a reasonable strategy for the outlay of funds consistent with the project period plan. Regional offices may use the outlay rate information contained in the note accelerated outlays to the maximum extent practicable.

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/Innovations
Basic Pesticide Program	OPP OECA	& 01.00.01.0	Complete administrative/management, fiduciary and reporting requirements associated with this cooperative agreement.	Required	VDACS will complete administrative/management, fiduciary and reporting requirements associated with this cooperative agreement including compliance with EPA's Grants Policy Issuance GPI 12-6: Timely Obligation, Award and Expenditure of EPA Grant Funds.	6/30/2015	Partially Complete	VDACS continues to complete all reporting requirements associated with this cooperative agreement including compliance with EPA's Grants Policy Issuance GPI 12-6: Timely Obligation, Award and Expenditure of EPA Grant Funds.	None
Basic Pesticide Program	OPP OECA	& 01.00.02.0	Build or maintain staff and management expertise on pesticide program issues and enforcement (e.g. attend training opportunities through PREP, PIRT, in-service training, etc. or other appropriate activities).	Required	Conduct ongoing assessment of training and development needs. Ensure Staff receives appropriate training by attending training opportunities through PREP, PIRT, in-house activities and other commercially available training programs.	6/30/2015	Ongoing/As Needed	Staff continues to receive appropriate training by attending training opportunities through PREP, PIRT, in-house activities and other commercially available training programs. VDACS most recently hosted the EPA Region III Inspector's Workshop in Roanoke Virginia. This Workshop consisted of inspection and investigation topics and activities along with 8 hours of health and safety training. All program management and field staff were in attendance.	None
Basic Pesticide Program	OPP OECA	& 01.00.03.0	Respond to pesticide inquiries, concerns, tips, and complaints from the public.	Required	VDACS will continue to respond to inquiries, concerns, tips, and complaints relating to pesticide use in the Commonwealth.	6/30/2015	Ongoing/As Needed	Staff responded to 73 complaints, incidents, tips and concerns during the reporting period.	None
Basic Pesticide Program	OPP	 01.01.01.0	Provide outreach, communication, and training as appropriate as a result of new emerging issues, rules, regulations, and registration and registration review decisions.	Required	Participate in outreach and education events as needed and/or when requested.	6/30/2015	Partially Complete	OPS, in cooperation with Virginia Tech, continued review and revision of commercial manuals and exams based upon current 5 year schedule. Provided training in cooperation with Virginia Cooperative Extension at various meetings and conferences to individuals seeking initial certification. Staff provided 18 legal update and educational presentations. Staff monitored and presented at 14 additional recertification meetings.	None
Basic Pesticide Program	OPP	 01.01.02.0	Report information on all known or suspected pesticide incidents involving pollinators to OPP (beekill@epa.gov) with a copy to the regional office.	Required	VDACS will report information on known or suspected pesticide incidents involving pollinators to OPP with a copy to the regional office.	6/30/2015	Ongoing/As Needed	No known or suspected pesticide incidents involving pollinators were report to OPS during the reporting period.	None
Basic Pesticide Program	OECA	 01.02.01.0	Project inspection numbers and report various inspection and enforcement accomplishments. The 5700 forms, ES Inspections Report, and performance measures (when final forms contained in the FIFRA template may be used for this purpose.	Required	Utilizing time factor outputs, project annual number of inspections and investigations by type as part of grant application process. Reporting of inspection/investigation activities will take place at the mid and end of year.	6/30/2015	Partially Complete	Submitted Pesticide Performance Partnership Grant for FY15-17 including annual commitments. For FY15 Midyear report, all required reports will be submitted within 30 days after end of reporting period.	None

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/Innovations
Basic Pesticide Program	OECA	01.02.02.0	Maintain adequate pesticide laws, rules, and associated implementation procedures.	Required	VDACS is designated as the state lead agency in the Commonwealth of Virginia for pesticide regulation. Pesticide use, handling and distribution is governed by the Virginia Pesticide Control Act (Act), Title 3.2, Chapter 39 of the Code of Virginia, as amended	6/30/2015	Ongoing/As Needed	Notice of Intended Regulatory Action (NOIRA) to None amend Regulations Governing Pesticide Applicator Certification under Authority of Virginia Pesticide Control Act [2 VAC 5-685] approved July 2014. Amendments are intended to improve the clarity of the regulation by updating the regulation to align with current agency practices.	
Basic Pesticide Program	OECA	01.02.03.0	Provide outreach and compliance assistance.	Required	Participate in outreach and education events and provide compliance assistance upon receipt of request.	6/30/2015	Partially Complete	OPS participated in or monitored a total of 32 training sessions. 155 continuing education course outlines or agendas were reviewed or approved for certification or recertification of pesticide applicators.	None
Basic Pesticide Program	OECA	01.02.04.0	Draft, modify, or maintain a priority setting plan for inspections & investigations, addressing grantee and EPA-identified priorities (see Appendix 4, Enforcement Priority Setting Guidance; to be replaced by Compliance Monitoring Strategy when finalized).	Required	Conduct inspection activities in support the EPA's two overarching priorities—Degree of harm to human health and the environment and Identification of violations.	6/30/2015	Partially Complete	Inspections and investigations include: 8 producer establishments (with containment); 3 soil fumigation; and 44 facilities/businesses that serve the underserved and vulnerable populations.	None
Basic Pesticide Program	OECA	01.02.05.0	During use inspections, monitor compliance with the label, including any ESA bulletins, if applicable.	Required	Pesticide use inspections include monitoring all label requirements, including ESA bulletins when applicable.	6/30/2015	Ongoing/As Needed	There are currently no Pesticide Use Limitation Areas (PULA) in Virginia for pesticide active ingredients or products with an ESA Bulletin.	None
Basic Pesticide Program	OECA	01.02.06.0	Develop/maintain a searchable inspection/investigation and case tracking system and track all inspections/investigations and cases.	Required	The current status of all inspections/investigations and cases will be tracked in an enforcement and compliance database.	6/30/2015	Partially Complete	A total of 1349 inspections and investigations were completed and resulted in the issuance of civil penalties totaling \$6,640. These penalties were contained within 15 unique cases.	None
Basic Pesticide Program	OECA	01.02.07.0	Ensure a minimum of one state employee obtains and maintains an EPA inspector's credential. Where state authority is inappropriate or inadequate, or at EPA's request, conduct FIFRA inspections with EPA credentials, according to EPA procedures and guidance documents.	Required	Seek and maintain federal credentials for all Pesticide Investigators.	6/30/2015	Partially Complete	All but one new employee have and maintain federal credentials. The new employee is in the process of seeking federal credentials. Pesticide inspections are performed in accordance with the EPA FIFRA Inspector's Manual.	None
Basic Pesticide Program	OECA	01.02.08.0	Refer all inspections conducted with federal credentials to the region.	Required	Forward all inspections conducted with federal credentials to EPA Region 3.	6/30/2015	Partially Complete	Staff have conducted 28 producer establishments inspections that have been or will be forwarded to EPA Region 3.	None
Basic Pesticide Program	OECA	01.02.09.0	Refer FIFRA cases to the region for enforcement consideration according to a mutually identified referral priority scheme.	Required	Refer all FIFRA inspections conducted with federal credentials to the EPA Region for enforcement consideration.	6/30/2015	Ongoing/As Needed	No inspection has been referred to EPA Region 3 thus far in FY15.	None
Basic Pesticide Program	OECA	01.02.10.0	Maintain and follow a matrix to develop and issue enforcement actions.	Required	Issue all civil penalties in accordance with the Guidelines for Enforcement of the Virginia Pesticide Control Act: Civil Penalty Decision Matrix.	6/30/2015	Ongoing/As Needed	All civil penalties are issued in accordance with the Guidelines or Enforcement of the Virginia Pesticide Control Act: Civil Penalty Decision Matrix.	None
Basic Pesticide Program	OECA	01.02.11.0	Follow up on significant or grantee and region agreed upon pesticide incidents referred by EPA as required by FIFRA Sections 26 and 27.	Required	Follow established procedures for Significant Incidents.	6/30/2015	Ongoing/As Needed	No significant incidents reported during reporting period.	None
Basic Pesticide Program	OECA	01.02.12.0	Conduct inspections consistent with the FIFRA Inspection Manual including collection of the appropriate amount of sale and distribution records as discussed in Chapter 6 "Product Sampling".	Required	Inspection/Investigations to be conducted in accordance with the FIFRA Inspection Manual.	6/30/2015	Ongoing/As Needed	Inspections/Investigations have been conducted in accordance with the FIFRA Inspection Manual.	None

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/Innovations
Basic Pesticide Program	OECA	01.02.13.0	Maintain and follow a Quality Management Plan for the overall pesticide enforcement program.	Required	Maintain and follow a Quality Management Plan. Update as necessary.	6/30/2015	Complete	Current Quality Management Plan is valid through April 15, 2017.	None
Basic Pesticide Program	OECA	01.02.14.0	Maintain and follow Quality Assurance Project Plan(s) for pesticide sample collection and analysis.	Required	Maintain and follow a Quality Assurance Plan. Update as necessary.	6/30/2015	Partially Complete	Quality Assurance Project Plan is currently undergoing review and revision at the Division of Consolidated Laboratory Services.	None
Basic Pesticide Program	OECA	01.02.15.0	Maintain access to adequate laboratory support capacity.	Required	Maintain current interagency agreement between VDACS and DCLS for analytic testing services.	6/30/2015	Complete	Agreement in effect July 1, 2014 through June 30, 2019.	None
Basic Pesticide Program	OECA	01.02.16.0	Assist EPA in enforcing regulatory actions and monitoring Section 18, Section 24(c), and Experimental Use Permits.	Required	VDACS will assist EPA in enforcing regulatory actions and monitoring Section 18, Section 24(c), and Experimental Use Permits in the Commonwealth.	6/30/2015	Partially Complete	Conducted 1 experimental use permit inspection during the reporting period.	None
Worker Safety: Worker OPP Protection Standard		02.01.01.0	Implement Part 170 worker protection standard (WPS) rule requirements and carry out program implementation requirements.	Required	VDACS will continue to implement Part 170 worker protection standard (WPS) rule requirements and carry out program implementation requirements through outreach, education, compliance assistance and inspections. VDACS plans to conduct 35 Tier I inspections in FY 15.	6/30/2015	Partially Complete	16 Tier I inspections were conducted during the reporting period. As part of their pesticide safety training services, Telamon provide the opportunity to complete the self inspection check list with participating age establishments.	None
Worker Safety: Worker OPP Protection Standard		02.01.02.0	Conduct WPS-related Outreach and Education. This includes communicating existing requirements to the regulated community and informing co-regulators, the regulated community, and other program stakeholders of any proposed changes or new requirements.	Required	Make available new and existing WPS related information to covered agricultural establishments; coordinate and exchange information, as appropriate, with other Agencies and program stakeholders regarding proposed changes or new regulations.	6/30/2015	Partially Complete	Staff participated in outreach exhibits at two grower events during the reporting period. Maintain an ongoing relationship with Virginia Cooperative Extension Services and supports its educational efforts through the provision of educational materials and participation in education programs upon request.	None
Worker Safety: Worker OPP Protection Standard		02.01.03.0	Support WPS worker & handler training.	Required	Make available WPS training and related materials. Provide information on EPA's Agricultural Compliance Assistance Center.	6/30/2015	Partially Complete	Provide grant monies to Telamon Corporation to support full time pesticide safety trainer. 400 farm workers (370 workers and 30 Handlers) trained by Telamon in 29 training sessions during reporting period. Telamon also promoted it's training services at 17 events.	None
Worker Safety: Worker OPP Protection Standard		02.01.04.0	Assure mechanisms and procedures are in place to enable coordination and follow-up on reports of occupational pesticide exposure, incidents or illnesses that may be related to pesticide use/misuse or WPS violations.	Required	Investigate any reports of occupational pesticide exposure incidents/illnesses related to pesticide use/misuse or WPS violations.	6/30/2015	Ongoing/As Needed	No reports of exposure incidents/illnesses reported during reporting period.	None
Worker Safety: Worker OECA Protection Standard		02.02.01.0	Monitor compliance with the WPS requirements associated with use of high risk pesticides, high exposure scenarios or repeat offenders. Include activities that support both WPS and product use compliance.	Required	Inspect agricultural establishment to ensure compliance, investigate any reports alleging pesticide misuse or WPS violations. Inform pesticide workers and handlers regarding WPS protection, how to report incidents and illnesses and how to file a complaint.	6/30/2015	Ongoing/As Needed	Information on reporting incidents and illnesses and how to file a complaint is provided during WPS training.	None
Worker Safety: Worker OECA Protection Standard		02.02.02.0	Grantees may refer potential violations to the regional office for appropriate action.	Required	VDACS may refer potential violations to the regional office for appropriate action.	6/30/2015	Ongoing/As Needed	No potential violations forwarded to the regional office for action during the reporting period.	None

