**Dear Teacher,**

This questionnaire is an important part of a major longitudinal study of children’s early educational experiences beginning with kindergarten and continuing through grade 5. You have received this questionnaire because you teach one or more of the children who are participants in this study.

**The Early Childhood Longitudinal Study, Kindergarten Class of 2010-2011 (ECLS-K:2011)** is collecting information from teachers of children who are in the study to investigate the relationship between children’s academic progress and various school, classroom, teacher, and home characteristics. Taking part in the study is voluntary. You may stop at any time or choose not to answer a question you do not want to answer. However, only you can provide this information. Although we realize you are very busy, we urge you to complete this questionnaire as completely and accurately as possible. The information you provide is being collected for research purposes only and will be protected from disclosure to the fullest extent allowable by law (Education Sciences Reform Act of 2002, 20 U.S.C. § 9573). Information from multiple individuals will be combined to produce statistical reports; no information that identifies you will be included in any reports or provided to students, their parents, or other school staff.

Please record your answers directly on the questionnaire by marking the appropriate answer (as instructed on page 4) or by writing your responses in the space provided. Your best estimates are acceptable answers.

**DEFINITIONS**

For the purposes of this study, the following definition applies:

- English language learner (ELL): A student whose native language is one other than English and whose skills in listening, speaking, reading, or writing English are such that he or she has difficulty understanding school instruction in English.
