DHS Privacy Office Comments:

Please describe rationale for privacy compliance determination above.

This ICR, OMB 1660-0083, is a privacy sensitive collection. PII is collected and retained in the associated forms. The forms in this collection include administrative and financial information from local governments. The information, submitted by loan applicants enables FEMA to evaluate applications and make award decisions, monitor ongoing performance and manage the flow of federal funds, and to appropriately grant closure to the loan. Without this collection, FEMA will be unable to implement its Community Disaster Loan programs. OMB 1660-0083 is covered by the DHS/FEMA/PIA-013 - Grant Management Programs PIA and DHS/FEMA-009 Hazard Mitigation Disaster Public Assistance and Disaster Loan Programs March 24, 2014 79 FR 16015. As such, the forms associated with this ICR require e3 Privacy Act Statements to provide notice to the public that this information is part of a DHS/FEMA system of records. FEMA has already completed the e3 Statement for this ICR.