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/Innovations
Worker Safety: Pesticide Applicator Certification	OPP	03.01.01.0	Implement pesticide applicator certification programs in accordance with Part 171 and EPA approved certification plans. This includes communicating information about proposed rule changes that may be published for comment to co-regulators, the regulated community, and other program stakeholders.	Required	VDACS administers pesticide applicator certification programs in accordance with Part 171 and the certification plan as approved by EPA. Any and all proposed rule changes will be disseminated to other agencies, the regulated industry and other stakeholders.	6/30/2015	Ongoing/As Needed	Notice of Intended Regulatory Action (NOIRA) to None amend Regulations Governing Pesticide Applicator Certification under Authority of Virginia Pesticide Control Act [2 VAC 5-685] was published as required in the Virginia Register of Regulations 12/10/14.	None
Worker Safety: Pesticide Applicator Certification	OPP	03.01.02.0	Meet state and tribal certification plan requirements for plan maintenance a	Required	Use CPARD to update C&T plan annually or as necessary and submit annual C&T accomplishment information by December 31.	6/30/2015	Complete	Submitted annual C&T accomplishment information for FY14.	None
Worker Safety: Pesticide Applicator Certification	OPP	03.01.03.0	Monitor applicator training for quality assurance.	Required	Monitor and participate in applicator training programs.	6/30/2015	Partially Complete	OPS participated in and/or monitored a total of 32 training sessions.	None
Worker Safety: Pesticide Applicator Certification	OECA	03.02.01.0	Monitor compliance with the pesticide applicator certification requirements. Focus on sale/distribution of restricted use pesticides (RUPs) to applicators. One example is the fumigation sector(s) of concern.	Required	Make available information regarding range of new risk mitigation labeling requirements. Conduct routine inspections of dealers or restricted use materials to ensure proper certification and compliance.	6/30/2015	Partially Complete	Staff continue to make available information regarding range of new risk mitigation labeling requirements. Conducted 58 routine inspections of dealers of restricted use materials to ensure proper certification and compliance.	None
Container Containment	OPP	04.01.01.0	Provide technical assistance for the regulated community, as appropriate.	Required	Conduct education and outreach as needed and/or as requested.	6/30/2015	Ongoing/As Needed	No requests for education and outreach were requested during the reporting period.	None
Container Containment	OPP	04.01.02.0	Alert EPA to changes in state regulations and tribal codes.	Required	VDACS has regulations for Pesticide Containers and Containment Under Authority of the Virginia Pesticide Control Act and will notify EPA regarding any changes relating to the Container Containment regulations.	6/30/2015	Ongoing/As Needed	No changes during the reporting period.	None
Container Containment	OECA	04.02.01.0	Monitor compliance with C/C requirements. Focus on product and user compliance with special emphasis on agricultural retailers/distributors that repackaging pesticides into refillable containers, as well as RUP and Tox 1 category products.	Required	Conduct producer establishment inspections (PEIs), marketplace and dealer inspections to determine if the pesticide product released for shipment has the proper labeling and marketplace, dealer and pesticide producer inspections to verify compliance with the design requirements as appropriate.	6/30/2015	Partially Complete	Completed 28 PEI, 132 Marketplace, and 58 Dealer inspections within which 8 C/C inspections were conducted in during the reporting period.	None
Soil Fumigation & Soil Fumigants	OPP	05.01.01.0	For High Use States only (CA, WA, ID, OR, WI, MI, FL, MN, NC, VA, AZ, NV, GA, CO, ND) <u>As appropriate</u> , provide technical assistance, education, and outreach, to the regulated community.	Required	Make available information related to the new risk mitigation labeling requirements. Provided education and outreach as needed and/or requested.	6/30/2015	Ongoing/As Needed	No requests for education and outreach requested during the reporting period.	None
Soil Fumigation & Soil Fumigants	OECA	05.02.01.0	Monitor compliance with soil fumigation labels. Focus on product and user compliance with special emphasis on new label requirements.	Required	VDACS will continue to conduct agricultural use inspections relating to soil fumigations to ensure compliance and will investigate any reports alleging pesticide misuse or violations.	6/30/2015	Partially Complete	Conducted 3 soil fumigation inspections as part of agricultural use inspections during the FY 15 reporting period.	None
Pesticides in Water	OPP	06.01.01.0	For pesticides scheduled for registration review, submit existing water quality monitoring data not already provided to EPA, housed in the USGS National Water Information System (NWIS), entered into EPA's STORET Data Warehouse, or otherwise readily/publicly accessible to the EPA via the web. See OPP Guidance for Submission of State and Tribal Water Quality Monitoring Data, Appendix 5.	Required	VDACS will submit any available water quality monitoring data not already provided to EPA, housed in the USGS National Water Information System (NWIS), entered into EPA's STORET Data Warehouse, or otherwise readily/publicly accessible to the EPA via the web.	6/30/2015	Ongoing/As Needed	No water quality data available not already provided to EPA during the reporting period.	None

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/Innovations
Pesticides in Water	OPP	06.01.02.0	<u>Evaluate</u> : Identify pesticides of concern (POC) by evaluating a list of pesticides of interest (pesticides which have the potential to threaten local resources) to determine if those pesticides are found at concentration levels locally that are approaching or exceeding reference points and therefore are a threat to local water quality. The base list of pesticides of interest can be found in Appendix 6.	Required	Available data will be used to evaluate Pesticides of Interest to determine their potential to occur in ground or surface water at concentrations approaching or exceeding a human health or ecological reference point.	6/30/2015	Ongoing/As Needed	No new data of ground or surface water concentrations approaching or exceeding a human health or ecological reference point were found during the reporting period.	None
Pesticides in Water	OPP	06.01.03.0	<u>Manage</u> : Actively manage pesticides of concern beyond the label to reduce or prevent further contamination of local water resources.	Required	Pesticides determined to be of concern will be managed to reduce or prevent further contamination of local water resources.	6/30/2015	Ongoing/As Needed	No pesticides determined to be of concern during the reporting period.	None
Pesticides in Water	OPP	06.01.04.0	<u>Demonstrate Progress</u> : Show the management strategy has been effective in reducing or maintaining concentrations below reference points .	Required	Management of any pesticide of concern will be as such to show efficacy in reducing or maintaining concentrations below reference points.	6/30/2015	Ongoing/As Needed	No pesticides determined to be of concern during the reporting period.	None
Pesticides in Water	OPP	06.01.05.0	<u>Re-evaluate pesticides</u> if there is new information that could affect risk (e.g., new hazard data, significant increase in use, a new OPP risk assessment or registration decision involving a water quality concern).	Required	VDACS will re-evaluate pesticides if there is new information that could affect risk (e.g., new hazard data, significant increase in use, a new OPP risk assessment or registration decision involving a water quality concern).	6/30/2015	Ongoing/As Needed	No new information during the reporting period indicating increased risk (e.g., new hazard data, significant increase in use, a new OPP risk assessment or registration decision involving a water quality concern).	None
Pesticides in Water	OPP	06.01.06.0	<u>Report progress of activities in 06.01.02 - 06.01.05 in POINTS</u> .	Required	Use POINTS to update annually or as necessary pesticides of interest into the tracking system by December 31.	6/30/2015	Complete	POINTS updated as of December 31, 2014.	None
Pesticides in Water	OPP	06.01.07.0	Where appropriate, consult with and/or coordinate prevention and protection of water resources with other agencies responsible for water resource protection.	Required	Staff continues to participate on the Department of Environmental Quality's Technical Advisory Committee (TAC). Provides technical support and outreach and education upon request.	6/30/2015	Ongoing/As Needed	Staff continues to participate on the Department of Environmental Quality's Technical Advisory Committee (TAC). Provides technical support and outreach and education upon request.	None
Pesticides in Water	OECA	06.02.01.0	Monitor compliance with pesticide water quality risk mitigation measures, and respond to pesticide water contamination events especially where water quality standards or other reference points are threatened.	Required	Monitor compliance with and reporting adverse findings for non-compliance with the water quality protection labeling requirements as part of routine inspections and investigating all reports involving water quality including appropriate sampling and enforcement action when necessary.	6/30/2015	Partially Complete	Staff continue to monitor compliance with and report adverse findings for non-compliance with the water quality protection labeling requirements as part of routine inspections. Staff continue to investigate all reports involving water quality and include appropriate sampling and enforcement action when necessary.	None
Endangered Species Protection	OPP	07.01.01.0	Provide outreach and education on the Endangered Species Protection Program to current and potential pesticide users and pesticide inspectors.	Not Selected	N/A	6/30/2015	Ongoing/As Needed	Staff participated in the annual training of aerial applicators which included a review and demonstration of the new Bulletins Live! Two, an upgraded version of Bulletins Live.	None
Endangered Species Protection	OPP	07.01.02.0	<u>Provide risk assessment and risk mitigation support using EPA's stakeholder</u> .	Not Selected	N/A	6/30/2015			None
Endangered Species Protection	OPP	07.01.02.1	Provide information such as crop data, pesticide use data, and species location data to OPP for use in listed species-specific risk assessments for upcoming registration review cases.	Not Selected	N/A	6/30/2015			None
Endangered Species Protection	OPP	07.01.02.2	Comment on exposure assumptions used in risk assessments.	Not Selected	N/A	6/30/2015			None
Endangered Species Protection	OPP	07.01.02.3	Comment on the feasibility of proposed, listed species-specific mitigation measures during OPP's standard processes of registration and registration review.	Not Selected	N/A	6/30/2015			None
Endangered Species Protection	OPP	07.01.02.4	Review draft bulletins, should any be developed in a state's area.	Not Selected	N/A	6/30/2015			None
Endangered Species Protection	OPP	07.01.03.0	Establish and maintain relationships with local and regional fish and wildlife agencies.	Not Selected	N/A	6/30/2015			None

