## CDFI Fund Annual Certification and Data Collection Report Form

#### **Purpose:**

The primary intent of the Annual Certification and Data Collection Report Form (the "Form") is to ensure that Community Development Financial Institutions (CDFI) continue to meet the requirements to be certified CDFIs.<sup>1</sup> It is also a method to ensure that organizational information is updated annually. The financial and portfolio data will be used by the CDFI Fund to gain insight on the CDFI industry. Information provided in these sections will not impact a CDFI's certification status or applications for CDFI Fund programs.

#### Instructions:

Please complete the Form using data from your organization's most recently completed fiscal year. Please refer to the CDFI Fund Annual Certification and Data Collection Report Form Instructions for detailed instructions on how to complete the Form. Definitions for the terms used in these materials may be found in the CDFI Fund Glossary.

#### Documents needed to complete the Form (if applicable to your organization):

You should refer to the following documents for your organization when completing this report:

- Balance Sheet (Statement of Financial Position),
- Income Statement (Statement of Activities or Statement of Operations or Profit and Loss Statement), and
- For Banks and Thrifts, Consolidated Reports of Condition and Income; or
- For Credit Unions, 5300 Call Report.

All financial statements should be the final, audited reports from your organization's most recently completed fiscal year. All data should be taken directly from these documents where possible.

#### **Amendment to CDFI Certification Application Information:**

There are four (4) parts to the Annual Certification and Data Collection Report Form: Part I. Organization Information; Part II. Verification of CDFI Re-Certification Eligibility; Part III. Selected Financial Information; and Part IV. Loan and Investment Portfolio Values. Part II requires the organization to confirm that it continues to meet the CDFI certification eligibility criteria as outlined in the CDFI Certification Application. Additional information will be required, as needed, to verify that the organization meets specific requirements.

If your organization's response to any of the Certification eligibility criteria questions in Part II is "No" or if your organization's EIN has changed, you must submit the "Certification Amendment" Form with the updates in order for your organization to maintain the status as a certified CDFI.

<sup>&</sup>lt;sup>1</sup> Emerging CDFIs are not required to complete the Form.

### Changes that require submission of a Certification Amendment

If any of the following information changed since your organization was last approved or recertified as a Certified CDFI, you are required to submit a Certification Amendment.

- EIN
- Articles of Incorporation
- Bylaws
- Charter
- Primary Mission
- Target Market
- Accountability Method
- Status as a Non-Government Entity

**Please Note:** Eligibility questions not answered in the affirmative will result in a review of CDFI certification eligibility, which may result in revocation of CDFI certification if the Certification Amendment form and necessary documentation are not submitted.
