Section IV Instructions

Please provide a narrative description responding to the following questions.

Section IV - Program Implementation

A. What are the major issues, in your state, if any, that hinder victim assistance programs in assisting crime victims in filing for compensation benefits and in understanding state victim compensation eligibility requirements?

Many families are unable to pay up-front costs of services and wait for a reimbursement check.
There are few clinicians that will take the time to actually bill victims compensation directly
Survivors engaging in illegal conduct at the time of a crime are ineligible for victim compensation. This is particularly detrimental for survivors who engaged in underage drinking or use of illegal substances at the time of the assault and further perpetuates the victim-blaming perspective.
A significant concern for survivors who want to access this resource is that they need to come up with the funds to pay for services and then wait for

B. Briefly describe efforts to promote coordinated public and private efforts within the community to aid crime victims.

Specific efforts of VOCA-funded organizations include the following:
BELKNAP COUNTY
New Beginnings Without Violence crisis center has coordinated efforts in the community both privately and publicly by participating with other service providers in community: Genesis, Child and Family Services, Laconia Area Community Land trust, Public Health, DCYF, Family Violence Prevention Council, Laconia Human Relations Committee, Refugee Re-settlement etc. Health fairs; conducting open forums for continued education for DV awareness, presentations to clergy, participation on the United Way speakers bureau, workplace initiatives, school outreach, libraries, medical community trainings, other

C. Briefly describe efforts taken to serve federal crime victims, i.e. coordination etc.

All of our VOCA subgrantees remain committed to serving all victims, although opportunities to serve federal crime victims did not arise for all subgrantees during the fiscal year.
HILLSBOROUGH COUNTY
Bridges serves all victims coming to the crisis center for services, and has an excellent relationship with the immigrant legal defense and all local agencies for these referrals.

D. Describe any notable activities conducted at the state or subgrant level to improve the delivery of victim services (i.e. needs assessments, program monitoring, and program evaluation). Include training efforts, and use of VOCA approved training funds, if applicable.

BELKNAP COUNTY
In September 2012, the Greater Lakes Child Advocacy Center (GLCAC) acquired an AmeriCorps Family Advocate and a full-time Interview Coordinator. The GLCAC staff went from one to three. With the increased staff and expertise, the GLCAC has been able to provide increased follow-up care and increased presence in the community; helping provide victim awareness and identification
GRAFTON COUNTY
A Voices Against Violence (Voices) staff member and a local Chief of Police were asked again this year to present to the NH State AmeriCorps advocate

E. Include and/or attach anecdotal information and individual case histories illustrating at least four ways in which VOCA funds have been used to assist crime victims. (Letters from crime victims are helpful.)

From Northern Human Services Public Health Agencies:
1. A family chose a therapist trained in childhood sexual abuse; however the therapist was not in the insurance network. The family had to pay out of pocket, but was able to be reimbursed through victim's compensation
2. A 16 year old girl began to have symptoms of psychosis and suicidal ideation related to traumatic memories of sexual abuse. Her psychiatrist and therapist consulted about treatment strategies, her medication was adjusted, and she had access to increased therapy time for a few weeks. This avoided a

F. Identify any emerging issues or notable trends impacting crime victim services in your state.

ISSUES/TRENDS
THE RECESSION:
Northern NH continues to struggle with a deteriorating economic situation that is far worse than what is being experienced in southern NH. The last remaining manufacturing operation in the Colebrook region (Ethan Allen) closed, resulting in the lay off of 242 relatively well paid employees, all of whom live within 30 miles of Colebrook. An additional 2-300 employees of the Balsams Grand Resort are still out of work and awaiting news on the fate

G. Specifically discuss how your state has used VOCA administrative funds, and the impact of these funds on the state's ability to improve victims services.

Administrative funds are spent on:
Direct costs associated with management of the VOCA Assistance award including grant administration, NAVAA conference attendance, travel and registration costs for training seminars in victim service topics, and site monitoring and technical support for sub-recipients. Time and attendance records and travel reports are used as the basis for these billings. NAVAA membership dues will also be covered as administrative costs.
Administrative and Training funds also pay for a pro rata share of Grants