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/Innovations
Endangered Species Protection	OPP	07.01.04.0	Work with certification and training staff and cooperative extension services to provide endangered species information for pesticide applicator training.	Not Selected	N/A	6/30/2015			None
Endangered Species Protection	OECA	07.02.01.0	Monitor compliance with Endangered Species Bulletins, and track and report compliance information on endangered species inspections as described in Appendix 1, Number 7, Endangered Species Protection, Section D (Reporting Requirements) and E (Performance Measures), on page 41 of the Guidance.	Not Selected	N/A	6/30/2015			None
Bed Bugs	OPP	08.01.01.0	Provide education, outreach and technical assistance on pesticide and integrated pest management control approaches, and guidance for responses to bed bug infestations.	Not Selected	N/A	6/30/2015			None
Bed Bugs	OECA	08.02.01.0	Monitor product and user compliance. Focus on illegal claims and illegal use of products not registered for control of bed bugs with special emphasis on RUP and Tox 1 category products.	Not Selected	N/A	6/30/2015			None
Pollinator Protection	OPP	09.01.01.0	Establish relationships with federal, state, tribal and local agencies, beekeeper organizations, grower organizations (e.g., commodity groups), crop advisors, pesticide manufacturers (registrants), and other stakeholder groups within the region to assist where needed in combined pollinator protection activities.	Not Selected	N/A	6/30/2015			None
Pollinator Protection	OPP	09.01.02.0	Provide continuing educational opportunities and outreach to keep growers, applicators, and handlers up-to-date on the most recent methods to protect pollinators, such as IPM, BMPs, or softer applications.	Selected	Conduct outreach and education to user groups that increase awareness and compliance with the pollinator protection label language requirements; gather pollinator protection incident data for FY15-17 and report data as part of annual end-of-year reports; and provide a link from OPS web page to EPA's pollinator protection web page.	6/30/2015	Partially Complete	As part of all recertification courses, included information regarding pollinator protection label amendments (Ag & Non-Ag) as part of required legal update. Additional opportunities included presentations at annual association meetings.	None
Pollinator Protection	OECA	09.02.01.0	Monitor user compliance with pollinator protection label language. The EPA	Selected	Monitor compliance with pollinator protection label language during inspections. VDACS Joint "Investigation Guidance For Alleged Pesticide Related Bee Incidents" document which outlines the coordinated efforts between Office of Pesticide Services (OPS) and/or the Office of Plant Industry Services (OPIS-Apiary Program) will be followed when any report of an alleged pesticide exposure to bees is received [See attached guidance document].	6/30/2015	Partially Complete	Through inter-office coordination between OPS and the Office of Plant Industry Services (OPIS), VDACS has monitored user compliance with pollinator protection label language. Pesticide labels are routinely reviewed for pollinator protection language for compliance with label requirements. Both OPS & OPIS have received training on EPA's Bee Incident Investigation Guidance and VDACS' response policy. For the reporting period, OPS conducted 1 For Cause Investigation alleging failure to comply with pollinator protection label language.	None
Pollinator Protection	OECA	09.02.02.0	Conduct inspections and take enforcement actions directed at detecting and stopping distribution of unregistered or misbranded pesticides that could adversely affect pollinators and/or the quality of hive products.	Selected	Conduct marketplace inspections to ensure pesticides in channels of trade which could adversely affect pollinators are properly registered and labeled; and take enforcement action as appropriate for all violations.	6/30/2015	Partially Complete	Completed 132 marketplace inspections during the reporting period.	None
School Integrated Pest Management	OPP	10.01.01.0	Provide education, outreach and/or training on School IPM approaches to public schools or educational organizations working with public schools.	Not Selected	N/A	6/30/2015			None
School Integrated Pest Management	OPP	10.01.02.0	Forge partnerships with other agencies and/or organizations to promote adoption of IPM in public schools.	Not Selected	N/A	6/30/2015			None

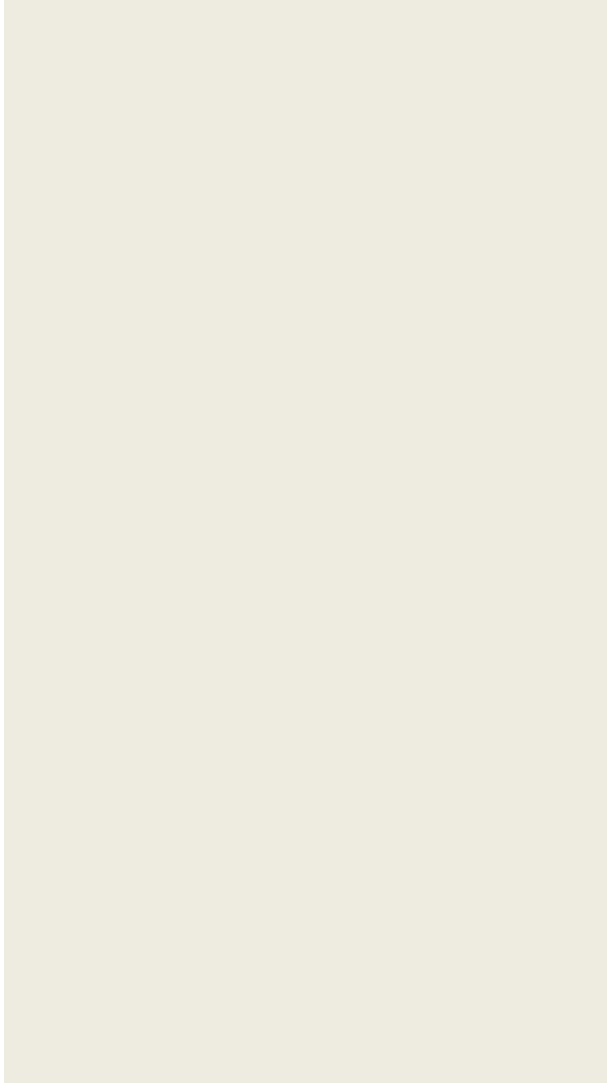

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/Innovations
Spray Drift	OPP	11.01.01.0	Conduct education and outreach activities that increase awareness and adoption of spray drift reduction techniques and technologies.	Selected	Conduct outreach and education to user groups to increase awareness and compliance with spray drift label language and the availability of drift reduction technologies and provide link from OPS web page to information about EPAs voluntary Drift Reduction Technology Program web page.	6/30/2015	Partially Complete	As part of all recertification courses, included information regarding the "label is the law" which includes both spray drift and spray drift technology as part of required legal update. Additional opportunities included presentations at annual association meetings.	None
Spray Drift	OPP	11.01.02.0	Gather spray drift incident data from the past 2-3 years to form an incident baseline and then gather additional incident data during the grant period.	Selected	VDACS will gather spray drift incident data for FY15-17 and report data as part of annual end-of-year reports.	6/30/2015	Partially Complete	Currently implementing a revised pesticide use investigation form with fields to capture information relating to the use of drift reduction technology (DRT). For the reporting period, OPS conducted 8 For Cause Investigations alleging spray drift.	None
Spray Drift	OPP	11.01.03.0	Report gathered data annually in a separate file attached to the end-of-year report.	Not Selected	N/A	6/30/2015			
Spray Drift	OECA	11.02.01.0	Monitor compliance with spray drift label language and report investigation findings as part of year-end reporting.	Selected	Monitor compliance with spray drift label language requirements and take enforcement action as appropriate for all violations.	6/30/2015	Partially Complete	During routine use and for cause inspections pesticide labels are reviewed for drift label language and compliance with label requirements.	None
State and Tribal Coordination and Communication	OPP	12.01.01.0	When conducting training of state staff, offer tribal pesticide staff an opportunity to participate if space is available or can be made available.	Not Selected	N/A	6/30/2015			None
State and Tribal Coordination and Communication	OPP	12.01.02.0	Offer tribes an opportunity to ride along with state pesticide inspectors as training for tribal pesticide inspectors.	Not Selected	N/A	6/30/2015			None
State and Tribal Coordination and Communication	OPP	12.01.03.0	Share information on tips, complaints, violators, and/or incidents that may be relevant in Indian country.	Not Selected	N/A	6/30/2015			None
State and Tribal Coordination and Communication	OPP	12.01.04.0	Let tribes know when the state issues a FIFRA Section 24(c) or applies for a Section 18.	Not Selected	N/A	6/30/2015			None
State and Tribal Coordination and Communication	OPP	12.01.05.0	Provide lab support to tribes.	Not Selected	N/A	6/30/2015			None
State and Tribal Coordination and Communication	OPP	12.01.06.0	Other negotiated activities as appropriate.	Not Selected	N/A	6/30/2015			None
State and Tribal Coordination and Communication	OECA	12.02.01.0	Improve tribal capacity to enforce pesticide programs.	Not Selected	N/A	6/30/2015			None
Supplemental Distributors	OECA	13.02.01.0	Monitor compliance of distributor products. Focus on product integrity, including product composition, product labeling, and registration requirements under FIFRA. Place special emphasis on (1) registrants, producers and supplemental distributors that handle large numbers of distributor products, (2) registrants, producers and supplemental distributors with a history of noncompliance with distributor products, (3) distributor products that are high risk (Tox 1 category and RUP products) and (4) distributor products making public health claims on the labeling.	Not Selected	N/A	6/30/2015			None
Contract Manufacturers	OECA	14.02.01.0	Monitor compliance with contract manufacturing requirements. Focus on one or more of the following: manufacturers of disinfectants, RUPs, or Tox 1 category products, and manufacturers with a prior history of FIFRA noncompliance.	Not Selected	N/A	6/30/2015			None
Imports	OECA	15.02.01.0	Assist regions when necessary to monitor movement of imported pesticides within state or tribal lands.	Not Selected	N/A	6/30/2015			None

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/ Innovations
National Data System	OECA	16.02.01.0	Work with OECA to determine what data to collect and how to utilize the data to enhance the effectiveness of the National Pesticide Program and illustrate the performance of the national pesticide compliance program.	Not Selected	N/A	6/30/2015			None
Supplemental/ Special Project	OPP	17.01.01.0	Supplemental Activity (OPP)	Not Selected	N/A	6/30/2015			None
Supplemental/ Special Project	OECA	17.02.01.0	Supplemental Activity (OECA)	Not Selected	N/A	6/30/2015			
Regional Guidance Activity	OPP	18.01.01.0	Regional Activity (OPP)	Not Selected	N/A	6/30/2015			None
Regional Guidance Activity	OECA	18.02.01.0	Regional Guidance Activity (OECA)	Not Selected	N/A	6/30/2015			None

