

components and one foreign-origin software component, occurs entirely in Virginia, United States in a period of up to 16 days. As a result of the processing in the United States, based on the totality of the circumstances and assuming that four of the components actually originate in the United States as claimed, we find that the imported hardware and software components will be substantially transformed. Therefore, the country of origin of the Vista Storage Solution will be the United States for purposes of U.S. Government procurement.

HOLDING:

Based on the facts provided, the hardware and software components will be substantially transformed through an assembly process that occurs entirely in the United States. As such, the Vista Storage Solution will be considered a product of the United States for purposes of U.S. Government procurement.

Notice of this final determination will be given in the **Federal Register**, as required by 19 CFR 177.29. Any party-at-interest other than the party which requested this final determination may request, pursuant to 19 CFR 177.31, that CBP reexamine the matter anew and issue a new final determination. Pursuant to 19 CFR 177.30, any party-at-interest may, within 30 days of publication of the **Federal Register** Notice referenced above, seek judicial review of this final determination before the Court of International Trade.
