Archer Daniels Midland Company

("ADM"), located in 11 states. Certain issues involving the implementation and compliance with emissions limits for volatile organic compounds ("VOC") have arisen with respect to ADM's plants in Marshall, Minnesota and Columbus, Nebraska. Under the Consent Decree, ADM will perform a substitute project to reduce pollutants at the Marshall, Minnesota plant (the replacement of two coal-fired boilers with a natural gas boiler), and will be responsible for an offset of VOC emissions at a facility owned by Malnove Incorporated of Nebraska, located in Omaha, Nebraska (the removal of a high-VOC emitting rotogravure printing press and its replacement with a replacement low-VOC emitting press, or no replacement at all). At the time of lodging, the replacement of the two coal-fired boilers at the Marshall, Minnesota facility and the dismantling of the rotogravure printing press have already been accomplished.

In addition, the First Amendment modifies the original Consent Decree by allowing partial terminations of the Consent Decree for those ADM facilities that have completed all of the compliance obligations set forth in the Consent Decree. The parties have agreed that ADM has met all Consent Decree requirements for each of the facilities listed in Appendix A to the Consent Decree, and as such the Consent Decree will be terminated in part as to those facilities.

The publication of this notice opens a period for public comment on the First Amendment. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States et al. v. Archer Daniels Midland Company*, D.J. Ref. No. 90-5-2-1-2035/2. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

By email	pubcomment-ees.enrd@usdoj.gov .
By mail	Assistant Attorney General, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044-7611.

During the public comment period, the First Amendment may be examined and downloaded at this Justice Department Web site: <http://www.usdoj.gov/enrd/ConsentDecrees.html>. We will provide a paper copy of the First Amendment upon