*EPA Review
of Status*

EPA Comment(s)

EPA Recommendation (s)

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/Innovations
Basic Pesticide Program	OPP OECA	& 01.00.01.0	Complete administrative/management, fiduciary and reporting requirements associated with this cooperative agreement.	Required	VDACS will complete administrative/management, fiduciary and reporting requirements associated with this cooperative agreement including compliance with EPA's Grants Policy Issuance GPI 12-6: Timely Obligation, Award and Expenditure of EPA Grant Funds.	6/30/2016			None
Basic Pesticide Program	OPP OECA	& 01.00.02.0	Build or maintain staff and management expertise on pesticide program issues and enforcement (e.g. attend training opportunities through PREP, PIRT, in-service training, etc. or other appropriate activities).	Required	Conduct ongoing assessment of training and development needs. Ensure Staff receives appropriate training by attending training opportunities through PREP, PIRT, in-house activities and other commercially available training programs.	6/30/2016			None
Basic Pesticide Program	OPP OECA	& 01.00.03.0	Respond to pesticide inquiries, concerns, tips, and complaints from the public.	Required	VDACS will continue to respond to inquiries, concerns, tips, and complaints relating to pesticide use in the Commonwealth.	6/30/2016			None
Basic Pesticide Program	OPP	01.01.01.0	Provide outreach, communication, and training as appropriate as a result of new emerging issues, rules, regulations, and registration and registration review decisions.	Required	Participate in outreach and education events as needed and/or when requested.	6/30/2016			None
Basic Pesticide Program	OPP	01.01.02.0	Report information on all known or suspected pesticide incidents involving pollinators to OPP (beekill@epa.gov) with a copy to the regional office.	Required	VDACS will report information on known or suspected pesticide incidents involving pollinators to OPP with a copy to the regional office.	6/30/2016			None
Basic Pesticide Program	OECA	01.02.01.0	Project inspection numbers and report various inspection and enforcement accomplishments. The 5700 forms, ES Inspections Report, and performance measures (when final) forms contained in the FIFRA template may be used for this purpose.	Required	Utilizing time factor outputs, project annual number of inspections and investigations by type as part of grant application process. Reporting of inspection/investigation activities will take place at the mid and end of year.	6/30/2016			None
Basic Pesticide Program	OECA	01.02.02.0	Maintain adequate pesticide laws, rules, and associated implementation procedures.	Required	VDACS is designated as the state lead agency in the Commonwealth of Virginia for pesticide regulation. Pesticide use, handling and distribution is governed by the Virginia Pesticide Control Act (Act), Title 3.2, Chapter 39 of the Code of Virginia, as amended	6/30/2016			None
Basic Pesticide Program	OECA	01.02.03.0	Provide outreach and compliance assistance.	Required	Participate in outreach and education events and provide compliance assistance upon receipt of request.	6/30/2016			None
Basic Pesticide Program	OECA	01.02.04.0	Draft, modify, or maintain a priority setting plan for inspections & investigations, addressing grantee and EPA-identified priorities (see Appendix 4, Enforcement Priority Setting Guidance; to be replaced by Compliance Monitoring Strategy when finalized).	Required	Conduct inspection activities in support the EPA's two overarching priorities—Degree of harm to human health and the environment and Identification of violations.	6/30/2016			None
Basic Pesticide Program	OECA	01.02.05.0	During use inspections, monitor compliance with the label, including any ESA bulletins, if applicable.	Required	Pesticide use inspections include monitoring all label requirements, including ESA bulletins when applicable.	6/30/2016			None
Basic Pesticide Program	OECA	01.02.06.0	Develop/maintain a searchable inspection/investigation and case tracking system and track all inspections/investigations and cases.	Required	The current status of all inspections/investigations and cases will be tracked in an enforcement and compliance database.	6/30/2016			None

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/Innovations
Basic Pesticide Program	OECA	01.02.07.0	Ensure a minimum of one state employee obtains and maintains an EPA inspector's credential. Where state authority is inappropriate or inadequate, or at EPA's request, conduct FIFRA inspections with EPA credentials, according to EPA procedures and guidance documents.	Required	Seek and maintain federal credentials for all Pesticide Investigators.	6/30/2016			None
Basic Pesticide Program	OECA	01.02.08.0	Refer all inspections conducted with federal credentials to the region.	Required	Forward all inspections conducted with federal credentials to EPA Region 3.	6/30/2016			None
Basic Pesticide Program	OECA	01.02.09.0	Refer FIFRA cases to the region for enforcement consideration according to a mutually identified referral priority scheme.	Required	Refer all FIFRA inspections conducted with federal credentials to the EPA Region for enforcement consideration.	6/30/2016			None
Basic Pesticide Program	OECA	01.02.10.0	Maintain and follow a matrix to develop and issue enforcement actions.	Required	Issue all civil penalties in accordance with the Guidelines for Enforcement of the Virginia Pesticide Control Act: Civil Penalty Decision Matrix.	6/30/2016			None
Basic Pesticide Program	OECA	01.02.11.0	Follow up on significant or grantee and region agreed upon pesticide incidents referred by EPA as required by FIFRA Sections 26 and 27.	Required	Follow established procedures for Significant Incidents.	6/30/2016			None
Basic Pesticide Program	OECA	01.02.12.0	Conduct inspections consistent with the FIFRA Inspection Manual including collection of the appropriate amount of sale and distribution records as discussed in Chapter 6 "Product Sampling".	Required	Inspection/Investigations to be conducted in accordance with the FIFRA Inspection Manual.	6/30/2016			None
Basic Pesticide Program	OECA	01.02.13.0	Maintain and follow a Quality Management Plan for the overall pesticide enforcement program.	Required	Maintain and follow a Quality Management Plan. Update as necessary.	6/30/2016			None
Basic Pesticide Program	OECA	01.02.14.0	Maintain and follow Quality Assurance Project Plan(s) for pesticide sample collection and analysis.	Required	Maintain and follow a Quality Assurance Plan. Update as necessary.	6/30/2016			None
Basic Pesticide Program	OECA	01.02.15.0	Maintain access to adequate laboratory support capacity.	Required	Maintain current interagency agreement between VDACS and DCLS for analytic testing services.	6/30/2016			None
Basic Pesticide Program	OECA	01.02.16.0	Assist EPA in enforcing regulatory actions and monitoring Section 18, Section 24(c), and Experimental Use Permits.	Required	VDACS will assist EPA in enforcing regulatory actions and monitoring Section 18, Section 24(c), and Experimental Use Permits in the Commonwealth.	6/30/2016			None
Worker Safety: Worker OPP Protection Standard		02.01.01.0	Implement Part 170 worker protection standard (WPS) rule requirements and carry out program implementation requirements.	Required	VDACS will continue to implement Part 170 worker protection standard (WPS) rule requirements and carry out program implementation requirements through outreach, education, compliance assistance and inspections. VDACS plans to conduct 35 Tier I inspections in FY 16.	6/30/2016			None
Worker Safety: Worker OPP Protection Standard		02.01.02.0	Conduct WPS-related Outreach and Education. This includes communicating existing requirements to the regulated community and informing co-regulators, the regulated community, and other program stakeholders of any proposed changes or new requirements.	Required	Make available new and existing WPS related information to covered agricultural establishments; coordinate and exchange information, as appropriate, with other Agencies and program stakeholders regarding proposed changes or new regulations.	6/30/2016			None
Worker Safety: Worker OPP Protection Standard		02.01.03.0	Support WPS worker & handler training.	Required	Make available WPS training and related materials. Provide information on EPA's Agricultural Compliance Assistance Center.	6/30/2016			None
Worker Safety: Worker OPP Protection Standard		02.01.04.0	Assure mechanisms and procedures are in place to enable coordination and follow-up on reports of occupational pesticide exposure, incidents or illnesses that may be related to pesticide use/misuse or WPS violations.	Required	Investigate any reports of occupational pesticide exposure incidents/illnesses related to pesticide use/misuse or WPS violations.	6/30/2016			None

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/Innovations
Worker Safety: Worker Protection Standard	OECA	02.02.01.0	Monitor compliance with the WPS requirements associated with use of high risk pesticides, high exposure scenarios or repeat offenders. Include activities that support both WPS and product use compliance.	Required	Inspect agricultural establishment to ensure compliance, investigate any reports alleging pesticide misuse or WPS violations. Inform pesticide workers and handlers regarding WPS protection, how to report incidents and illnesses and how to file a complaint.	6/30/2016			None
Worker Safety: Worker Protection Standard	OECA	02.02.02.0	Grantees may refer potential violations to the regional office for appropriate action.	Required	VDACS may refer potential violations to the regional office for appropriate action.	6/30/2016			
Worker Safety: Pesticide Applicator Certification	OPP	03.01.01.0	Implement pesticide applicator certification programs in accordance with Part 171 and EPA approved certification plans. This includes communicating information about proposed rule changes that may be published for comment to co-regulators, the regulated community, and other program stakeholders.	Required	VDACS administers pesticide applicator certification programs in accordance with Part 171 and the certification plan as approved by EPA. Any and all proposed rule changes will be disseminated to other agencies, the regulated industry and other stakeholders.	6/30/2016			None
Worker Safety: Pesticide Applicator Certification	OPP	03.01.02.0	Meet state/and tribal certification plan requirements for plan maintenance.	Required	Use CPARD to update C&T plan annually or as necessary and submit annual C&T accomplishment information by December 31.	6/30/2016			None
Worker Safety: Pesticide Applicator Certification	OPP	03.01.03.0	Monitor applicator training for quality assurance.	Required	Monitor and participate in applicator training programs.	6/30/2016			None
Worker Safety: Pesticide Applicator Certification	OECA	03.02.01.0	Monitor compliance with the pesticide applicator certification requirements. Focus on sale/distribution of restricted use pesticides (RUPs) to applicators. One example is the fumigation sector(s) of concern.	Required	Make available information regarding range of new risk mitigation labeling requirements. Conduct routine inspections of dealers or restricted use materials to ensure proper certification and compliance.	6/30/2016			None
Container Containment	OPP	04.01.01.0	Provide technical assistance for the regulated community, as appropriate.	Required	Conduct education and outreach as needed and/or as requested.	6/30/2016			None
Container Containment	OPP	04.01.02.0	Alert EPA to changes in state regulations and tribal codes.	Required	VDACS has regulations for Pesticide Containers and Containment Under Authority of the Virginia Pesticide Control Act and will notify EPA regarding any changes relating to the Container Containment regulations.	6/30/2016			None
Container Containment	OECA	04.02.01.0	Monitor compliance with C/C requirements. Focus on product and user compliance with special emphasis on agricultural retailers/distributors that repackaging pesticides into refillable containers, as well as RUP and Tox 1 category products.	Required	Conduct producer establishment inspections (PEIs), marketplace and dealer inspections to determine if the pesticide product released for shipment has the proper labeling and marketplace, dealer and pesticide producer inspections to verify compliance with the design requirements as appropriate.	6/30/2016			None
Soil Fumigation & Soil Fumigants	OPP	05.01.01.0	For High Use States only (CA, WA, ID, OR, WI, MI, FL, MN, NC, VA, AZ, NV, GA, CO, ND) As appropriate, provide technical assistance, education, and outreach, to the regulated community.	Required	Make available information related to the new risk mitigation labeling requirements. Provided education and outreach as needed and/or requested.	6/30/2016			None
Soil Fumigation & Soil Fumigants	OECA	05.02.01.0	Monitor compliance with soil fumigation labels. Focus on product and user compliance with special emphasis on new label requirements.	Required	VDACS will continue to conduct agricultural use inspections relating to soil fumigations to ensure compliance and will investigate any reports alleging pesticide misuse or violations.	6/30/2016			None

