PART IX – NARRATIVE OF INCIDENT

Please provide a detailed description of the circumstances surrounding the felonious assault or death of the victim officer or attach a copy of the written summation of the initial incident report. Also, if the offender(s) was located or apprehended later, please provide additional details, such as, when, where, and by whom was the offender located. This narrative can provide pertinent details that may be incorporated into officer training programs and are often difficult to capture in a “question and answer” format. The success of our endeavors to prevent further line-of-duty deaths/assaults depends largely on the quality of data obtained from the victim officer’s agency.
