Approved critical use(s) are those uses of methyl bromide listed in Appendix L to Subpart A of 40 CFR Part 82. See www.epa.gov/ozone/mbr/cueuses.html.				
1.6 Signature of Reporting Company Representative				
I certify, under penalty of law, that the quantities of methyl bromide specified in Section 1.2 and 1.3 of this form, are ordered/purchased and will be sold or used exclusively for an approved critical use (pre-plant or post-harvest) as identified, and not sold/ transferred to another person. I certify that I am an approved critical user and I will use this quantity of methyl bromide for an approved critical use. My action conforms to the requirements associated with the critical use exemption published in 40 CFR part 82. I am aware that any agricultural commodity within a treatment chamber, facility or field I fumigate with critical use methyl bromide cannot subsequently or concurrently be fumigated with non-critical use methyl bromide during the same control period, excepting a QPS treatment or treatment for a different use (e.g., a different crop or commodity). I will not use this quantity of methyl bromide for a treatment chamber, facility, or field that I previously fumigated with non-critical use methyl bromide during the same control period, excepting a QPS treatment or treatments for a different use (e.g., a different crop or commodity), unless a local township limit now prevents me from using methyl bromide alternatives or I have now become an approved critical user as a result of rulemaking.