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/Innovations
Pesticides in Water	OPP	06.01.01.0	For pesticides scheduled for registration review, submit existing water quality monitoring data not already provided to EPA, housed in the USGS National Water Information System (NWIS), entered into EPA's STORET Data Warehouse, or otherwise readily/publicly accessible to the EPA via the web. See OPP Guidance for Submission of State and Tribal Water Quality Monitoring Data, Appendix 5.	Required	VDACS will submit any available water quality monitoring data not already provided to EPA, housed in the USGS National Water Information System (NWIS), entered into EPA's STORET Data Warehouse, or otherwise readily/publicly accessible to the EPA via the web.	6/30/2016			None
Pesticides in Water	OPP	06.01.02.0	<u>Evaluate:</u> Identify pesticides of concern (POC) by evaluating a list of pesticides of interest (pesticides which have the potential to threaten local resources) to determine if those pesticides are found at concentration levels locally that are approaching or exceeding reference points and therefore are a threat to local water quality. The base list of pesticides of interest can be found in Appendix 6.	Required	Available data will be used to evaluate Pesticides of Interest to determine their potential to occur in ground or surface water at concentrations approaching or exceeding a human health or ecological reference point.	6/30/2016			None
Pesticides in Water	OPP	06.01.03.0	<u>Manage:</u> Actively manage pesticides of concern beyond the label to reduce or prevent further contamination of local water resources.	Required	Pesticides determined to be of concern will be managed to reduce or prevent further contamination of local water resources.	6/30/2016			None
Pesticides in Water	OPP	06.01.04.0	<u>Demonstrate Progress:</u> Show the management strategy has been effective in reducing or maintaining concentrations below reference points .	Required	Management of any pesticide of concern will be as such to show efficacy in reducing or maintaining concentrations below reference points.	6/30/2016			None
Pesticides in Water	OPP	06.01.05.0	<u>Re-evaluate pesticides</u> if there is new information that could affect risk (e.g., new hazard data, significant increase in use, a new OPP risk assessment or registration decision involving a water quality concern).	Required	VDACS will re-evaluate pesticides if there is new information that could affect risk (e.g., new hazard data, significant increase in use, a new OPP risk assessment or registration decision involving a water quality concern).	6/30/2016			None
Pesticides in Water	OPP	06.01.06.0	<u>Report progress of activities in 06.01.02 – 06.01.05 in POINTS.</u>	Required	Use POINTS to update annually or as necessary pesticides of interest into the tracking system by December 31.	6/30/2016			None
Pesticides in Water	OPP	06.01.07.0	Where appropriate, consult with and/or coordinate prevention and protection of water resources with other agencies responsible for water resource protection.	Required	Staff continues to participate on the Department of Environmental Quality's Technical Advisory Committee (TAC). Provides technical support and outreach and education upon request.	6/30/2016			None
Pesticides in Water	OECA	06.02.01.0	Monitor compliance with pesticide water quality risk mitigation measures, and respond to pesticide water contamination events especially where water quality standards or other reference points are threatened.	Required	Monitor compliance with and reporting adverse findings for non-compliance with the water quality protection labeling requirements as part of routine inspections and investigating all reports involving water quality including appropriate sampling and enforcement action when necessary.	6/30/2016			None
Endangered Species Protection	OPP	07.01.01.0	Provide outreach and education on the Endangered Species Protection Program to current and potential pesticide users and pesticide inspectors.	Not Selected	N/A	6/30/2016			None
Endangered Species Protection	OPP	07.01.02.0	<u>Provide risk assessment and risk mitigation support using using EPA's stakeh</u>	Not Selected	N/A	6/30/2016			None
Endangered Species Protection	OPP	07.01.02.1	Provide information such as crop data, pesticide use data, and species location data to OPP for use in listed species-specific risk assessments for upcoming registration review cases.	Not Selected	N/A	6/30/2016			None
Endangered Species Protection	OPP	07.01.02.2	Comment on exposure assumptions used in risk assessments.	Not Selected	N/A	6/30/2016			None
Endangered Species Protection	OPP	07.01.02.3	Comment on the feasibility of proposed, listed species-specific mitigation measures during OPP's standard processes of registration and registration review.	Not Selected	N/A	6/30/2016			None

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/ Innovations
Endangered Species Protection	OPP	07.01.02.4	Review draft bulletins, should any be developed in a state's area.	Not Selected	N/A	6/30/2016			None
Endangered Species Protection	OPP	07.01.03.0	Establish and maintain relationships with local and regional fish and wildlife agencies.	Not Selected	N/A	6/30/2016			None
Endangered Species Protection	OPP	07.01.04.0	Work with certification and training staff and cooperative extension services to provide endangered species information for pesticide applicator training.	Not Selected	N/A	6/30/2016			None
Endangered Species Protection	OECA	07.02.01.0	Monitor compliance with Endangered Species Bulletins, and track and report compliance information on endangered species inspections as described in Appendix 1, Number 7, Endangered Species Protection, Section D (Reporting Requirements) and E (Performance Measures), on page 41 of the Guidance.	Not Selected	N/A	6/30/2016			None
Bed Bugs	OPP	08.01.01.0	Provide education, outreach and technical assistance on pesticide and integrated pest management control approaches, and guidance for responses to bed bug infestations.	Not Selected	N/A	6/30/2016			None
Bed Bugs	OECA	08.02.01.0	Monitor product and user compliance. Focus on illegal claims and illegal use of products not registered for control of bed bugs with special emphasis on RUP and Tox 1 category products.	Not Selected	N/A	6/30/2016			None
Pollinator Protection	OPP	09.01.01.0	Establish relationships with federal, state, tribal and local agencies, beekeeper organizations, grower organizations (e.g., commodity groups), crop advisors, pesticide manufacturers (registrants), and other stakeholder groups within the region to assist where needed in combined pollinator protection activities.	Not Selected	N/A	6/30/2016			None
Pollinator Protection	OPP	09.01.02.0	Provide continuing educational opportunities and outreach to keep growers, applicators, and handlers up-to-date on the most recent methods to protect pollinators, such as IPM, BMPs, or softer applications.	Selected	Conduct outreach and education to user groups that increase awareness and compliance with the pollinator protection label language requirements; gather pollinator protection incident data for FY15-17 and report data as part of annual end-of-year reports; and provide a link from OPS web page to EPA's pollinator protection web page.	6/30/2016			None
Pollinator Protection	OECA	09.02.01.0	Monitor user compliance with pollinator protection label language. The EPA	Selected	Monitor compliance with pollinator protection label language during inspections. VDACS Joint "Investigation Guidance For Alleged Pesticide Related Bee Incidents" document which outlines the coordinated efforts between Office of Pesticide Services (OPS) and/or the Office of Plant Industry Services (OPIS-Apiary Program) will be followed when any report of an alleged pesticide exposure to bees is received [See attached guidance document].	6/30/2016			None
Pollinator Protection	OECA	09.02.02.0	Conduct inspections and take enforcement actions directed at detecting and stopping distribution of unregistered or misbranded pesticides that could adversely affect pollinators and/or the quality of hive products.	Selected	Conduct marketplace inspections to ensure pesticides in channels of trade which could adversely affect pollinators are properly registered and labeled; and take enforcement action as appropriate for all violations.	6/30/2016			None
School Integrated Pest Management	OPP	10.01.01.0	Provide education, outreach and/or training on School IPM approaches to public schools or educational organizations working with public schools.	Not Selected	N/A	6/30/2016			None
School Integrated Pest Management	OPP	10.01.02.0	Forge partnerships with other agencies and/or organizations to promote adoption of IPM in public schools.	Not Selected	N/A	6/30/2016			None

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/ Innovations
Spray Drift	OPP	11.01.01.0	Conduct education and outreach activities that increase awareness and adoption of spray drift reduction techniques and technologies.	Selected	Conduct outreach and education to user groups to increase awareness and compliance with spray drift label language and the availability of drift reduction technologies and provide link from OPS web page to information about EPAs voluntary Drift Reduction Technology Program web page.	6/30/2016			None
Spray Drift	OPP	11.01.02.0	Gather spray draft incident data from the past 2-3 years to form an incident baseline and then gather additional incident data during the grant period.	Selected	VDACS will gather spray drift incident data for FY15-17 and report data as part of annual end-of-year reports.	6/30/2016			None
Spray Drift	OPP	11.01.03.0	Report gathered data annually in a separate file attached to the end-of-year report.	Not Selected	N/A	6/30/2016			
Spray Drift	OECA	11.02.01.0	Monitor compliance with spray drift label language and report investigation findings as part of year-end reporting.	Selected	Monitor compliance with spray drift label language requirements and take enforcement action as appropriate for all violations.	6/30/2016			None
State and Tribal Coordination and Communication	OPP	12.01.01.0	When conducting training of state staff, offer tribal pesticide staff an opportunity to participate if space is available or can be made available.	Not Selected	N/A	6/30/2016			None
State and Tribal Coordination and Communication	OPP	12.01.02.0	Offer tribes an opportunity to ride along with state pesticide inspectors as training for tribal pesticide inspectors.	Not Selected	N/A	6/30/2016			None
State and Tribal Coordination and Communication	OPP	12.01.03.0	Share information on tips, complaints, violators, and/or incidents that may be relevant in Indian country.	Not Selected	N/A	6/30/2016			None
State and Tribal Coordination and Communication	OPP	12.01.04.0	Let tribes know when the state issues a FIFRA Section 24(c) or applies for a Section 18.	Not Selected	N/A	6/30/2016			None
State and Tribal Coordination and Communication	OPP	12.01.05.0	Provide lab support to tribes.	Not Selected	N/A	6/30/2016			None
State and Tribal Coordination and Communication	OPP	12.01.06.0	Other negotiated activities as appropriate.	Not Selected	N/A	6/30/2016			None
State and Tribal Coordination and Communication	OECA	12.02.01.0	Improve tribal capacity to enforce pesticide programs.	Not Selected	N/A	6/30/2016			None
Supplemental Distributors	OECA	13.02.01.0	Monitor compliance of distributor products. Focus on product integrity, including product composition, product labeling, and registration requirements under FIFRA. Place special emphasis on (1) registrants, producers and supplemental distributors that handle large numbers of distributor products, (2) registrants, producers and supplemental distributors with a history of noncompliance with distributor products, (3) distributor products that are high risk (Tox 1 category and RUP products) and (4) distributor products making public health claims on the labeling.	Not Selected	N/A	6/30/2016			None
Contract Manufacturers	OECA	14.02.01.0	Monitor compliance with contract manufacturing requirements. Focus on one or more of the following: manufacturers of disinfectants, RUPs, or Tox 1 category products, and manufacturers with a prior history of FIFRA noncompliance.	Not Selected	N/A	6/30/2016			None
Imports	OECA	15.02.01.0	Assist regions when necessary to monitor movement of imported pesticides within state or tribal lands.	Not Selected	N/A	6/30/2016			None
National Data System	OECA	16.02.01.0	Work with OECA to determine what data to collect and how to utilize the data to enhance the effectiveness of the National Pesticide Program and illustrate the performance of the national pesticide compliance program.	Not Selected	N/A	6/30/2016			None
Supplemental/ Special Project	OPP	17.01.01.0	Supplemental Activity (OPP)	Not Selected	N/A	6/30/2016			None
Supplemental/ Special Project	OECA	17.02.01.0	Supplemental Activity (OECA)	Not Selected	N/A	6/30/2016			None

