Withdrawal of the Notice of Proposed Exemption Involving Owens & Minor, Inc. (the Applicant), Located in Mechanicsville, VA

In the December 16, 2010 issue of the *Federal Register*, at 75 FR 78772, the Department of Labor published a notice of proposed exemption from the prohibited transaction restrictions of the Employee Retirement Income Security Act of 1974, as amended, and from certain taxes imposed by the Internal Revenue Code of 1986. The notice of proposed exemption, if granted, would have permitted the sale of certain shares in a hedge fund by the Owens & Minor, Inc. Pension Plan to the applicant.

By e-mail dated February 8, 2011, the applicant requested that the application for exemption be withdrawn.

Accordingly, the notice of proposed exemption is hereby withdrawn.

Signed at Washington, DC, this 9th day of March 2011.

Quad Tech, Inc., Sussex, WI; Notice of Affirmative Determination Regarding Application for Reconsideration

By application dated February 7, 2011, a worker requested administrative

reconsideration of the negative determination regarding workers' eligibility to apply for Trade Adjustment Assistance (TAA) applicable to workers and former workers of Quad Tech, Inc., Sussex, Wisconsin (TA-W-73,441A) (subject firm). The determination was issued on January 4, 2011. The Department's Notice of Determination was published in the *Federal Register* on January 26, 2011 (76 FR 4729). The workers are engaged in activities related to the production of magazines and catalogs. Specifically, the workers of the subject firm provide steel stackers and equipment for printers to affiliated locations.

The negative determination was based on the Department's findings that, with regards to workers covered by TA-W-73,441A, Quad Graphics did not shift to or acquire from a foreign country the production of articles like or directly competitive with those produced by the subject workers; that there were no increased imports of articles like or directly competitive with those produced by the subject firm during the relevant period; and that the workers are not adversely-affected secondary workers.

In the request for reconsideration, the petitioner alleged that "work here decreased from work being sent elsewhere (India)" and "shift from our firm to India with silo work."

The Department has carefully reviewed the request for reconsideration and the existing record, and has determined that the Department will conduct further investigation to determine if the petitioning workers meet the eligibility requirements of the Trade Act of 1974, as amended.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 17th day of February 2011.

Del Min Amy Chen,

Certifying Officer, Office of Trade Adjustment Assistance.

Proposed Collection of Information for an Evaluation of the Young Parents Demonstration Project (YPDP); Comment Request

AGENCY: Employment and Training Administration (ETA), Labor.

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA) [44 U.S.C. 3505(c)(2)(A)]. The program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of the collection requirements on respondents can be properly assessed.

The proposed information collection is for an evaluation of the YPDP. The YPDP is sponsored by ETA to test innovative strategies that can improve the skills and education of young parents and, ultimately their employment and earnings.

DATES: Written comments must be submitted to the office listed in the addressee's section below on or before May 16, 2011.

ADDRESSES: A copy of this proposed information collection request may be obtained by contacting Savi Swick at 202-693-3382 (this is not a toll-free number) or e-mail: swick.savi@dol.gov. Comments are to be submitted to Department of Labor/Employment and Training Administration, *Attn:* Savi Swick, 200 Constitution Avenue, NW., (Room N-5641) Washington, DC 20210). Written comments may be transmitted by facsimile to 202-693-2766 (this is not a toll-free number) or e-mailed to swick.savi@dol.gov.

SUPPLEMENTARY INFORMATION:

I. Background

The proposed information collection is for an evaluation of the YPDP. The YPDP is sponsored by ETA to test innovative strategies that can improve the skills and education of young parents and, ultimately their employment and earnings.

The YPDP grantees are required to develop a “bump-up” intervention providing an additional level of services above and beyond the existing services currently provided that are specifically intended to increase an individual’s education, job training and employment. A key factor in the bump-up design is having a single, persistent intervention for the treatment group that is substantially different from what the control group receives. Each of the grantees is implementing one of the following two bump-up interventions:

- *Mentoring Models*—Intensive professional staff mentoring specifically for education, employment, and training; and specifically for pregnant and parenting teens and young parents; or
- *Employment/Education/Training Models*—Guided employment, education, training and related supports specifically for pregnant and parenting teens and young parents.¹

Individuals enrolling in YPDP have a 50/50 chance of receiving this additional level of services. Those individuals not receiving the bump up services receive the existing services offered by the grantee. To evaluate the YPDP bump-up interventions, education, employment, and other outcomes of the two groups will be

compared over time. The evaluation will estimate the success in providing educational and occupational skills training that fosters family economic self-sufficiency to young parents (both mothers and fathers) and expectant parents ages 16–24.

II. Desired Focus of Comments

The Department is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

III. Current Actions

This proposed information collection will involve (1) collecting participant data from organizations that received grants under the YPDP; (2) conducting semi-structured interviews with key administrators and staff in the demonstration projects to document the structure and implementation of the demonstration intervention; and (3) conducting a follow-up survey of YPDP participants.
