

## **Screen Shots for MSSICS LINS Screen**

When continued payments are payable for temporary institutionalization, SSA must receive the physician's certification and home expenses statement by the recipient's discharge date or 90 days from admission date (whichever is earlier). The SSA claims representative confirms that the recipient and physician provided this required information by inputting the receipt dates in fields 24-C and 25-C (the Facsimile 2 of the LINS screen below highlighted in yellow).

SSA does not use Fields 24-C and 25-C as a collection instrument. Rather, SSA uses Fields 24-C and 25-C to tell the SSI computer system that the claims representative obtained the necessary documentation to determine that the SSI recipient is eligible for temporary institutionalization benefits. If we do not complete these fields, the computer system will not pay the temporary institutionalization benefits to the recipient. These fields serve as a safeguard to prevent the issuance of incorrect payments to a recipient who does not meet the requirements to receive temporary institutionalization benefits.