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/ Innovations
Regional Guidance Activity	OPP	18.01.01.0	Regional Activity (OPP)	Not Selected	N/A	6/30/2016			None
Regional Guidance Activity	OECA	18.02.01.0	Regional Guidance Activity (OECA)	Not Selected	N/A	6/30/2016			None

<i>EPA Review of Status</i>	<i>EPA Comment(s)</i>	<i>EPA Recommendation (s)</i>
-------------------------------------	-----------------------	-------------------------------

--	--	--

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/Innovations
Basic Pesticide Program	OPP OECA	& 01.00.01.0	Complete administrative/management, fiduciary and reporting requirements associated with this cooperative agreement.	Required	VDACS will complete administrative/management, fiduciary and reporting requirements associated with this cooperative agreement including compliance with EPA's Grants Policy Issuance GPI 12-6: Timely Obligation, Award and Expenditure of EPA Grant Funds.	6/30/2017			None
Basic Pesticide Program	OPP OECA	& 01.00.02.0	Build or maintain staff and management expertise on pesticide program issues and enforcement (e.g. attend training opportunities through PREP, PIRT, in-service training, etc. or other appropriate activities).	Required	Conduct ongoing assessment of training and development needs. Ensure Staff receives appropriate training by attending training opportunities through PREP, PIRT, in-house activities and other commercially available training programs.	6/30/2017			None
Basic Pesticide Program	OPP OECA	& 01.00.03.0	Respond to pesticide inquiries, concerns, tips, and complaints from the public.	Required	VDACS will continue to respond to inquiries, concerns, tips, and complaints relating to pesticide use in the Commonwealth.	6/30/2017			None
Basic Pesticide Program	OPP	01.01.01.0	Provide outreach, communication, and training as appropriate as a result of new emerging issues, rules, regulations, and registration and registration review decisions.	Required	Participate in outreach and education events as needed and/or when requested.	6/30/2017			None
Basic Pesticide Program	OPP	01.01.02.0	Report information on all known or suspected pesticide incidents involving pollinators to OPP (beekill@epa.gov) with a copy to the regional office.	Required	VDACS will report information on known or suspected pesticide incidents involving pollinators to OPP with a copy to the regional office.	6/30/2017			None
Basic Pesticide Program	OECA	01.02.01.0	Project inspection numbers and report various inspection and enforcement accomplishments. The 5700 forms, ES Inspections Report, and performance measures (when final) forms contained in the FIFRA template may be used for this purpose.	Required	Utilizing time factor outputs, project annual number of inspections and investigations by type as part of grant application process. Reporting of inspection/investigation activities will take place at the mid and end of year.	6/30/2017			None
Basic Pesticide Program	OECA	01.02.02.0	Maintain adequate pesticide laws, rules, and associated implementation procedures.	Required	VDACS is designated as the state lead agency in the Commonwealth of Virginia for pesticide regulation. Pesticide use, handling and distribution is governed by the Virginia Pesticide Control Act (Act), Title 3.2, Chapter 39 of the Code of Virginia, as amended	6/30/2017			None
Basic Pesticide Program	OECA	01.02.03.0	Provide outreach and compliance assistance.	Required	Participate in outreach and education events and provide compliance assistance upon receipt of request.	6/30/2017			None
Basic Pesticide Program	OECA	01.02.04.0	Draft, modify, or maintain a priority setting plan for inspections & investigations, addressing grantee and EPA-identified priorities (see Appendix 4, Enforcement Priority Setting Guidance; to be replaced by Compliance Monitoring Strategy when finalized).	Required	Conduct inspection activities in support the EPA's two overarching priorities—Degree of harm to human health and the environment and Identification of violations.	6/30/2017			None
Basic Pesticide Program	OECA	01.02.05.0	During use inspections, monitor compliance with the label, including any ESA bulletins, if applicable.	Required	Pesticide use inspections include monitoring all label requirements, including ESA bulletins when applicable.	6/30/2017			None
Basic Pesticide Program	OECA	01.02.06.0	Develop/maintain a searchable inspection/investigation and case tracking system and track all inspections/investigations and cases.	Required	The current status of all inspections/investigations and cases will be tracked in an enforcement and compliance database.	6/30/2017			None

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/Innovations
Basic Pesticide Program	OECA	01.02.07.0	Ensure a minimum of one state employee obtains and maintains an EPA inspector's credential. Where state authority is inappropriate or inadequate, or at EPA's request, conduct FIFRA inspections with EPA credentials, according to EPA procedures and guidance documents.	Required	Seek and maintain federal credentials for all Pesticide Investigators.	6/30/2017			None
Basic Pesticide Program	OECA	01.02.08.0	Refer all inspections conducted with federal credentials to the region.	Required	Forward all inspections conducted with federal credentials to EPA Region 3.	6/30/2017			None
Basic Pesticide Program	OECA	01.02.09.0	Refer FIFRA cases to the region for enforcement consideration according to a mutually identified referral priority scheme.	Required	Refer all FIFRA inspections conducted with federal credentials to the EPA Region for enforcement consideration.	6/30/2017			None
Basic Pesticide Program	OECA	01.02.10.0	Maintain and follow a matrix to develop and issue enforcement actions.	Required	Issue all civil penalties in accordance with the Guidelines for Enforcement of the Virginia Pesticide Control Act: Civil Penalty Decision Matrix.	6/30/2017			None
Basic Pesticide Program	OECA	01.02.11.0	Follow up on significant or grantee and region agreed upon pesticide incidents referred by EPA as required by FIFRA Sections 26 and 27.	Required	Follow established procedures for Significant Incidents.	6/30/2017			None
Basic Pesticide Program	OECA	01.02.12.0	Conduct inspections consistent with the FIFRA Inspection Manual including collection of the appropriate amount of sale and distribution records as discussed in Chapter 6 "Product Sampling".	Required	Inspection/Investigations to be conducted in accordance with the FIFRA Inspection Manual.	6/30/2017			None
Basic Pesticide Program	OECA	01.02.13.0	Maintain and follow a Quality Management Plan for the overall pesticide enforcement program.	Required	Maintain and follow a Quality Management Plan. Update as necessary.	6/30/2017			None
Basic Pesticide Program	OECA	01.02.14.0	Maintain and follow Quality Assurance Project Plan(s) for pesticide sample collection and analysis.	Required	Maintain and follow a Quality Assurance Plan. Update as necessary.	6/30/2017			None
Basic Pesticide Program	OECA	01.02.15.0	Maintain access to adequate laboratory support capacity.	Required	Maintain current interagency agreement between VDACS and DCLS for analytic testing services.	6/30/2017			None
Basic Pesticide Program	OECA	01.02.16.0	Assist EPA in enforcing regulatory actions and monitoring Section 18, Section 24(c), and Experimental Use Permits.	Required	VDACS will assist EPA in enforcing regulatory actions and monitoring Section 18, Section 24(c), and Experimental Use Permits in the Commonwealth.	6/30/2017			None
Worker Safety: Worker OPP Protection Standard		02.01.01.0	Implement Part 170 worker protection standard (WPS) rule requirements and carry out program implementation requirements.	Required	VDACS will continue to implement Part 170 worker protection standard (WPS) rule requirements and carry out program implementation requirements through outreach, education, compliance assistance and inspections. VDACS plans to conduct 35 Tier I inspections in FY 17.	6/30/2017			None
Worker Safety: Worker OPP Protection Standard		02.01.02.0	Conduct WPS-related Outreach and Education. This includes communicating existing requirements to the regulated community and informing co-regulators, the regulated community, and other program stakeholders of any proposed changes or new requirements.	Required	Make available new and existing WPS related information to covered agricultural establishments; coordinate and exchange information, as appropriate, with other Agencies and program stakeholders regarding proposed changes or new regulations.	6/30/2017			None
Worker Safety: Worker OPP Protection Standard		02.01.03.0	Support WPS worker & handler training.	Required	Make available WPS training and related materials. Provide information on EPA's Agricultural Compliance Assistance Center.	6/30/2017			None
Worker Safety: Worker OPP Protection Standard		02.01.04.0	Assure mechanisms and procedures are in place to enable coordination and follow-up on reports of occupational pesticide exposure, incidents or illnesses that may be related to pesticide use/misuse or WPS violations.	Required	Investigate any reports of occupational pesticide exposure incidents/illnesses related to pesticide use/misuse or WPS violations.	6/30/2017			None

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/Innovations
Worker Safety: Worker Protection Standard	OECA	02.02.01.0	Monitor compliance with the WPS requirements associated with use of high risk pesticides, high exposure scenarios or repeat offenders. Include activities that support both WPS and product use compliance.	Required	Inspect agricultural establishment to ensure compliance, investigate any reports alleging pesticide misuse or WPS violations. Inform pesticide workers and handlers regarding WPS protection, how to report incidents and illnesses and how to file a complaint.	6/30/2017			None
Worker Safety: Worker Protection Standard	OECA	02.02.02.0	Grantees may refer potential violations to the regional office for appropriate action.	Required	VDACS may refer potential violations to the regional office for appropriate action.	6/30/2017			
Worker Safety: Pesticide Applicator Certification	OPP	03.01.01.0	Implement pesticide applicator certification programs in accordance with Part 171 and EPA approved certification plans. This includes communicating information about proposed rule changes that may be published for comment to co-regulators, the regulated community, and other program stakeholders.	Required	VDACS administers pesticide applicator certification programs in accordance with Part 171 and the certification plan as approved by EPA. Any and all proposed rule changes will be disseminated to other agencies, the regulated industry and other stakeholders.	6/30/2017			None
Worker Safety: Pesticide Applicator Certification	OPP	03.01.02.0	Meet state/and tribal certification plan requirements for plan maintenance a	Required	Use CPARD to update C&T plan annually or as necessary and submit annual C&T accomplishment information by December 31.	6/30/2017			None
Worker Safety: Pesticide Applicator Certification	OPP	03.01.03.0	Monitor applicator training for quality assurance.	Required	Monitor and participate in applicator training programs.	6/30/2017			None
Worker Safety: Pesticide Applicator Certification	OECA	03.02.01.0	Monitor compliance with the pesticide applicator certification requirements. Focus on sale/distribution of restricted use pesticides (RUPs) to applicators. One example is the fumigation sector(s) of concern.	Required	Make available information regarding range of new risk mitigation labeling requirements. Conduct routine inspections of dealers or restricted use materials to ensure proper certification and compliance.	6/30/2017			None
Container Containment	OPP	04.01.01.0	Provide technical assistance for the regulated community, as appropriate.	Required	Conduct education and outreach as needed and/or as requested.	6/30/2017			None
Container Containment	OPP	04.01.02.0	Alert EPA to changes in state regulations and tribal codes.	Required	VDACS has regulations for Pesticide Containers and Containment Under Authority of the Virginia Pesticide Control Act and will notify EPA regarding any changes relating to the Container Containment regulations.	6/30/2017			None
Container Containment	OECA	04.02.01.0	Monitor compliance with C/C requirements. Focus on product and user compliance with special emphasis on agricultural retailers/distributors that repackaging pesticides into refillable containers, as well as RUP and Tox 1 category products.	Required	Conduct producer establishment inspections (PEIs), marketplace and dealer inspections to determine if the pesticide product released for shipment has the proper labeling and marketplace, dealer and pesticide producer inspections to verify compliance with the design requirements as appropriate.	6/30/2017			None
Soil Fumigation & Soil Fumigants	OPP	05.01.01.0	For High Use States only (CA, WA, ID, OR, WI, MI, FL, MN, NC, VA, AZ, NV, GA, CO, ND) As appropriate, provide technical assistance, education, and outreach, to the regulated community.	Required	Make available information related to the new risk mitigation labeling requirements. Provided education and outreach as needed and or/ requested.	6/30/2017			None
Soil Fumigation & Soil Fumigants	OECA	05.02.01.0	Monitor compliance with soil fumigation labels. Focus on product and user compliance with special emphasis on new label requirements.	Required	VDACS will continue to conduct agricultural use inspections relating to soil fumigations to ensure compliance and will investigate any reports alleging pesticide misuse or violations.	6/30/2017			None

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/Innovations
Pesticides in Water	OPP	06.01.01.0	For pesticides scheduled for registration review, submit existing water quality monitoring data not already provided to EPA, housed in the USGS National Water Information System (NWIS), entered into EPA's STORET Data Warehouse, or otherwise readily/publicly accessible to the EPA via the web. See OPP Guidance for Submission of State and Tribal Water Quality Monitoring Data, Appendix 5.	Required	VDACS will submit any available water quality monitoring data not already provided to EPA, housed in the USGS National Water Information System (NWIS), entered into EPA's STORET Data Warehouse, or otherwise readily/publicly accessible to the EPA via the web.	6/30/2017			None
Pesticides in Water	OPP	06.01.02.0	<u>Evaluate</u> : Identify pesticides of concern (POC) by evaluating a list of pesticides of interest (pesticides which have the potential to threaten local resources) to determine if those pesticides are found at concentration levels locally that are approaching or exceeding reference points and therefore are a threat to local water quality. The base list of pesticides of interest can be found in Appendix 6.	Required	Available data will be used to evaluate Pesticides of Interest to determine their potential to occur in ground or surface water at concentrations approaching or exceeding a human health or ecological reference point.	6/30/2017			None
Pesticides in Water	OPP	06.01.03.0	<u>Manage</u> : Actively manage pesticides of concern beyond the label to reduce or prevent further contamination of local water resources.	Required	Pesticides determined to be of concern will be managed to reduce or prevent further contamination of local water resources.	6/30/2017			None
Pesticides in Water	OPP	06.01.04.0	<u>Demonstrate Progress</u> : Show the management strategy has been effective in reducing or maintaining concentrations below reference points .	Required	Management of any pesticide of concern will be as such to show efficacy in reducing or maintaining concentrations below reference points.	6/30/2017			None
Pesticides in Water	OPP	06.01.05.0	<u>Re-evaluate pesticides</u> if there is new information that could affect risk (e.g., new hazard data, significant increase in use, a new OPP risk assessment or registration decision involving a water quality concern).	Required	VDACS will re-evaluate pesticides if there is new information that could affect risk (e.g., new hazard data, significant increase in use, a new OPP risk assessment or registration decision involving a water quality concern).	6/30/2017			None
Pesticides in Water	OPP	06.01.06.0	<u>Report progress of activities in 06.01.02 – 06.01.05 in POINTS.</u>	Required	Use POINTS to update annually or as necessary pesticides of interest into the tracking system by December 31.	6/30/2017			None
Pesticides in Water	OPP	06.01.07.0	Where appropriate, consult with and/or coordinate prevention and protection of water resources with other agencies responsible for water resource protection.	Required	Staff continues to participate on the Department of Environmental Quality's Technical Advisory Committee (TAC). Provides technical support and outreach and education upon request.	6/30/2017			None
Pesticides in Water	OECA	06.02.01.0	Monitor compliance with pesticide water quality risk mitigation measures, and respond to pesticide water contamination events especially where water quality standards or other reference points are threatened.	Required	Monitor compliance with and reporting adverse findings for non-compliance with the water quality protection labeling requirements as part of routine inspections and investigating all reports involving water quality including appropriate sampling and enforcement action when necessary.	6/30/2017			None
Endangered Species Protection	OPP	07.01.01.0	Provide outreach and education on the Endangered Species Protection Program to current and potential pesticide users and pesticide inspectors.	Not Selected	N/A	6/30/2017			None
Endangered Species Protection	OPP	07.01.02.0	<u>Provide risk assessment and risk mitigation support using EPA's stakeholder</u>	Not Selected	N/A	6/30/2017			None
Endangered Species Protection	OPP	07.01.02.1	Provide information such as crop data, pesticide use data, and species location data to OPP for use in listed species-specific risk assessments for upcoming registration review cases.	Not Selected	N/A	6/30/2017			None
Endangered Species Protection	OPP	07.01.02.2	Comment on exposure assumptions used in risk assessments.	Not Selected	N/A	6/30/2017			None
Endangered Species Protection	OPP	07.01.02.3	Comment on the feasibility of proposed, listed species-specific mitigation measures during OPP's standard processes of registration and registration review.	Not Selected	N/A	6/30/2017			None

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/Innovations
Endangered Species Protection	OPP	07.01.02.4	Review draft bulletins, should any be developed in a state's area.	Not Selected	N/A	6/30/2017			None
Endangered Species Protection	OPP	07.01.03.0	Establish and maintain relationships with local and regional fish and wildlife agencies.	Not Selected	N/A	6/30/2017			None
Endangered Species Protection	OPP	07.01.04.0	Work with certification and training staff and cooperative extension services to provide endangered species information for pesticide applicator training.	Not Selected	N/A	6/30/2017			None
Endangered Species Protection	OECA	07.02.01.0	Monitor compliance with Endangered Species Bulletins, and track and report compliance information on endangered species inspections as described in Appendix 1, Number 7, Endangered Species Protection, Section D (Reporting Requirements) and E (Performance Measures), on page 41 of the Guidance.	Not Selected	N/A	6/30/2017			None
Bed Bugs	OPP	08.01.01.0	Provide education, outreach and technical assistance on pesticide and integrated pest management control approaches, and guidance for responses to bed bug infestations.	Not Selected	N/A	6/30/2017			None
Bed Bugs	OECA	08.02.01.0	Monitor product and user compliance. Focus on illegal claims and illegal use of products not registered for control of bed bugs with special emphasis on RUP and Tox 1 category products.	Not Selected	N/A	6/30/2017			None
Pollinator Protection	OPP	09.01.01.0	Establish relationships with federal, state, tribal and local agencies, beekeeper organizations, grower organizations (e.g., commodity groups), crop advisors, pesticide manufacturers (registrants), and other stakeholder groups within the region to assist where needed in combined pollinator protection activities.	Not Selected	N/A	6/30/2017			None
Pollinator Protection	OPP	09.01.02.0	Provide continuing educational opportunities and outreach to keep growers, applicators, and handlers up-to-date on the most recent methods to protect pollinators, such as IPM, BMPs, or softer applications.	Selected	Conduct outreach and education to user groups that increase awareness and compliance with the pollinator protection label language requirements; gather pollinator protection incident data for FY15-17 and report data as part of annual end-of-year reports; and provide a link from OPS web page to EPA's pollinator protection web page.	6/30/2017			None
Pollinator Protection	OECA	09.02.01.0	Monitor user compliance with pollinator protection label language. The EPA	Selected	Monitor compliance with pollinator protection label language during inspections. VDACS Joint "Investigation Guidance For Alleged Pesticide Related Bee Incidents" document which outlines the coordinated efforts between Office of Pesticide Services (OPS) and/or the Office of Plant Industry Services (OPIS-Apiary Program) will be followed when any report of an alleged pesticide exposure to bees is received [See attached guidance document].	6/30/2017			None
Pollinator Protection	OECA	09.02.02.0	Conduct inspections and take enforcement actions directed at detecting and stopping distribution of unregistered or misbranded pesticides that could adversely affect pollinators and/or the quality of hive products.	Selected	Conduct marketplace inspections to ensure pesticides in channels of trade which could adversely affect pollinators are properly registered and labeled; and take enforcement action as appropriate for all violations.	6/30/2017			None
School Integrated Pest Management	OPP	10.01.01.0	Provide education, outreach and/or training on School IPM approaches to public schools or educational organizations working with public schools.	Not Selected	N/A	6/30/2017			None
School Integrated Pest Management	OPP	10.01.02.0	Forge partnerships with other agencies and/or organizations to promote adoption of IPM in public schools.	Not Selected	N/A	6/30/2017			None

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/Innovations
Spray Drift	OPP	11.01.01.0	Conduct education and outreach activities that increase awareness and adoption of spray drift reduction techniques and technologies.	Selected	Conduct outreach and education to user groups to increase awareness and compliance with spray drift label language and the availability of drift reduction technologies and provide link from OPS web page to information about EPAs voluntary Drift Reduction Technology Program web page.	6/30/2017			None
Spray Drift	OPP	11.01.02.0	Gather spray drift incident data from the past 2-3 years to form an incident baseline and then gather additional incident data during the grant period.	Selected	VDACS will gather spray drift incident data for FY15-17 and report data as part of annual end-of-year reports.	6/30/2017			None
Spray Drift	OPP	11.01.03.0	Report gathered data annually in a separate file attached to the end-of-year report.	Not Selected	N/A	6/30/2017			
Spray Drift	OECA	11.02.01.0	Monitor compliance with spray drift label language and report investigation findings as part of year-end reporting.	Selected	Monitor compliance with spray drift label language requirements and take enforcement action as appropriate for all violations.	6/30/2017			None
State and Tribal Coordination and Communication	OPP	12.01.01.0	When conducting training of state staff, offer tribal pesticide staff an opportunity to participate if space is available or can be made available.	Not Selected	N/A	6/30/2017			None
State and Tribal Coordination and Communication	OPP	12.01.02.0	Offer tribes an opportunity to ride along with state pesticide inspectors as training for tribal pesticide inspectors.	Not Selected	N/A	6/30/2017			None
State and Tribal Coordination and Communication	OPP	12.01.03.0	Share information on tips, complaints, violators, and/or incidents that may be relevant in Indian country.	Not Selected	N/A	6/30/2017			None
State and Tribal Coordination and Communication	OPP	12.01.04.0	Let tribes know when the state issues a FIFRA Section 24(c) or applies for a Section 18.	Not Selected	N/A	6/30/2017			None
State and Tribal Coordination and Communication	OPP	12.01.05.0	Provide lab support to tribes.	Not Selected	N/A	6/30/2017			None
State and Tribal Coordination and Communication	OPP	12.01.06.0	Other negotiated activities as appropriate.	Not Selected	N/A	6/30/2017			None
State and Tribal Coordination and Communication	OECA	12.02.01.0	Improve tribal capacity to enforce pesticide programs.	Not Selected	N/A	6/30/2017			None
Supplemental Distributors	OECA	13.02.01.0	Monitor compliance of distributor products. Focus on product integrity, including product composition, product labeling, and registration requirements under FIFRA. Place special emphasis on (1) registrants, producers and supplemental distributors that handle large numbers of distributor products, (2) registrants, producers and supplemental distributors with a history of noncompliance with distributor products, (3) distributor products that are high risk (Tox 1 category and RUP products) and (4) distributor products making public health claims on the labeling.	Not Selected	N/A	6/30/2017			None
Contract Manufacturers	OECA	14.02.01.0	Monitor compliance with contract manufacturing requirements. Focus on one or more of the following: manufacturers of disinfectants, RUPs, or Tox 1 category products, and manufacturers with a prior history of FIFRA noncompliance.	Not Selected	N/A	6/30/2017			None
Imports	OECA	15.02.01.0	Assist regions when necessary to monitor movement of imported pesticides within state or tribal lands.	Not Selected	N/A	6/30/2017			None
National Data System	OECA	16.02.01.0	Work with OECA to determine what data to collect and how to utilize the data to enhance the effectiveness of the National Pesticide Program and illustrate the performance of the national pesticide compliance program.	Not Selected	N/A	6/30/2017			None
Supplemental/ Special Project	OPP	17.01.01.0	Supplemental Activity (OPP)	Not Selected	N/A	6/30/2017			None
Supplemental/ Special Project	OECA	17.02.01.0	Supplemental Activity (OECA)	Not Selected	N/A	6/30/2017			None

Program Area	NPM	Activity #	'15 - '17 Grant Guidance Activity	Activity Type	Work Plan Activity Description (Outputs)	Due Date	Status	Describe Work Plan Activity Accomplishment (include any issues or innovations, if appropriate)	Significant Issues/Innovations
Regional Guidance Activity	OPP	18.01.01.0	Regional Activity (OPP)	Not Selected	N/A	6/30/2017			None
Regional Guidance Activity	OECA	18.02.01.0	Regional Guidance Activity (OECA)	Not Selected	N/A	6/30/2017			None

<i>EPA Review of Status</i>	<i>EPA Comment(s)</i>	<i>EPA Recommendation (s)</i>
-------------------------------------	-----------------------	-------------------------------

--	--	--

RPA#	Required Program Areas	Required Type	EPA Program Outcome	Grantee Outcome	EPA Goal
1	Basic Pesticide Program	Required	Maintain a basic level of pesticide program implementation, compliance assistance, and enforcement to ensure a viable pesticide regulatory and enforcement program, achieve environmental results, and maximize success with the Agency's performance measures.	VDACS will continue to maintain its enforcement, certification and pesticide programs through inspections, compliance assistance and outreach programs to ensure a viable pesticide regulatory and enforcement program to protect human health and the environment and meet EPA's performance measures.	EPA Strategic Plan Goal 4: Ensuring the Safety of Chemicals and Preventing Pollution, Objective 1: Ensure Chemical Safety. EPA Strategic Plan Goal 5: Enforcing Environmental Laws.
2	Worker Safety: Worker Protection Standard	Required	Prevent or reduce occupational pesticide exposures, incidents and illnesses from pesticides, especially ones that pose high risks or high exposures to workers.	VDACS will work to prevent or reduce exposure, incidents or illness to workers from pesticides with an emphasis on establishments and/or situations and/or pesticides that pose high risks of exposure to workers and handlers.	EPA Strategic Plan Goal 4: Ensuring the Safety of Chemicals and Preventing Pollution, Objective 1: Ensure Chemical Safety. EPA Strategic Plan Goal 5: Enforcing Environmental Laws.
3	Worker Safety: Pesticide Applicator Certification	Required	Prevent or reduce pesticide exposures and incidents to humans and the environment by increasing the competence and expertise of applicators/handlers of restricted use pesticides.	VDACS through its certification program will work to prevent or reduce pesticide exposures and/or incidents to humans and/or the environment by ensuring the competence and expertise of individuals using pesticides.	EPA Strategic Plan Goal 4: Ensuring the Safety of Chemicals and Preventing Pollution, Objective 1: Ensure Chemical Safety. EPA Strategic Plan Goal 5: Enforcing Environmental Laws.
4	Container Containment	Required	Prevent or reduce pesticide exposures to humans and the environment due to damaged pesticide containers and pesticide spills or releases.	VDACS will work to prevent or reduce pesticide exposures to humans and the environment due to damaged containers, spills or releases through inspections and outreach.	EPA Strategic Plan Goal 4: Ensuring the Safety of Chemicals and Preventing Pollution, Objective 1: Ensure Chemical Safety. EPA Strategic Plan Goal 5: Enforcing Environmental Laws.
5	Soil Fumigation & Soil Fumigants	Required	Prevent or reduce incidents resulting from soil fumigation exposures.	VDACS will work to prevent or reduce incidents resulting from soil fumigation exposures through inspections, compliance assistance and outreach.	EPA Strategic Plan Goal 4: Ensuring the Safety of Chemicals and Preventing Pollution, Objective 1: Ensure Chemical Safety. EPA Strategic Plan Goal 5: Enforcing Environmental Laws.
6	Pesticides in Water	Required	Ensure that pesticides do not adversely affect the nation's water resources.	VDACS will work to ensure pesticides do not adversely affect water resources through compliance and outreach activities related to water quality protection labeling.	EPA Strategic Plan Goal 4: Ensuring the Safety of Chemicals and Preventing Pollution, Objective 1: Ensure Chemical Safety. EPA Strategic Plan Goal 5: Enforcing Environmental Laws.
7	Endangered Species Protection	Pick List	Limit potential effects from pesticide use to listed species, while at the same time not placing undue burden on agriculture or other pesticide users.	N/A	EPA Strategic Plan Goal 4: Ensuring the Safety of Chemicals and Preventing Pollution, Objective 1: Ensure Chemical Safety. EPA Strategic Plan Goal 5: Enforcing Environmental Laws.
8	Bed Bugs	Pick List	Minimize the potential for pesticide misuse/overuse and spread of bed bug infestations by increasing understanding of bed bug prevention and control approaches, and ensuring compliance with accepted control approaches.	N/A	EPA Strategic Plan Goal 4: Ensuring the Safety of Chemicals and Preventing Pollution, Objective 1: Ensure Chemical Safety. EPA Strategic Plan Goal 5: Enforcing Environmental Laws.

9 Pollinator Protection	Pick List	Ensure pollinators are protected from adverse effects of pesticide exposure.	VDACS will work to ensure pollinators are protected from adverse effects of pesticide exposure by conducting outreach and education to user groups that increase awareness and compliance with the pollinator protection label language requirements.	EPA Strategic Plan Goal 4: Ensuring the Safety of Chemicals and Preventing Pollution, Objective 1: Ensure Chemical Safety. EPA Strategic Plan Goal 5: Enforcing Environmental Laws.
10 School Integrated Pest Management	Pick List	Decrease exposure of children in public schools (grades K-12) to pests and pesticides through increased adoption of verifiable and ongoing school Integrated Pest Management (IPM) programs.	N/A	EPA Strategic Plan Goal 4: Ensuring the Safety of Chemicals and Preventing Pollution, Objective 1: Ensure Chemical Safety.
11 Spray Drift	Pick List	Reduce spray drift incidents by increasing awareness and adoption of spray drift reduction techniques and technologies.	VDACS will conduct outreach and education to user groups to increase awareness and compliance with spray drift label language and the availability of drift reduction technologies. VDACS will also monitor compliance with spray drift label language requirements.	EPA Strategic Plan Goal 4: Ensuring the Safety of Chemicals and Preventing Pollution, Objective 1: Ensure Chemical Safety. EPA Strategic Plan Goal 5: Enforcing Environmental Laws.
12 State and Tribal Coordination and Communication	Pick List	Where appropriate, support tribal pesticide program capacity building and efficient use of state resources by improving coordination, communication and cooperation between tribes and states to advance pesticide program implementation and increase program efficiencies.	N/A	EPA Strategic Plan Goal 4: Ensuring the Safety of Chemicals and Preventing Pollution, Objective 1: Ensure Chemical Safety. EPA Strategic Plan Goal 5: Enforcing Environmental Laws.
13 Supplemental Distributors	Pick List	Ensure that distributor products are properly registered, formulated and labeled.	N/A	EPA Strategic Plan Goal 4: Ensuring the Safety of Chemicals and Preventing Pollution, Objective 1: Ensure Chemical Safety. EPA Strategic Plan Goal 5: Enforcing Environmental Laws.
14 Contract Manufacturers	Pick List	Reduce instances of illegal manufacture or mislabeling of products manufactured under contract.	N/A	EPA Strategic Plan Goal 4: Ensuring the Safety of Chemicals and Preventing Pollution, Objective 1: Ensure Chemical Safety. EPA Strategic Plan Goal 5: Enforcing Environmental Laws.
15 Imports	Pick List	Eliminate the distribution of unregistered, misbranded, or adulterated imported pesticides.	N/A	EPA Strategic Plan Goal 4: Ensuring the Safety of Chemicals and Preventing Pollution, Objective 1: Ensure Chemical Safety. EPA Strategic Plan Goal 5: Enforcing Environmental Laws.
16 National Data System	Pick List	Collect detailed enforcement data on a national level from grantees to better target pesticide violations and to explain the performance of the national program.	N/A	EPA Strategic Plan Goal 4: Ensuring the Safety of Chemicals and Preventing Pollution, Objective 1: Ensure Chemical Safety. EPA Strategic Plan Goal 5: Enforcing Environmental Laws.

United States Environmental Protection Agency

Endangered Species Inspections Report*

State/Tribe: Virginia Department of Agriculture and Consumer Services

Fiscal Year: SFY 14-15

Reporting Period: 7/1/2014 6/30/2015

	Number	Comment**
Total number of use and for cause inspections that involved the use of a pesticide product that refers the applicator to obtain and follow the instructions of an Endangered Species Bulletin		
Number of use and for cause inspections where the pesticide applicator was alleged to be in violation of Endangered Species labeling requirements, including any applicable Bulletin		

* This information is required for all grantees whether or not Endangered Species is selected from the pick-list.

** To help OPP assess the effectiveness of endangered species risk mitigation requirements and Endangered Species bulletins, please include in this comment field some information on the pesticide products and bulletin provisions that were violated.
